## HERNANDEZ KYLAN

---

*The Basics of Western Philosophy* Oxford University Press

This volume provides an unequalled introduction to the thought of chief contributors to the Western tradition of political philosophy from classical Greek antiquity to the twentieth century. Written by specialists on the various philosophers, this third edition has been expanded significantly to include both new and revised essays.

**The Rise of Modern Philosophy** Cambridge University Press

THIS IS PHILOSOPHY "The second edition of This is Philosophy improves upon an excellent first edition. This clear, succinct book is quite possibly the best introduction to Western philosophy on the market." —Gregory Morgan, Stevens Institute of Technology "This is a terrific book. The writing is not only extremely clear, it is downright gripping—with relevant and detailed examples at every turn. Steven Hales has produced not just a great little introduction to philosophy—he has produced a great little book in philosophy, period." —Michael Lynch, University of Connecticut "Hales clearly explains important philosophical ideas with a minimum of jargon and without sacrificing depth of content and he consistently gives a fair and accurate presentation of both sides of central philosophical disputes." —Matthew Van Cleave, Teaching Philosophy As the oldest discipline in the academy, philosophy began by asking questions of the world and of human nature. Philosophers are responsible for the Enlightenment and laid the foundations for constitutional governments. Yet, while it may have given birth to the natural sciences, philosophy has earned a contemporary reputation as an esoteric and impractical field out of touch with everyday life—but it doesn't have to be that way. This is Philosophy: An Introduction expertly guides students through the fundamentals of philosophy by illuminating difficult, abstract ideas with straightforward language. Assuming no prior background in the subject, this volume brings philosophical concepts into sharp focus through relatable examples and clear explanations of philosophy's big questions and arguments. The second edition of this accessible textbook is organized around seven central philosophical problems, including ethics, the existence of God, free will, personal identity, philosophy of mind, and epistemology. New to this edition is a chapter on political philosophy that explores the state of nature, anarchy, contractarianism, libertarianism, and the liberal state. These self-contained chapters have been reordered and recalibrated to best suit the needs of introductory philosophy courses, and can be taught independently or in sequence. Enhanced by updated examples, new hyperlinks and references, and detailed bibliographies, the book is complemented by extensively-revised online resources available to instructors, including a 200-question test bank and over 450 PowerPoint slides designed to strengthen student comprehension of key concepts. Strengthening the popular first edition which launched the series, This is Philosophy: An Introduction, Second Edition is the perfect primary textbook for beginning philosophy students as well as general readers with an interest in philosophy.

*Epistemology* John Wiley & Sons

In this lucid and masterful work, the eminent scholar Anthony Kenny offers an indispensable resource - the most concise and compelling story of the complete development of philosophy available.

*Renaissance Philosophy* John Wiley & Sons

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

*Analytic Philosophy: The History of an Illusion* W. W. Norton & Company

This book offers the remarkable opportunity to examine the great traditions that have shaped western civilization from the point of view of one of the greatest of modern philosophers.

*The Genesis of Plato's Thought* John Wiley & Sons

Now in a special gift edition, and featuring a brand new foreword by Anthony Gottlieb, this is a dazzlingly unique exploration of the works of significant philosophers throughout the ages and a definitive must-have title that deserves a revered place on every bookshelf.

*A History of Western Philosophy, and Its Connection with Political and Social Circumstances from the Earliest Times to the Present Day* Greenwood Publishing Group

A history of Western Philosophy.

**History of Western Philosophy** Princeton University Press

The Renaissance has long been recognized as a brilliant moment in the development of Western civilization. This book demonstrates the uses of ancient and medieval philosophy by Renaissance thinkers, and throws light on the early modern origins of modern philosophy. The authors introduce the reader to the philosophy written, read, taught, and debated during the period traditionally credited with the 'revival of learning'.

*Philosophy of Religion* Routledge

Here readers will find not only an authoritative guide to the history of philosophy, but also a compelling introduction to every major area of philosophical inquiry.

**Growing Wisdom** Routledge

*Western Philosophy* John Wiley & Sons

*Modern Philosophy* Random House Reference

This is an updated edition of John Cottingham's acclaimed translation of Descartes's philosophical masterpiece, including an abridgement of Descartes's *Objections and Replies*.

*Western Philosophy* A&C Black

This illustrated edition of Sir Anthony Kenny's acclaimed survey of Western philosophy offers the most concise and compelling story of the complete development of philosophy available. Spanning 2,500 years of thought, *An Illustrated Brief History of Western Philosophy* provides essential coverage of the most influential philosophers of the Western world, among them Socrates, Plato, Aristotle, Jesus, Augustine, Aquinas, Machiavelli, Descartes, Hobbes, Spinoza, Berkeley, Hume, Rousseau, Kant, Hegel, Marx, Mill, Nietzsche, Darwin, Freud, Frege, Russell, and Wittgenstein. Replete

with over 60 illustrations - ranging from Dufresnoy's The Death of Socrates, through to the title page of Thomas More's Utopia, portraits of Hobbes and Rousseau, photographs of Charles Darwin and Bertrand Russell, Freud's own sketch of the Ego and the Id, and Wittgenstein's Austrian military identity card - this lucid and masterful work is ideal for anyone with an interest in Western thought.

