FINN WESTON

[Understanding International Conflicts](#) Routledge

Published in the year 2001, Environment and Politics is a valuable contribution to the field of Geography.

An Introduction to International Relations Theory Oxford University Press

Drawing together the work and ideas of a combination of the world's leading and emerging International Relations scholars, Refugees in International Relations provides a comprehensive and challenging overview of the international politics of forced migration.

[International Organizations](#) Routledge

Fully revised to incorporate recent developments, this fourth edition of Understanding Global Security analyses the variety of ways in which people's lives are threatened and/or secured in contemporary global politics. The traditional focus of Security Studies texts: war, deterrence and terrorism, are analysed alongside non-military security issues such as famine, crime, disease, disasters, environmental degradation and human rights abuses to provide a comprehensive survey of how and why people are killed in the contemporary world. This new edition features: Greater coverage of the evolving theoretical literature on security, including more analysis of critical theory perspectives and emerging schools of thought. Reflections on recent developments in the conflicts in Syria and Ukraine. New data and cases on poverty, hunger and depression and greater analysis of the social

and political implications of the prolonged period of stagnation the global economy has gone through. New content reflecting the recent resurgence in populist nationalism evident in the election of Trump in the USA, the UK's exit from the EU and the authoritarian turn taken in many countries.

Analysis of the 2015 Paris climate change treaty and the international responses to recent pandemics such as Ebola and Zika A new section has been included on suicide, plugging a gap evident in the earlier editions. User-friendly and easy to follow, this highly acclaimed and popular academic textbook is designed to make a complex subject accessible to all and will continue to be essential reading for everyone interested in security.

UNDERSTANDING INTERNATIONAL RELATIONS Bloomsbury Publishing

This book is a comprehensive guide to theories of International Relations (IR). Given the limitations of a paradigm-based approach, it sheds light on eighteen theories and new theoretical perspectives in IR by examining the work of key reference theorists. The chapters are all written to a common template. The introductory section provides readers with a basic understanding of the theory's genesis by locating it within an intellectual tradition, paying particular attention to the historical and political context. The second section elaborates on the theory as formulated by the selected reference theorist. After this account of the theory's core elements, the third section turns to theoretical variations, examining conceptual subdivisions and overlaps, further developments and internal critique. The fourth section scrutinizes the main criticisms emanating from other theoretical perspectives and highlights points of contact with recent research in IR. The fifth and final section consists of a bibliography carefully compiled to aid students' further learning. Encompassing a broad range of mainstream, traditional theories as well as emerging and critical perspectives, this is an original and ground-breaking textbook for students of International Relations. The German edition of the book won the "Geisteswissenschaften International" Prize,

collectively awarded by the Fritz Thyssen Foundation, the German Federal Foreign Office and the German Publishers & Booksellers Association.

Understanding International Relations Red Globe Press

The fourth edition of this well-established and popular introductory textbook has been updated to cover recent developments in the field of International Relations and world events, whilst still navigating the complexities of the discipline for new students. Brown and Ainley provide systematic coverage of the classical concerns of International Relations theory - power, national interest, foreign policy and war - alongside analysis of the impact of globalization on security, governance and the world economy. The authors actively avoid using a singular theoretical lens to conduct their survey, instead evaluating and using many throughout this book to further illustrate the nuances of the discipline. This is all while maintaining the focus on the discipline's focus on real world events, with case studies ranging from the recent rise of China and Russia to the global economic downturn, to teach students how the discipline can be applied to understanding the central and difficult questions that the world faces today. Clear and accessible, but also critical and penetrating, this book is an essential text for undergraduate International Relations students today.

An Interdisciplinary Approach to Global Issues SAGE

Introducing students to the main theories in international relations, this textbook also deconstructs each theory, allowing students to engage critically with the assumptions and myths that underpin them.

The Global Condition in the Late Twentieth Century Cambridge University Press

Understanding Ethnic Conflict provides all the key concepts needed to understand conflict among ethnic groups. Including approaches from both comparative politics and international relations, this text offers a model of ethnic conflict's internationalization by showing how domestic and international actors influence a country's ethnic and sectarian divisions. Illustrating this model in five original case studies, the unique combination of theory and application in *Understanding Ethnic Conflict* facilitates more critical analysis of contemporary ethnic conflicts and the world's response to them.

