New Orleans. A city full of pleasing desires and unrivaled culinary delights has now become a city plagued by Evil. Some of the city's most appalling inhabitants have begun committing heinous crimes at an accelerated rate, bringing chaos to the Crescent City. Blackmail, robbery, betrayal's among drug dealers and now murders are being driven by the same motive. The one motivating force driving these crimes: the cities mysterious Voodoo Loa known as Papa Legba. A controlling spirit whose communication abilities ties together the living and the dead in this world. Directing prosperous crimes then allowing mercy but only through threats of violence or death if not carried out. New Orleans most famous detective Cal Panterra was apathetic to this, until the city's wickedness becomes personal when one of Cal's closest friends gets too close and becomes a victim of the Legba's wrath. Triggering Cal to dive headfirst into a

case so evil no ordinary detective's mind can handle it. Now the question is, can Panterra? Is the spirit Papa Legba truly the one behind this chaos, or is there something much more sinister wearing its face, hiding in the shadows? *Heaven's Filters* Penguin
