Holidays Marvel

Fashion photographer Henry Hargreaves has created an assemblage of beautiful images of the female form in a unique way--in 3D. And as you'll see in the enclosed book, 3DD is every inch what its subtitle promises: A 3D celebration of breasts. The exceptional models in 3DD appear in third dimension when viewed through the included special glasses using the classic (but newly again popular) process of anaglyph imaging. As a gift or a keepsake, 3DD will be treasured by anyone with an appreciation of the classic art of the nude female form.

Born in Montreal, Oliver Jones performed his first piano concert at five years old. He has become one of the most celebrated representatives of the Montreal Jazz Festival and a worldwide musical ambassador for Canada on many international tours. This exclusive authorized biography begins with his roots - the enslavement of his African ancestors and immigration of his parents to Canada from Barbados - and takes us to the present. Oliver Jones has received many awards to recognize his achievements, both as a musician and as a human being: the Martin Luther King Award, a Juno Award, the Cool Jazz Award of the Izzy Asper Foundation, the Order of Canada, the Order of Quebec, the Oscar Peterson Award, the Governor General's Performing Arts Award, and in 2006, two National Jazz Awards: Best Jazz Keyboard of the Year and Best CD with Ranee Lee for their album Just You, Just Me

England-born, New York-based photographer Alexi Lubomirski

has become an established name within the fashion industry, shooting for such publications as Harper's Bazaar, Vogue and GQ, and working with cover stars such as Charlize Theron, Gwyneth Paltrow, Natalie Portman, Jennifer Lopez and Nicole Kidman, to name but a few. It was after shooting Lupita Nyong'o, however, that Lubomirski was struck by the homogeneity of the subjects he'd been hired to shoot professionally. Often when he submitted a list of models he was interested in shooting, responses would range along the lines of "we love her, but...", "her hair is a problem," "she is too dark" or "she is too light to make a statement." In *Diverse Beauty*, Lubomirski aims to move beyond the underrepresentation of women from a range of ethnicities in fashion media. The volume compiles his photographs of beautiful women of every color, size, age and sexual orientation in a celebration of beauty that adds dimension to the standards so omniscient in Western fashion magazines and advertisements. This handsome volume of cinematic fashion portraiture--featuring such subjects as Lupita Nyong'o, Rashida Jones, Salma Hayek, Demi Lovato, Anja Rubik, Jennifer Lopez, Chanel Iman, Hari Nef, Isabella Rossellini, Tyra Banks and Rosie Huntington-Whiteley, among many others--is also a small step in the direction of changing societal norms.

Noting that academic biblical scholars and Christian ethicists have been methodologically estranged for some decades now, Brian Brock seeks to reframe the whole Bible-and-ethics discussion in terms of this question: What role does the Bible play in God's generation of a holy people -- and how do we participate in that regeneration? Brock first examines various major contemporary thinkers on the Bible and Christian ethics, including John Howard Yoder, Brevard Childs, John Webster, and Dietrich Bonhoeffer. He then undertakes major discussions of Augustine and Martin Luther, unpacking their interpretation of the Psalms. Finally, Brock articulates the processes of renewal in God's people. His close study of a few individual psalms shows how we enter the world of praise in which all human life is comprehended within God's work -- and is thus renewed. Immersion in the exegetical tradition of the Christian faith, Brock argues, must be the heart and soul of theology and ethics.

This book, *The Plot Against the Church*, was published prior to the beginning of the Second Vatican Council as a warning of what the dark powers had in store for the Church. The high ranking clerics, writing as Maurice Pinay, stated that the ultimate purpose of the Council was to remove the crime of Deicide from the Jews and assign it instead to the Romans. It is a scholarly work, worthy of consideration of all who would understand Christian history and Christian defense against forces seeking to destroy the Church and Faith. While written in 1962, Rabbi Louis Israel Newman wrote much the same from the Jewish side in his 1925 work *Jewish Influence in Christian Reform Movements*, which is quoted extensively in *The Plot*.