Understanding Global Security Routledge

Understanding International Relations Red Globe Press

International Relations Rowman & Littlefield

So often, political science is introduced to students as a segmented field. The *Challenge of Politics* instead enables students to see how the subfields converge around a set of crucial questions: can we, as citizens and students articulate and defend a view of the good political life and its guiding political values? Can we develop a science of politics to help us understand significant political phenomena—the empirical realities of politics? Can we bring a high level of political prudence or wisdom to bear on judgments about politics and public issues? Can citizens and students creatively address the future of politics? Riemer, Simon, and Romance aim to harmonize the valuable lessons of classic and contemporary theory, as well as to reconcile politics to scientific and empirical study. The book gives students an avenue to explore the impact of philosophy and ideology, to recognize major forms of government, to evaluate empirical findings, and to understand how policy issues directly affect people's lives. Throughout, the authors look at political dynamics of American, comparative, and international affairs. While continuing to pursue its distinctive normative approach and showing politics to be a potentially humanizing enterprise, this new edition of *Challenge* has been revised and updated for major world events like the global financial crisis, recent elections in the U.S. and elsewhere, important policy decisions like the recent Supreme Court ruling in the U.S. on healthcare, and the aftermath of the Arab Spring. Based on reviewer feedback, it has also been substantially streamlined throughout.

International Relations Theory Macmillan International Higher Education

INTERNATIONAL POLITICS: POWER AND PURPOSE IN GLOBAL AFFAIRS, 4th Edition, helps you make the connection between analytical theories and real-world issues and events. The focus on power and purpose engages both the goals that actors have in international politics, and the ways they have to achieve them. Thought-provoking case studies and features on history, policy, and geography let you see the world from multiple perspectives, while critical-thinking questions for each feature ask you to examine what you have learned. The Connection to You boxes show how international politics directly affects the lives of individuals, and how individuals can influence international politics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Talking across Disciplines Routledge

This clear and concise introductory textbook guides students through their first engagement with geopolitics. It offers a clear framework for understanding contemporary conflicts by showing how geography provides opportunities and limits upon the actions of countries, national groups, and terrorist organizations. This second edition is fundamentally restructured to emphasize geopolitical agency, and non-state actors. The text is fully revised, containing a brand new chapter on environmental geopolitics, which includes discussion of climate change and resource conflicts. The text contains updated case studies, such as the Korean conflict, Israel-Palestine and Chechnya and Kashmir, to emphasize the multi-faceted nature of conflict. These, along with guided exercises, help explain contemporary global power struggles, environmental geopolitics, the global military actions of the United States, the persistence of nationalist conflicts, the changing role of borders, and the new geopolitics of terrorism, and peace movements. Throughout, the readers are introduced to different theoretical perspectives, including feminist contributions, as both the practice and representation of geopolitics are discussed. *Introduction to Geopolitics* is an ideal introductory text which provides a deeper and critical understanding of current affairs, geopolitical structures and agents. The text is extensively illustrated with diagrams, maps, photographs and end of chapter further reading. Both students and general readers alike will find this book an essential stepping-stone to understanding contemporary conflicts.

Chinese Foreign Policy Verlag Barbara Budrich

With a framework based on interests, interactions, and institutions, *World Politics* gives students the tools to understand international relations. In the thoroughly updated Fourth Edition, new Controversy units provide models for applying the concepts in each chapter to real-world issues and events. New InQuizitive activities—created and tested by instructors who teach with *World Politics*—then invite students to practice applying the analytical tools from the text to alternative examples and cases.

Understanding Ethnic Conflict Oxford University Press, USA

Theories of the Policy Process provides a forum for the experts in the most established and widely used theoretical frameworks in policy process research to present the basic propositions, empirical evidence, latest updates, and the promising future research opportunities of each framework. This well-regarded volume covers such enduring classics as Multiple Streams (Zahariadis et al.), Punctuated Equilibrium (Jones et al.), Advocacy Coalition Framework (Jenkins-Smith et al.), Institutional Analysis and Development Framework (Schlager and Cox), and Policy Diffusion (Berry and Berry), as well as two newer theories—Policy Feedback (Mettler and SoRelle) and Narrative Policy Framework (McBeth et al.). The fourth edition now includes a discussion of global and comparative perspectives in each theoretical chapter and a brand-new chapter that explores how these theories have been adapted for, and employed in, non-American and non-Western contexts. An expanded introduction and revised conclusion fully examines and contextualizes the history, trajectories and functions of public policy research. Since its first publication in 1999, *Theories of the Policy Process* has been, and remains, the quintessential gateway to the field of policy process research for students, scholars and practitioners.

