Jack Larson after losing his wife of 35 years, hopes to find peace in the remote area of northern Wisconsin, but instead finds himself involved in a conflict with the winter snowmobile recreational tourist industry. He is harassed by a local snowmobile gang; who damage his property and eventually kill his dog. Jack finds he cannot contain his outrage after the death of his dog and sets out on a one man mission to get revenge on the gang and those that are connected with snowmobiling. It becomes a personal war. As he proceeds he comes into conflict with the town's only detective that is out to preserve his way of life and that of the town's. What happens next are a series of events that leads Jack Larson down a path to the final conflict with no way out. What makes matters worse for Jack is that he has fallen in love with someone new and is caught between his love for her and his own personal need for revenge. Michael Putzer is 63 years old and has been married to his wife Donna for 42 years. He has lived his entire life in Wisconsin

with the exception of a two years stay in the U.S. Army in the late sixties. Since his retirement in 2002 from the Kimberly-Clark Corporation, they have lived in their home on forty acres of land outside of Hurley, Wisconsin. They have two grown up married children and a Chinese Shar-pei dog named China. During the author's 33 years with Kimberly-Clark he worked in consumer products Research. Much of that time was spent in the international products which resulted in travel to the Far East, Latin America and Europe. A Winter's Rage is his first book. It has always been his ambition to write a novel, but over the years with work there had never been enough time to complete the task. Once retired there was the time available. While the author is not a hunter or a fisherman, he considers himself an environmentalist. Both he and his wife enjoy the outdoors, hiking in the summer and snow shoeing in the winter. They have a great appreciation for the beauty of the outdoors and the land. Their favorite time of the year is winter looking forward to the abundance of snow that this area receives. They do not snowmobile.

One of the most common complaints parents hear is that their child has great potential but is lazy. In the workplace one hears that a colleague is brilliant but just can't seem to deliver on time. Dr Levine believes that in reality very few people are truly lazy. Nearly all 'lazy' children and unproductive adults are in fact suffering from some sort of 'output failure,' that is, some problem of the mind that inhibits their productivity, despite their good intentions. In this book Dr Levine draws heavily on his years of clinical experience to construct the stories of representative children and adults who failed to be productive for the most common reasons. Too often we focus only on failure but people benefit enormously from recognition of their successes. In explaining outside or

environmental factors that can affect productivity, Dr Levine points to the role of parents as well as teachers in identifying a child's weaknesses and nurturing the capacity to deliver, with such practical suggestions as describing the ideal study environment for a child. Whether the problem is manifested in motor breakdown, memory shortfall, verbal problems, lack of mental energy or underlying disorganization, Dr Levine provides a workable solution and dismisses the 'lazy' label.

The New York Times bestselling graphic memoir from actor/author/activist

George Takei returns in a deluxe edition with 16 pages of bonus material!

Experience the forces that shaped an American icon -- and America itself -- in this gripping tale of courage, country, loyalty, and love. George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken commitment to equal rights. But long before he braved new frontiers in STAR TREK, he woke up as a four-year-old boy to find his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future. In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under armed guard. **THEY CALLED US ENEMY** is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices, his father's tested faith in democracy, and the way those experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

The complete and fully detailed history

of the conception, promotion, financing, design, fabrication, delivery, testing, procurement and production of the first jeeps by the American Bantam Car company for the United States Army. The 400 page book contains hundreds of photos which cover the prewar period when this most significant of American automobiles was created and produced. As much an exciting story of compelling characters as it is the first complete history, a reader will recognize many names in both the public and private which went on to fame in WWII. The book can also be seen as a near text book concerning the practical difficulties in industrial design and procurement, involving as it does the difficulty of innovators satisfying a customer with a design. A careful reader will see the dramatic transition from the 'old America' of the post Civil War era into what we like to call the 'modern times' of the post war era, just now ending. One will see the beginning of Eisenhower's 'Military-Industrial Complex'. Primarily however the book is an inspirational story of a small band of men in a tiny company, struggling for survival which accepts a gigantic challenge and succeeds brilliantly, only to be overwhelmed by the giant government and corporate interests of the time and since forgotten.
