*The American Past: A Survey of American History, Volume II: Since 1865* McGraw-Hill Education  
 The Mark Twain U.S. History: People and Events 1607-1865 social studies book highlights the decisions and events that have played an important part in shaping America during that time. This middle school history book includes profiles of the people who made those decisions and a timeline of events. U.S. History: People and Events takes your students on a journey through America's past and challenges them with activities to spark discussion and deepen their understanding for how America came to be. These activities include: -map analysis -discussion questions -graphic organizers -research opportunities Mark Twain Media Publishing Company proudly creates engaging supplemental books and decorations for middle-grade and upper-grade classrooms. Designed by leading educators, Mark Twain products cover a range of subjects, including science, language arts, fine arts, government, social studies, history, character, and conduct.  
Reading, Vocabulary, and Test-Taking Skills: Pre-History to 1865 Wadsworth Publishing Company  
 America's past is full of politics as well as personal stories. That's why Conlin's THE AMERICAN PAST: A SURVEY OF AMERICAN HISTORY teaches history the way it happened: real people with real stories. Through short narratives from political figures' lives, you'll discover how our nation grew from a colonial project to an international superpower. Along the way, you'll find the human dimension emphasized with the stories of men and women of different regional, socioeconomic, and ethnic backgrounds described in colorful detail. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.  
*Readings in American History* University of Toronto Press  
 Exploring American History is a two-book reading series that promotes academic success by developing critical reading, vocabulary, and test-taking skills around compelling narratives of major events and key people in U.S. history.  
 UNC Press Books  
 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).  
*Aspects of American History* Routledge  
 SparkCharts™: The information you need—concisely, conveniently, and accurately. Created by Harvard students for students everywhere, these study companions and reference tools cover a wide range of college and graduate school subjects, from Business and Computer Programming to Medicine, Law, and Languages. They'll give you what it takes to find success in school and beyond. Outlines and summaries cover key points, while diagrams and tables make difficult concepts easier to grasp. This four-page timeline covers people, places, and events from: The age of exploration European colonies in North America The French and Indian War The American revolution The early republic Westward expansion War of 1812 Increasing strife and the road to the Civil War The Civil War The chart also includes maps of: Native American tribal land The U.S. before the Civil War U.S. states, territories, and purchases  
American History Mark Twain Media  
 In this wide-ranging study Stephen Foster explores Puritanism in England and America from its roots

in the Elizabethan era to the end of the seventeenth century. Focusing on Puritanism as a cultural and political phenomenon as well as a religious movement, Foster addresses parallel developments on both sides of the Atlantic and firmly embeds New England Puritanism within its English context. He provides not only an elaborate critique of current interpretations of Puritan ideology but also an original and insightful portrayal of its dynamism. According to Foster, Puritanism represented a loose and incomplete alliance of progressive Protestants, lay and clerical, aristocratic and humble, who never decided whether they were the vanguard or the remnant. Indeed, in Foster's analysis, changes in New England Puritanism after the first decades of settlement did not indicate secularization and decline but instead were part of a pattern of change, conflict, and accommodation that had begun in England. He views the Puritans' own claims of declension as partisan propositions in an internal controversy as old as the Puritan movement itself. The result of these stresses and adaptations, he argues, was continued vitality in American Puritanism during the second half of the seventeenth century. Foster draws insights from a broad range of sources in England and America, including sermons, diaries, spiritual autobiographies, and colony, town, and court records. Moreover, his presentation of the history of the English and American Puritan movements in tandem brings out the fatal flaws of the former as well as the modest but essential strengths of the latter.

Inventing America: To 1877 Mark Twain Media

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass*  
 The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

**Teacher's Resource Binder** Spark Publishing Group

"Building the American Republic tells the story of United States with remarkable grace and skill, its fast moving narrative making the nation's struggles and accomplishments new and compelling. Weaving together stories of broad range of Americans. Volume 1 starts at sea and ends on the field. Beginning with the earliest Americans and the arrival of strangers on the eastern shore, it then moves through colonial society to the fight for independence and the construction of a federal republic. Vol 2 opens as America struggles to regain its footing, reeling from a presidential assassination and facing massive economic growth, rapid demographic change, and combative

politics.

**From the Revolution to the Civil War, 1765-1865** Stanford University Press

James Loewen has revised *Teaching What Really Happened*, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retelling of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: an up-to-date assessment of the potential and pitfalls of U.S. and world history education; information to help teachers expect, and get good performance from students of all racial, ethnic, and socioeconomic backgrounds; strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography; ideas from teachers across the country.