Human Rights in International Relations Routledge

This exciting new textbook provides an accessible and lively introduction to international relations for students encountering the subject for the first time. Presenting complex ideas, concepts and arguments in a straightforward and conversational way, the textbook explains international relations from a diplomatic perspective, emphasizing co-existence in the absence of agreement, and developing students' ability to make sense of the current conditions of international uncertainty. Introducing students to the major theories and issues in international relations, each chapter: is written to a common structure, dividing each topic into sections with learning objectives within each section to provide points of focus for students and instructors includes extensive text box examples and short case studies for reflection and discussion provides key terms, key takeaways and simple exercises which require short responses offers a suggested list of further readings for those who wish to explore a topic further. The first introductory textbook to take a diplomatic approach, this text is essential reading for all those looking to take their first steps into the study of international relations in an era of uncertainty.

Challenge of Politics, 4th Edition Hodder Education

Integrating theory and case studies, this cogent text explores the processes and factors that shape foreign policy. Following a levels-of-analysis organization, Neack considers all elements that influence foreign policy, including the role of leaders, bargaining, national image, political culture, public opinion, the media, and nonstate actors.

Advances in Theory and Research Routledge

The fifth edition of this bestselling textbook offers a comprehensive and engaging introduction to International relations and has been fully updated to cover the dramatic changes in recent world politics. Written in the author's unique and engaging style, the text explores everything from foreign policy and security to global governance and the global economy, to show how the theories and concepts Brown outlines are the only way to make sense of contemporary issues and events. With reference to such diverse events as Brexit, the Russian armed conflict in Ukraine, the financial crisis, the rise of China, and the challenges of identity politics, the author expertly shows how the range of theories presented in the book allow for an understanding of the destabilising events and developments that characterise global politics today, and will continue to do so in the future. This text remains the definitive guide to understanding international relations, and is suitable for undergraduate and postgraduate students of international relations at any stage of their studies. New to this Edition: - Thoroughly updated to showcase the breadth of the latest research and key thinkers in international relations theory. - Entirely rewritten chapter on the development of human rights and international criminal law. - Brand new chapter that offers a sophisticated and up-to-date analysis of the current state of world politics.

Fourth International Student Edition Routledge

Give your students the best chance of success with this tried and tested series, combining in-depth analysis, engaging narrative and accessibility. *Access to History* is the most popular, trusted and wide-ranging series for A-level History students. This title: - Supports the content and assessment requirements of the 2015 A-level History specifications - Contains authoritative and engaging content - Includes thought-provoking key debates that examine the opposing views and approaches of historians - Provides exam-style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including: - AQA: International Relations and Global Conflict c1890-1941 - OCR: International Relations 1890-1941

International Society, Global Polity Routledge

This core text is the first to provide a much-needed interdisciplinary approach to international studies. Emphasizing the interconnected nature of history, geography, anthropology, economics, and political science, *International Studies* details the methodologies and subject matter of each discipline then applies these discipline lenses to seven regions: Europe; East Asia and the Pacific; South and Central Asia; sub-Saharan Africa; the Middle East and North Africa; Latin America; and North America. This disciplinary and regional combination provides an indispensable, cohesive framework for understanding global issues. The fully updated fourth edition includes four new global issues chapters: *The Refugee Crisis in Europe*; *The Syrian Civil War and the Rise of the Islamic State*; *Global Climate Change*; and *The Globalization of Modern Sports*. .

Introduction to Geopolitics Psychology Press

This widely used textbook continues to provide students with an introduction to International Organisations, exploring their rise, their development in the 20th century and accounting for their significance in the modern international political and economic system. The third edition: has been fully revised and updated continues to offer a unique concise, yet comprehensive, approach, giving students an accessible and manageable introduction to this core part of International Relations offers authoritative guides to further reading.

World Politics Longman Publishing Group

The *Historical Dictionary of International Relations* is a general guide to the theory and practice of the relations between states, and between states and other actors on the world stage. It introduces readers to the real world operations of international relations, and is thus concerned with the actual relations between states, organizations, groups and people. It also offers introductory information about the various theories, old and new, that help explain these relations, why they happen and the possible alternatives that might be available now or in the future. Moreover, some of the key

thinkers of these theories are discussed. The Historical Dictionary of International Relations contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 200 cross-referenced entries on real world operations of international relations, the actual relations

between states, organizations, groups and people.. This book is an excellent resource for students, researchers, and anyone wanting to know more about International Relations.
