Rainbow Bridge Publishing

Supplement your science curriculum with
180 days of daily practice! This invaluable
classroom resource provides teachers with
weekly science units that build students'
content-area literacy, and are easy to
incorporate into the classroom. Students

will analyze and evaluate scientific data
and scenarios, improve their
understanding of science and engineering
practices, answer constructed-response
questions, and increase their higher-order
thinking skills. Each week covers a
particular topic within one of three science
strands: life science, physical science, and
Earth and space science. Aligned to Next
Generation Science Standards (NGSS) and
state standards, this resource includes
digital materials. Provide students with the
skills they need to think like scientists with
this essential resource!

General Science Quick Starts Workbook

Baby Professor (Education Kids)
Jam-packed with hundreds of curriculum-based activities, exercises and games in every subject, Brain Quest Grade 4 Workbook reinforces what kids are learning in the classroom. The workbook's lively layout and easy-to-follow explanations make learning fun, interactive, and concrete. Plus it's written to help parents follow and explain key concepts. Includes language arts, word searches and crosswords, idea clusters, multiplication and division, story problems, geometry, graphs, time lines, Brain Boxes, and much more.

Grades 3-4 Rainbow Bridge Publishing Interactive Notebooks: Science for grade 4 is a fun way to teach and reinforce effective note taking for students. Students become a part of the learning process with activities about traits, food chains and webs, types of energy, electricity and magnetism, rocks, fossils, the sun, Earth, and more! --This book is an essential resource that will guide you through setting up, creating, and maintaining interactive notebooks for skill retention in the classroom. High-interest and hands-on, interactive notebooks

effectively engage students in learning new concepts. Students are encouraged to personalize interactive notebooks to fit their specific learning needs by creating fun, colorful pages for each topic. With this note-taking process, students will learn organization, color coding, summarizing, and other important skills while creating personalized portfolios of their individual learning that they can reference throughout the year. --Spanning grades kindergarten to grade 8, the Interactive Notebooks series focuses on grade-specific math, language arts, or science skills. Aligned to meet current state standards, every 96-page book in this series offers lesson plans to keep the process focused. Reproducibles are included to create notebook pages on a variety of topics, making this series a fun, one-of-a-kind learning experience.

Language Arts, Grade 4 Carson-Dellosa Publishing

The General Science Quick Starts workbook provides warm-up activities that will exercise scientific investigation skills in six broad subject area categories: matter and energy, living things, ecosystems and habitats, astronomy and

space sciences, earth science materials, and ancient life. Skills covered in the quick start activities include observing, asking about, understanding, figuring out, doing stuff, and finding out. Each page features two to four quick starts that can be cut apart and used separately. The entire page may also be used as a whole-class or individual assignment. The Quick Starts Series provides students in grades 4 through 8+ with quick review activities in science, math, language arts, and social studies. The activities provide students with a quick start for the day's lesson and help students build and maintain a powerful domain-specific vocabulary. Each book is correlated to current state, national, and provincial standards. Mark Twain Media Publishing Company specializes in providing engaging supplemental books and decorative resources to complement middle- and upper-grade classrooms. Designed by leading educators, this product line covers a range of subjects including mathematics, sciences, language arts, social studies, history, government, fine arts, and character.
