Chemistry. Journal of Chemical Education 2013, 90 (7) , 926-929. DOI: 10.1021/ed300400y. Robert D. Long . Using Group-Inquiry To Study Differing Reaction Conditions in the E2 Elimination of Cyclohexyl Halides. Journal of Chemical Education 2012, 89 (5 ... Guided inquiry laboratory | Journal of Chemical Education Traditional vs. Guided-Inquiry Labs Directions: Traditional and guided-inquiry labs require different types of work from both students and teachers. Use the questions below to compare and contrast the procedure and data and results sections from a traditional and a guided-inquiry lab. 1. Review the lab procedures below for both the traditional ... Traditional vs. Guided-Inquiry Labs Honors Chemistry Guided Inquiry Lab Molecular Mass by Freezing Point Depression . When a solute is dissolved in a solvent, the freezing temperature is lowered in proportion to the number of moles of solute added. This property, known as freezing-point depression, is a colligative property Honors Chemistry Guided Inquiry Lab Molecular Mass by ... Lab-Based Teaching Strategies. Developing and teaching an effective laboratory requires as much skill, creativity, and hard work as proposing and executing a first-rate research project. 1. Identify the goals/purposes of your lab. Before you begin to develop a laboratory program, it is important to think about its goals. Lab-Based Learning | Centre for Teaching and Learning For instance, the number of previous laboratory courses had a negative effect on gains in a pretest/posttest assessment of scientific reasoning skills for students in guided-inquiry laboratory courses in which students were presented with a research question and developed an experimental design, with guidance from their instructor, to address that question (Beck and Blumer, 2012). Laboratory Courses with Guided-Inquiry Modules Improve ... method (Irinoye, Bamidele, Adetunji, & Awodele, 2014). Guided inquiry method has many advantages. For example, the results of the study of Irinoye et al. (2014) showed that guided inquiry method enhanced students' learning and retention. In guided inquiry laboratory method, student search for an experiment through the given problem. In this The Effect of Guided-Inquiry Laboratory Experiments on ...
