Rhetoric, Ideology, and Social Fantasy in Italy La Nuova Italia

Andrea Zanzotto is one of the most important and acclaimed poets of postwar Italy. This collection of ninety-one pseudo-haiku in English and Italian—written over several months during 1984 and then revised slowly over the years—confirms his commitment to experimentation throughout his life. Haiku for a Season represents a multilevel experiment for Zanzotto: first, to compose poetry bilingually; and second, to write in a form foreign to Western poetry. The volume traces the life of a woman from youth to adulthood, using the seasons and the varying landscape as a mirror to reflect her growth and changing attitudes and perceptions. With a lifelong interest in the intersections of nature and culture, Zanzotto displays here his usual precise and surprising sense of the living world. These never-before-published original poems in English appear alongside their

Italian versions—not strict translations but parallel texts that can be read separately or in conjunction with the originals. As a sequence of interlinked poems, Haiku for a Season reveals Zanzotto also as a master poet of minimalism. Zanzotto's recent death is a blow to world poetry, and the publication of this book, the last that he approved in manuscript, will be an event in both the United States and in Italy.

This book is an in-depth analysis of three of the most crucial years in twentieth-century Italian history, the years 1943-46. After more than two decades of a Fascist regime and a disastrous war experience during which Italy changed sides, these years saw the laying of the political and cultural foundations for what has since become known as Italy's First Republic. Drawing on texts from the literature, film, journalism, and political debate of the period, Antifascisms offers a thorough survey of the personalities and positions that informed the decisions taken in this crucial phase of modern Italian history.

The history of totalitarian states bears witness to the fact that literature and print media can be

manipulated and made into vehicles of mass deception. Censorship and Literature in Fascist Italy is the first comprehensive account of how the Fascists attempted to control Italy's literary production. Guido Bonsaver looks at how the country's major publishing houses and individual authors responded to the new cultural directives imposed by the Fascists. Throughout his study, Bonsaver uses rare and previously unexamined materials to shed light on important episodes in Italy's literary history, such as relationships between the regime and particular publishers, as well as individual cases involving renowned writers like Moravia, Da Verona, and Vittorini. Censorship and Literature in Fascist Italy charts the development of Fascist censorship laws and practices, including the creation of the Ministry of Popular Culture and the anti-Semitic crack-down of the late 1930s. Examining the breadth and scope of censorship in Fascist Italy, from Mussolini's role as ?prime censor? to the specific experiences of female writers, this is a fascinating look at the vulnerability of culture under a dictatorship.

Curzio Malaparte (1898-1957), der unter seinen Zeitgenossen überaus bekannte Exzentriker aus Prato in der Toskana, der Schriftsteller, Journalist, skandalumwitterte Individualist und Opportunist,

ist der Nachwelt in ambivalenter Erinnerung geblieben. Und das nicht nur durch sein literarisches Werk, sondern auch durch seine schillernde Persönlichkeit, seine manière de vivre und seinen politischen Wankelmut. Hierzulande lange in Vergessenheit geraten, erlebt er nun seit einigen Jahren ein ungeahntes Comeback in Deutschland: Viele seiner Bücher werden in deutscher Übersetzung neu aufgelegt, und es erscheinen zahlreiche Studien zu seinem Leben und Werk. Die Verfasserin gibt einen Überblick über Malapartes Vita und analysiert sein gesamtes Erzählwerk. Im Mittelpunkt der Untersuchung steht die unnachahmliche Erzählweise des Autors, deren Besonderheiten in der Gestaltung des omnipräsenten Ich-Erzählers und, eng damit verbunden, der historischen Wirklichkeit zu finden sind.

This volume is a selection of papers presented at the international conference on Translation and Censorship. From the 18th Century to the Present Day, held in Lisbon in November 2006. Although censorship in Spain under Franco dictatorship has already been thoroughly studied, the Portuguese situation under Salazar and Caetano has been, so far, almost ignored by the academic research. This is then an attempt to start filling this gap. At the same time, new case studies about the Spanish context are presented, thus contributing to a critical view of two Iberian dictatorial regimes. However other geographical and time contexts are also included: former dictatorships such as Brazil and Communist Czechoslovakia; present day countries with very strict censoring apparatus such as China, or more subtle censorial mechanisms as Turkey and Ukraine. Specific situations of past centuries are given some attention: the reception of Ovid in Portugal, the translation of English narrative fiction into Spanish in the 18th century, the translation of children literature in Victorian England and the emergence of the picaresque novel in Portugal in the 19th century. Other forms of censorship, namely self-censorship, are studied in this volume as well. "The book fits in one of the most innovative fields of research in translation studies, i.e. the study of social and political constraints on translation processes and translation functions. More specifically, the concept of censorship is crucial to the understanding of these constraints, especially in spatio-temporal settings where translation exhibits conflicts between what is acceptable for and what is prohibited by a given culture. For that reason, detailed descriptive research is needed in as many situations as possible. It gives an excellent view on the complex mechanisms of censorship with regard to translation within a large number of modern European and non European cultures. In addition to articles devoted to cases dealing with China, Brazil, Great-Britain, Turkey, Ukraine or Czechoslovakia, Spain and Portugal occupy a prominent role. As a whole, the volume marks an important step forward in our growing understanding of the role of socio-political factors for the development and changes of translation policies. I highly recommend the publication." Prof. dr. Lieven D'hulst, Professor of Translation Studies at K.U.Leuven (Belgium). *And Five Short Stories* Harvill Press
"Elio Vittorini holds a major position in 20th-century Italian literature thanks to both his narrative production and his activity as editor and militant intellectual. This work aims to present the English-speaking reader with a comprehensive study of the author, his times and his work. Particular attention has been paid to the interconnection between Vittorini's work as a fiction writer and his political commitment which saw him move from revolutionary fascism to communism, to independent left-wing militancy. The combination of extensive archival research with a re-appraisal of his fiction and of his editorial activity provides a full picture reaching beyond the traditional restricted view of Vittorini as the anti-fascist author of ""Conversazione in Sicilia""."

