Hi there! Welcome to a fun way to draw. I want you to know one thing: ANYONE can draw. Maybe you are a little bit nervous about drawing. Maybe you think that you do not know 'how to draw.' Perhaps you have a brother or a sister or a friend who draws 'better' than you. Does it take practice? YES sometimes we have to practice to get good at something. Does your drawing have to look EXACTLY like a picture you take with your camera phone? It can but it doesn't have to. This book introduces you to the fun of drawing. It will open your eyes to see that EVERYTHING in the world is made of SHAPES. I hope this is the first of many steps you take to have a fun, interesting and HAPPY creative life. Yes YOU are creative. In this book you will find 31 subjects that you will draw. You can draw one subject a day for 31 days OR you can draw whenever you want to some time to do something creative. The book has 3 sections: YOUR TURN: You will see a bunch of examples of one subject (the first one is birds) and three boxes on the page where you can draw some of the same items with your pencil/pen. PRACTICE SOME MORE: You will have an opportunity to

create MORE of the subject by copying what I created OR by taking your inspired hands and creating your own version of the subject. HAPPY PAGE: You will choose from 4-6 subjects that you have created and tell your own fun (and maybe SILLY) story through pictures. You may also want to write out the story so that you will remember all the details. MATERIALS YOU WILL NEED: Pencil/pen Watercolor paint/colored pencil/markers (if you want to add a little color) If you want to use some REALLY lovely pens I would suggest the brand Micron - the drawings in this book are created with that type of pen. OK let's begin!

This yearlong workshop guides you through 52 weekly lessons that not only improve your technical skills but refine your personal style, preferences, and expression. The first half of the year focuses on learning and polishing the building blocks--such as line, perspective, and shading--while the second empowers you to make choices and question "methods." Each week includes an introductory quote from art history, what (and how) to practice for the specific lesson, and further "if you have time" suggestions to build on. Going beyond simple step by step, each lesson also includes works by artists in other mediums to look up, rooting the theme in its broader artistic context. By the final assessment lesson of week 52, you'll be more skillful and knowledgeable about drawing, as well as yourself as an artist. *Creative Art Course* - John Wiley & Sons
