Por medio de respuestas breves y claras a preguntas frecuentes, el Dr. Jeremiah descifra y aclara la profecía para las personas comunes y corrientes. Él explica en términos simples lo que de otra manera podría ser misterioso e incluso aterrador, permitiéndoles a los lectores obtener una perspectiva equilibrada y esperanzadora del significado de los acontecimientos proféticos para sus vidas personales como creyentes en Cristo. También ayuda a los lectores a entender cómo la profecía se relaciona directamente con los acontecimientos mundiales en la actualidad. In succinct and clear answers to most frequently asked questions, Dr. Jeremiah decodes and clarifies prophecy for the average person. He explains in simple lay terms what could otherwise be mysterious and even frightening, allowing readers to gain a balanced and assuring perspective of the significance of prophetic events to their personal lives as believers in Christ. He also helps readers understand how prophecy is directly related to world events today.

Now I Know 5 Student Book Cambridge University Press

There are two versions of Student Book: with and without Online Practice. This version is without Online Practice. Features 12 units, with teaching material designed for at least 8 hours of English a week. Unit title phrased as a big question sparks students' curiosity and builds engagement with the topic. Students come up with answers throughout the unit and reflect on what they have learnt on the Now I Know page at the end. Unit objectives phrased as simplified GSE descriptors appear at the beginning and at the end of the unit helping students see what they have learnt. International English box highlights differences between British and American English. BBC video clips (topic and story clips) enhance engagement and understanding of the topic. One text per unit is factual, allowing students to gain non-ELT knowledge, and another text is a story focusing on a value. Clear grammar practice helps students build confidence with the language. Strategy boxes help teach all skills.

A fly-on-the-wall account of the smart and strange subcultures that make, trade, curate, collect, and hype contemporary art. The art market has been booming. Museum attendance is surging. More people than ever call themselves artists. Contemporary art has become a mass entertainment, a luxury good, a job description, and, for some, a kind of alternative religion. In a series of beautifully paced narratives, Sarah Thornton investigates the drama of a Christie's auction, the workings in Takashi Murakami's studios, the elite at the Basel Art Fair, the eccentricities of Artforum magazine, the competition behind an important art prize, life in a notorious art-school seminar, and the wonderland of the Venice Biennale. She reveals the new dynamics of creativity, taste, status, money, and the search for meaning in life. A judicious and juicy account of the institutions that have the power to shape art history, based on hundreds of interviews with high-profile players, Thornton's entertaining ethnography will change the way you look at contemporary culture.