Italy's Margins New York : New American Library

In the last months of World War II, a young man with a fatal disease, straight out the army, is sent to a TB sanatorium near Palermo. It feels like a leper colony- people arrive, but never leave until they are dead, usually in a matter of months. Even the doctor has the illness in his cells. But the sap of life cannot be stopped from flowing. The men's and women's wings of the sanatorium are strictly segregated, but there are permits to go into town for patients who have passed a screening; there are little boys to run lovers' errands; and there is human ingenuity. In the long, hot summer of 1946, at an evening of amateur theatricals organised by the doctor, our narrator falls in love with Marta, a young ballerina who has not lost her grace. But what sort of future can be expected of such a romance?

Fascist Virilities Cambridge Scholars Publishing

This is the first unexpurgated English edition of Curzio Malaparte's legendary work *The Skin*. The book begins in 1943, with Allied forces cementing their grip on the devastated city of Naples. The sometime Fascist and ever-resourceful Curzio Malaparte is working with the Americans as a liaison officer. He looks after Colonel Jack Hamilton, "a Christian gentleman . . . an American in the noblest sense of the word," who speaks French and cites the classics and holds his nose as the two men tour the squalid streets of a city in ruins where liberation is only another word for desperation. Veterans of the disbanded Italian army beg for work. A rare specimen from the city's famous aquarium is served up at a ceremonial dinner for high Allied officers. Prostitution is rampant. The smell of death is everywhere. Subtle, cynical, evasive, manipulative, unnerving, always astonishing, Malaparte is a supreme artist of the unreliable, both the product and the prophet of a world gone rotten to the core.

The Art of Talking Back in a Destination Culture Cambridge University Press

It is a sultry August at the very end of the twentieth century, and Tristano is dying. A hero of the Italian Resistance, Tristano has called a writer to his bedside to listen to his life story, though, really, "you don't tell a life...you live a life, and while you're living it, it's already lost, has slipped away." Tristano Dies, one of Antonio Tabucchi's major novels, is a vibrant consideration of love, war, devotion, betrayal, and the instability of the past, of storytelling, and what it means to be a hero. From the Trade Paperback edition.

A Writer's Journey Walter de Gruyter

This book invites readers into Elena Ferrante's workshop. It offers a glimpse into the drawers of her writing desk, those drawers from which emerged her three early standalone novels and the four installments of *My Brilliant Friend*, known in English as the Neapolitan Quartet. Consisting of over twenty years of letters, essays, reflections, and interviews, it is a unique depiction of an author who embodies a consummate passion for writing. In these pages Ferrante answers many of her readers' questions. She addresses her choice to stand aside and let her books live autonomous lives. She discusses her thoughts and concerns as her novels are being adapted into films. She talks about the challenge of finding concise answers to interview questions. She explains the joys and the struggles of writing, the anguish of composing a story only to discover that it isn't good enough for publication. She contemplates her relationship with psychoanalysis, with the cities she has lived in, with motherhood, with feminism, and with her childhood as a storehouse of memories, material, and stories. The result is a vibrant and intimate selfportrait of a writer at work.

In terms of migration, Italy is often thought of as a source country - a place from which people came rather than one to which people go. However, in the past few decades, Italy has indeed become a destination for many people from poor or war-torn countries seeking a better life in a stable environment. Graziella Parati's *Migration Italy* examines immigration to Italy in the past twenty years, and explores the processes of cultural hybridization that have occurred. Working from a cultural studies viewpoint, Parati constructs a theoretical framework for discussing Italy as a country of immigration. She gives special attention to immigrant literature, positing that it functions as an act of resistance, a means to talk back to the laws that regulate the lives of migrants. Parati also examines Italian cinema, demonstrating how native and non-native filmmakers alike create parallels between old and new migrations, complicating the definitions of sameness and difference. These definitions and the complexities inherent in the different cultural, legal, and political positions of Italy's people are at the heart of *Migration Italy*, a unique work of immense importance for understanding society in both modern-day Italy and, indeed, the entire European continent.

Why do Italians believe that they have a national character and that this character is a major reason for their political woes? Why is their self-image so frequently derogatory? In this meticulous study of the role of national character in Italian political and social discourse, Silvana Patriarca reconstructs the genealogy of a pervasive idea in the culture of modern Italy. Using sources ranging from political pamphlets to newspapers and films, this book shows how self-representations of national character and its vices were shaped by foreign perceptions and stereotypes, internal political struggles, and changing intellectual paradigms. Investigating the politics of these representations, their ideological content, and their uses, the author recasts the study of Italian patriotism and nationalism as discourses and sheds light on Italian political culture and on the rhetoric of nationalism more generally.

Who are the censors of foreign literature? What motives influence them as they patrol the boundaries between cultures? Can cuts and changes sometimes save a book? What difference does it make when the text is for children, or designed for schools? These and other questions are explored in this wide-ranging international collection, with copious examples: from Catullus to Quixote, Petrarch to Shakespeare, Wollstonecraft to Waugh, Apuleius to Mansfield, how have migrating writers fared? We see many genres, from Celtic hero-tales to histories, autobiographies, polemics and even popular songs, transformed on their travels by the censor's hand.