*The Examined Life* Western Philosophy

A Short History of Modern Philosophy is a lucid, challenging and up-to-date survey of the philosophers and philosophies from the founding father of modern philosophy, René Descartes, to the most important and famous philosopher of the twentieth century, Ludwig Wittgenstein. Roger Scruton has been widely praised for his success in making the history of modern philosophy cogent and intelligible to anyone wishing to understand this fascinating subject. In this new edition, he has responded to the explosion of interest in the history of philosophy by substantially rewriting the book, taking account of recent debates and scholarship.

*Language, Truth and Logic* University of Chicago Press

This new edition of Genevieve Lloyd's classic study of the maleness of reason in philosophy contains a new introduction and bibliographical essay assessing the book's place in the explosion of writing and gender since 1984.

**History of Political Philosophy** Hackett Publishing

'Buddhism as Philosophy' does more than just report what Buddhist philosophers said: it presents their arguments and invites the reader to assess their overall cogency.

**The Dream of Reason: A History of Philosophy from the Greeks to the Renaissance** Wiley-Blackwell

The Blackwell Dictionary of Western Philosophy The Blackwell Dictionary of Western Philosophy  
The style is fresh and engaging, and it gives a broad and accurate picture of the western philosophical tradition. It is a pleasure to browse in, even if one is not looking for an answer to a particular question. Its entries manage to avoid the obscurities of an exaggerated brevity without stretching themselves out, as if seeking to embody whole miniature essays. In short it presents itself as a model of clarity and clarification.

*The Concise Encyclopaedia of Western Philosophy and Philosophers* Routledge

Gender scholarship during the last four decades has shown that the exclusion of women's voices and perspectives has diminished academic disciplines in important ways. Traditional scholarship in philosophy is no different. The 'recovery project' in philosophy is engaged in re-discovering the names, lives, texts, and perspectives of women philosophers from the 6th Century BCE to the present. Karen Warren brings together 16 colleagues for a unique, groundbreaking study of Western philosophy which combines pairs of leading men and women philosophers over the past 2600 years, acknowledging and evaluating their contributions to foundational themes in philosophy, including

epistemology, metaphysics, and ethics. Introductory essays, primary source readings, and commentaries comprise each chapter to offer a rich and accessible introduction to and evaluation of these vital philosophical contributions. A helpful appendix canvasses an extraordinary number of women philosophers for further discovery and study.

*A History of Western Ethics* John Wiley & Sons

The leading anthology of writings of the modern period, *Modern Philosophy* provides the key works of seven major philosophers, along with a rich selection of associated texts by other leading thinkers of the period, chosen to deepen the reader's understanding of modern philosophy and its relationship to the natural sciences. Building on the strengths of the first edition, the second edition of *Modern Philosophy* is enhanced by the addition of the following selections: Montaigne, Apology for Raymond Sebond, "The Senses Are Inadequate"; Newton, Principia, "General Scholium," and Optics, "Query 31"; Hume, Dialogues Concerning Natural Religion, Parts 1-5 and 9-12; Reid, Inquiry Into Human Mind, Conclusion, and Essays on the Intellectual Powers of Man, "Of Judgment," chap. 2, Of Common Sense

*Philosophy and Philosophers* Harcourt College Pub

*Western Philosophy: An Anthology* provides the most comprehensive and authoritative survey of the Western philosophical tradition from ancient Greece to the leading philosophers of today. Features substantial and carefully chosen excerpts from all the greats of philosophy, arranged thematically and chronologically. Readings are introduced and linked together by a lucid philosophical commentary which guides the reader through the key arguments. Embraces all the major subfields of philosophy: theory of knowledge and metaphysics, philosophy of mind, religion and science, moral philosophy (theoretical and applied), political theory, and aesthetics. Updated edition now includes additional contemporary readings in each section. Augmented by two completely new sections on logic and language, and philosophy and the meaning of life.

*A History of Western Philosophy* W. W. Norton

In these four volumes Sir Anthony Kenny unfolds a magisterial new history of Western philosophy. Specially written for a broad popular readership, but serious and deep enough to offer a genuine understanding of the great philosophers, Kenny's lucid and stimulating history will become the definitive work for anyone interested in the people and ideas that shaped the course of Western thought. Specially written for a broad popular readership, but serious and deep enough to offer a genuine understanding of the great philosophers, Kenny's lucid and stimulating history will become the definitive work for anyone interested in the people and ideas that shaped the course of Western thought. These four volumes have been designed to dovetail with each other: they offer a unified overview of the entire development of philosophy, allowing readers to trace themes through the centuries, from antiquity to the present day. The story is illuminated by a selection of intriguing and beautiful illustrations.
