Readers will learn about the core teachings and beliefs of the world's most widely practiced religions through the

lens of two different perspectives, one from the United States and the other from another country where the religion is predominant, and dive deep into the important figures, sacred texts, holidays, and commandments. This narrative nonfiction series uses considerate text that is written at a higher maturity level with a lower reading level to engage and accommodate struggling readers. Includes sidebars that are aligned with the Common Core Standards, a comprehensive timeline, and activity. A table of contents, glossary with simplified definitions and pronunciations, and index are also included.
