LOVE!! (Yaoi Manga) Anchor Rendang content gained good recognition from Gourmand Prize Award in Beijing. Thoroughly researched but written casually, Rendang: Minang Legacy to the World boasts a beautiful presentation of the dishes as well as the landscape of West Sumatra. Reno has become the media go-to source for rendang. It ultimately lays the groundwork about the origins of rendang and its philosophical approach, but it also explains that ultimately there are so many other varieties other than the one we usually have in Padang restaurants. Reno Andam Suri dreamed of promoting

rendang to a wider audience by introducing vacuum-packed rendang suitable for air travel. She did not stop there, however. In 2012 she started a blog, Rendang Traveler, to share stories about rendang, the proud dish from her homeland, West Sumatra. To write this book, she returned to West Sumatra, and discovered the rich philosophical and cultural values of rendang, affirming her view that it is indeed a national treasure worth sharing with the world. At her Baralek Rendang (rendang festival) she introduced rendang to an appreciative public through cooking demonstrations, engaging stories, and interesting games. Reno has appeared in many discussions about West Sumatran cuisine, and has conducted various cooking workshops and training sessions. She is also involved in many educational communities such as Indonesia Mengajar and Kelas Inspirasi. Today, she organizes educational trips or travel programs to West Sumatra, which highlights the region's rich culture and culinary delights. She invites participants to become better acquainted with the daily lives of West Sumatrans. She dreams of promoting rendang to an even wider audience, not just as a delectable dish, but also for the wealth of amazing stories behind it, as part of an enduring culture.

The First Part of Faust Boynton/Cook Single, that does not mean broken, lonely, or desperate. Even if for extended periods, being single does not mean that you are hard to love. These are a few of the myths that Single That puts to rest while empowering women to refuse being defined by whether or not we have a significant other. Whether dating, divorced, in a relationship, or learning how to be alone, you will receive an empathetic yet assertive

nudge toward the belief that you are enough. You will receive support if already comfortable and confident in this idea as *Single That* addresses misconceptions especially prevalent when assessing single women in their 30s and older. A practical guide in defense, support, and admiration of the single woman, *Single That* obliterates audacious assumptions one by one, and serves as a reminder that we are much more than a relationship status. We are certainly more than the negative connotations that others choose to associate with our relationship status. This book is a must-read for every past and present single woman, as well as every man who would like first-hand insight into what being a single woman really means.

"Alif had never set foot outside of West Sumatra. He passed his childhood days searching for fallen durian fruit in the jungle, playing soccer on rice paddies, and swimming in the blue waters of Lake Maninjau. His mother wants him to attend an Islamic boarding school, a pesantren, while he dreams of public high school. Halfheartedly, he follows his mother's wishes. He finds himself on a grueling three-day bus ride from Sumatra to Madani Pesantren (MP) in a remote village on Java. On his first day at MP, Alif is captivated by the powerful phrase *man jadda wajada*. He who gives his all will surely succeed. United by punishment, he quickly becomes friends with five boys from across the archipelago, and together they become

known as the Fellowship of the Manara. Beneath the mosque's minaret, the boys gaze at the clouds on the horizon, seeing in them their individual dreams of far-away lands, like America and Europe. Where would these dreams take them? They didn't know. What they did know was: never underestimate dreams, no matter how high they may be. God truly is The Listener. *The Land of Five Towers* is the first book in a trilogy written by A. Fuadi—a former TEMPO & VOA reporter, photography buff, and a social entrepreneur. He went to George Washington University and Royal Holloway, University of London for his masters. Now a major motion picture starring Academy Award winner Lupita Nyong'o and David Oyelowo, directed by Mira Nair. The "astonishing" (The New York Times Book Review) and "inspirational" (Shelf Awareness) true story of Phiona Mutesi—a teenage chess prodigy from the slums of Uganda. One day in 2005 while searching for food, nine-year-old Ugandan Phiona Mutesi followed her brother to a dusty veranda where she met Robert Katende. Katende, a war refugee turned missionary, had an improbable dream: to empower kids in the Katwe slum through chess—a game so foreign there is no word for it in their native language. Laying a chessboard in the dirt, Robert began to teach. At first children came for a free bowl of porridge, but many grew to love the game that—like their daily lives—requires persevering against great obstacles. Of these kids, one girl stood out as an immense talent: Phiona. By the age of eleven Phiona was her country's junior champion, and at fifteen, the national champion. Now a Woman Candidate Master—the first female titled player in her country's history—Phiona dreams of becoming a Grandmaster, the most elite level in chess. But to reach that goal, she must grapple with everyday life in one of the world's most unstable countries. The Queen of Katwe is a "remarkable" (NPR) and "riveting" (New York Post) book that shows how "Phiona's story transcends the limitations of the chessboard" (Robert Hess, US Grandmaster).

