Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help

educators free their teaching and revolutionize their classrooms.

A new, interactive approach to storytime, *The Whole Book Approach* was developed in conjunction with the Eric Carle Museum of Picture Book Art and expert author Megan Dowd Lambert's graduate work in children's literature at Simmons College, offering a practical guide for reshaping storytime and getting kids to think with their eyes. Traditional storytime often offers a passive experience for kids, but the Whole Book approach asks the youngest of readers to ponder all aspects of a picture book and to use their critical thinking skills. Using classic examples, Megan asks kids to think about why the trim size of Ludwig Bemelman's *Madeline* is so generous, or why the typeset in David Wiesner's Caldecott winner, *The Three Pigs*, appears to twist around the page, or why books like Chris Van Allsburg's *The Polar Express* and Eric Carle's *The Very Hungry Caterpillar* are printed landscape instead of portrait. The dynamic discussions that result from this shared reading style range from the profound to the hilarious and will inspire adults to make children's responses to text, art, and design an essential part of storytime.

Many parents of a teenager or young adult feel as though they're guessing about what to do next--with mixed results. We want to stay connected with our maturing child, but we're not sure how. And deep down, we fear our child doesn't want or need us. Based on brand-new research and interviews with remarkable families, *Growing With* equips parents to take steps toward their teenagers and young adults in a mutual journey of intentional growth that trusts God to transform them all. By highlighting three groundbreaking family strategies, authors Kara Powell and Steven Argue show parents that it's never too early or too late to - accept the child you have, not the child you wish you had - work toward solutions rather than only identifying problems - develop empathy that nudges rather than judges - fight for your child, not against them - connect your children with a faith and church big enough to handle their doubts and struggles - dive into tough discussions about dating, career, and finances - and unleash your child's passions and talents to change our world For any parent who longs for their kids to keep their roots even as they spread their wings, *Growing With* offers practical help and hope for the days--and years--ahead.

With multiple starred reviews, don't miss this humorous, poignant, and original contemporary story about bullying, broken friendships, social media, and the failures of communication between kids.

From John David Anderson, author of the acclaimed Ms. Bixby's Last Day. In middle school, words aren't just words. They can be weapons. They can be gifts. The right words can win you friends or make you enemies. They can come back to haunt you. Sometimes they can change things forever. When cell phones are banned at Branton Middle School, Frost and his friends Deedee, Wolf, and Bench come up with a new way to communicate: leaving sticky notes for each other all around the school. It catches on, and soon all the kids in school are leaving notes—though for every kind and friendly one, there is a cutting and cruel one as well. In the middle of this, a new girl named Rose arrives at school and sits at Frost's lunch table. Rose is not like anyone else at Branton Middle School, and it's clear that the close circle of friends Frost has made for himself won't easily hold another. As the sticky-note war escalates, and the pressure to choose sides mounts, Frost soon realizes that after this year, nothing will ever be the same.

an environment necessary to cultivate this mission. Then you'll explore the youth ministry style of each aspect, where you'll find 25 hands-on, easy-to-implement ideas on how to cultivate the same element in your context in order to create an environment of disciple-making that finally fits your ministry.

Whether pulled from the folds of memory, channeled through the icons of Greek mythology and Roman Catholicism, or filtered through the lens of pop culture, Sonja Livingston's *Queen of the Fall* considers the lives of women. Exploring the legacies of those she has crossed paths with in life and in the larger culture, Livingston weaves together strands of memory with richly imagined vignettes to explore becoming a woman in late 1980s and early 1990s America. Along the way, the award-winning memoirist brings us face-to-face with herself as an inner-city girl—trying to imagine a horizon beyond poverty, fearful of her fertility and the limiting arc of teenage pregnancy. Livingston looks at the lives of those she's known: friends who've gotten themselves into “trouble” and disappeared never to be heard from again, girls who tell their school counselor small lies out of necessity and pain, and a mother whose fruitfulness seems, at times, biblical. Livingston interacts with figures such as Susan B. Anthony, the Virgin Mary, and Ally McBeal to mine the terrain of her own femininity, fertility, and longing. *Queen of the Fall* is a dazzling meditation on loss, possibility, and, ultimately, what it means to be human.