Designed to encourage critical thinking about history, this book introduces students to both primary sources and analytical essays on important topics in US history. It contains primary documents, secondary sources, chapter introductions, separate introductions to documents and essays in every chapter, bibliographies, and documentation of sources.

**People and Events: 1865-Present** W. W. Norton & Company

Contemporary American History 1: Before 1865 covers America's story from its beginning through the end of the Civil War. 20 chapters provide information about American history from economic, geographic, political, religious, technological, social, and cultural perspectives.

**Miracles in American History** McGraw-Hill Companies

One month in 1865 witnessed the frenzied fall of Richmond, a daring last-ditch Southern plan for guerrilla warfare, Lee's harrowing retreat, and then, Appomattox. It saw Lincoln's assassination just five days later and a near-successful plot to decapitate the Union government, followed by chaos and coup fears in the North, collapsed negotiations and continued bloodshed in the South, and finally, the start of national reconciliation. In the end, April 1865 emerged as not just the tale of the war's denouement, but the story of the making of our nation. Jay Winik offers a brilliant new look at the Civil War's final days that will forever change the way we see the war's end and the nation's new beginning. Uniquely set within the larger sweep of history and filled with rich profiles of outsize figures, fresh iconoclastic scholarship, and a gripping narrative, this is a masterful account of the thirty most pivotal days in the life of the United States.

Reviews American history from the Reconstruction, to the Reagan Administration

**People and Events 1865-Present** Vintage

New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore's groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? These Truths tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore traces the intertwined histories of American politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore's sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues' gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. "A nation born in contradiction will fight forever over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. "The past is an inheritance, a gift and a burden," These Truths observes. "It can't be shirked. There's nothing for it but to get to know it."

**Capitalism, Race, Entrepreneurship** Cengage Learning

A timeline of historic events from the 1500's to the present day in American history, categorized by

decade and year brought to you by the staff at America's Best History and americasbesthistory.com. Quick and easy to search reference guide enumerating the most important events of each year for students or anyone who wants to keep American history in context and how it unfolded at their fingertips. The editors at americasbesthistory.com has put together this timeline of American history in an easy to read fashion, which mirrors the way the website categorizes the most important events of each year. It is meant as a clear and concise account of the events in short paragraph form, without an overly academic tone. You won't find footnotes and opinion, but you will find a good starting off place to dive more deeply into each subject and as a reminder of how the events of United States history took shape, about how the population of the nation grew, about how politics and political events shaped each decade, and about our national parks and heritage that tell the stories of each. The information provided within this timeline was gleaned from various sources, as well as the knowledge and experience of the America's Best History staff, and should not be considered a scholarly work per se, but as a jumping off point for the reader to go into more detail about a particular topic of their interest.

**The Essentials of American History** W. W. Norton & Company

Bring history to life for students in grades 6 and up using U.S. History: People and Events (1865–Present)! This 128-page book provides a full-spectrum view of some of the most fascinating and influential lives and occurrences in U.S. history. It features biographical sketches and overviews from the end of the Civil War through Reconstruction, two world wars, and the Civil Rights movement up to the present! The book includes time lines and reinforcement questions and works perfectly as a full unit or classroom supplement. It supports NCSS standards and the National Standards for History.

**Building the American Republic, Volume 1** McGraw-Hill Education

In this combined edition, the full content of volumes 1 and 2 of Thomas Kidd's American History are brought together in a single, accessible textbook. This sweeping narrative spans the full scope of American history from the first Native American societies to the political and cultural struggles of contemporary times. In clear, readable prose, and with attention to well-known and more obscure figures from American history, Kidd gives a robust account of the events, people, and ideas that gave shape to our nation. Students will come away from American History well-informed, and better prepared to wrestle with the political and cultural changes that have dramatically transformed contemporary American life. Praise for American History "Thomas Kidd has succeeded well in providing a high quality American history text that integrates the usual political and social history with its religious dimensions." —George Marsden, professor of history emeritus, University of Notre Dame "Thomas Kidd explores the entirety of American history in this carefully researched and clearly written text. It is an ideal book for students new to American history as well as for older readers who would like a sprightly, objective, and discerning refresher." —Mark Noll, professor of history emeritus, University of Notre Dame, and research professor of history, Regent College

**U.S. History** B&H Publishing Group