"Earth Dance," the story of four generations of Balinese women, centers on conflicts that arise between the demands of caste and personal desires. Narrated by Ida Ayu Telaga, a Balinese

woman in her thirties, the novel shows Balinese women-as depicted by her mother, grandmother and female peers-to be motivated by two factors: the yearning to be beautiful, and the desire for a high-caste husband. Headstrong Telaga defies her mother's wishes and marries the man of her dreams, who is a commoner. Thus, in a reversal of societal expectations, as shown in the novel by images of women who aspire to "liberation" through "marrying up," Telaga's emancipation is implicitly characterized as a move downwards, through transformation to the status of a commoner. "Earth Dance" also reveals that-like high-caste status-beauty, too, has a price. Behind the thick, glossy hair and golden complexion, lies a web of jealousy, derision and intrigue. Telaga, whose life is controlled by her mother's avarice, her mother-in-law's bitterness and the greed of her sister-in-law, has frequent cause to wonder: "Is this what it means to be a woman?"

This book is an introduction to Max Weber's ambitious comparative study of the sociological and institutional foundations of the modern economic and social order. In this work originally published in German in 1920, Weber discusses the analytical methods of sociology and, at the same time, presents a devastating critique of prevailing sociological theory and of its universalist, determinist underpinnings. None of Weber's other writings offers the

reader such a grasp of his theories; none displays so clearly his erudition, the scope of his interests, and his analytical powers.

Punk Pedagogies: Music, Culture and Learning brings together a collection of international authors to explore the possibilities, practices and implications that emerge from the union of punk and pedagogy. The punk ethos—a notoriously evasive and multifaceted beast—offers unique applications in music education and beyond, and this volume presents a breadth of interdisciplinary perspectives to challenge current thinking on how, why and where the subculture influences teaching and learning. As (punk) educators and artists, contributing authors grapple with punk's historicity, its pervasiveness, its (dis)functionality and its messiness, making Punk Pedagogies relevant and motivating to both instructors and students with proven pedagogical practices.

The Kama Sutra of Vatsyayana by Vatsyayana The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vātsyāyana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kāma" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sūtra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism or a collection of such aphorisms in the

form of a manual. Contrary to popular perception, especially in the western world, the Kama Sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life, and other aspects pertaining to pleasure-oriented faculties of human life. The Kama Sutra does reveal that Vatsyayana lived the life of a religious student, likely in Benares, and spent his time engaged in the contemplation of the highest Deity. Scholars believe that the tone Vatsyayana takes towards youth in the Kama Sutra suggests that he likely spent many years studying religion before beginning his life's work compiling the wisdom of the sages. Indeed, Vatsyayana was less of a groundbreaking philosopher and apparently more of a diligent academician. Besides transcribing the Kama Sutra more than 300 years after the Shastras had already been passed down, he also transcribed the Nyaya Sutras, an ancient Indian text of philosophy that was composed by the buddha Gotama in the 2nd century B.C. Whereas the Kama Sutra tackles kama (or sensual pleasures), the Nyaya Sutra delineates paths for achieving moksha, or spiritual liberation from the cycle of birth and death.

Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine,

plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a New York Times bestseller, Harari maps out our future.

The Kama Sutra of Vatsyayana

Simon and Schuster

"Each chapter of this enrapturing novel is elegantly brief and charged with barely contained emotion." --New York Times Book Review A gripping debut set in modern-day Tokyo and inspired by a true crime, for readers of *Everything I Never Told You* and *The Perfect Nanny*, *What's Left of Me Is Yours* charts a young woman's search for the truth about her mother's life--and her murder. In Japan, a covert industry has grown up around the "wakaresaseya" (literally "breaker-upper"), a person hired by one spouse to seduce the other in order to gain the advantage in divorce proceedings. When Satō hires Kaitarō, a wakaresaseya agent, to have an affair with his wife, Rina, he assumes it will be an easy case. But Satō has never truly understood Rina or her desires and Kaitarō's job is to do exactly that--until he does it too well. While Rina remains ignorant of the circumstances that brought them together, she and Kaitarō fall in a

desperate, singular love, setting in motion a series of violent acts that will forever haunt her daughter's life. Told from alternating points of view and across the breathtaking landscapes of Japan, Stephanie Scott exquisitely renders the affair and its intricate repercussions. As Rina's daughter, Sumiko, fills in the gaps of her mother's story and her own memory, Scott probes the thorny psychological and moral grounds of the actions we take in the name of love, asking where we draw the line between passion and possession.

World-renowned Stanford University psychologist Carol Dweck, in decades of research on achievement and success, has discovered a truly groundbreaking idea--the power of our mindset. Dweck explains why it's not just our abilities and talent that bring us success--but whether we approach them with a fixed or growth mindset. She makes clear why praising intelligence and ability doesn't foster self-esteem and lead to accomplishment, but may actually jeopardize success. With the right mindset, we can motivate our kids and help them to raise their grades, as well as reach our own goals--personal and professional. Dweck reveals what all great parents, teachers, CEOs, and athletes already know: how a simple idea about the brain can create a love of learning and a resilience that is the basis of great accomplishment in every area.
