## GEORGE LAWRENCE

---

**Grendel** Boydell & Brewer Ltd

Beowulf is the conventional title of an Old English heroic epic poem consisting of 3182 alliterative long lines, set in Scandinavia, commonly cited as one of the most important works of Anglo-Saxon literature. It survives in a single manuscript known as the Nowell Codex. Its composition by an anonymous Anglo-Saxon poet is dated between the 8th and the early 11th century.

Beowulf State University of New York Press

Indonesian poetry, like the country and also the language, is basically a product of this century. Only in the twentieth century have the people of this vast archipelago begun to achieve a unified cultural identity and national spirit; only since 1928 has the possibility, and by now the reality, of a common language been realized; and only since World War II have Indonesians achieved nationhood. Yet Indonesia has already produced a highly individual, lyric poetry that is in many ways unusual. Reflecting the diverse heritage of the Orient and the West—Moslem, Buddhist, Hindu, and Christian; Malay, Chinese, Dutch, and others—a poetic expression is developing that is accessible to, and meaningful for, both East and West. In this first major study of this poetic flowering, Burton Raffel traces its development, discusses the work of such major figures as Chairil Anwar, and points the paths the most recent poets are taking. This is illustrated with a

wealth of examples—in translations mostly by the author, but also with samples of the original Indonesian to convey the flavor of the language—and by an extensive appendix of Indonesian literary criticism that indicates how the poets themselves view their role and their performance. The Development of Modern Indonesian Poetry provides the English-speaking public with a rare insight into the cultural development of the fifth most populous country in the world, and raises along the way some questions important for an understanding of the relationship between poetry and politics in nonaligned nations.

**Beowulf** Houghton Mifflin Harcourt

The first and most terrifying monster in English literature, from the great early epic Beowulf, tells his own side of the story in this frequently banned book. This classic and much lauded retelling of Beowulf follows the monster Grendel as he learns about humans and fights the war at the center of the Anglo Saxon classic epic. This is the book William Gass called "one of the finest of our contemporary fictions."

Beowulf - Second Edition Courier Corporation

In this restructured and greatly expanded version of Burton Raffel's out-of-print classic, Poems from the Old English, Raffel and co-editor Alexandra H. Olsen place the oldest English writings in a different perspective. Keeping the classroom teacher's needs foremost in mind, Raffel and Olsen organize the major old English poems (except Beowulf) and new prose selections so as to facilitate both reading and studying. A general introduction

provides an up-to-date and detailed historical account of the Anglo-Saxon period, and concise introductions open the literature sections of the book and many of the translations.

*Glencoe Literature Course 3* University of Arizona Press

A widely celebrated translator's vivid, accessible, and elegantly concise rendering of an ancient English masterpiece *Beowulf* tells the story of a Scandinavian hero who defeats three evil creatures--a huge, cannibalistic ogre named Grendel, Grendel's monstrous mother, and a dragon--and then dies, mortally wounded during his last encounter. If the definition of a superhero is "someone who uses his special powers to fight evil," then *Beowulf* is our first English superhero story, and arguably our best. It is also a deeply pious poem, so bold in its reverence for a virtuous pagan past that it teeters on the edge of heresy. From beginning to end, we feel we are in the hands of a master storyteller. Stephen Mitchell's marvelously clear and vivid rendering re-creates the robust masculine music of the original. It both hews closely to the meaning of the Old English and captures its wild energy and vitality, not just as a deep "work of literature" but also as a rousing entertainment that can still stir our feelings and rivet our attention today, after more than a thousand years. This new translation--spare, sinuous, vigorous in its narration, and translucent in its poetry--makes a masterpiece accessible to everyone.

*Beowulf* McGraw-Hill/Glencoe

Presents the prose translation of the Old English epic that Tolkien created as a young man, along with selections from lectures on the poem he gave later in life and a story and poetry he wrote in the

style of folklore on the poem's themes.

*Beowulf* Lost Roads Publishers

"I write what I eat and smell," says Diana Garc'a, and her words are a bountiful harvest. Her poems color the page with the vibrancy and sweetness of figs, the freshness of tortillas, and the sensuality of language. In this, Garc'a's first collection of poems, she takes a bittersweet look back at the migrant labor camps of California and offers a tribute to the people who toiled there. Writing from the heart of California's San Joaquin Valley, she catapults the reader into the lives of the campesinos with their daily joys and sorrows. Bold, political, and familial, Garc'a's poems gift the reader with a sense of earth, struggle, and pride--each line filled with the sounds of agrarian music, from mariachi melodies to repatriation revolts. Embodied with such spirit, her poems rise with the convictions of power and equality

An examination of English verse translations of Beowulf, including Seamus Heaney's version alongside other influential renditions.

**Poems and Prose from the Old English** National Geographic Books  
Literary scholar, professor, and poet J. Lesslie Hall is best known for his 1897 translation of the Old English epic poem "Beowulf." The story focuses on the titular character of Beowulf, a Scandinavian hero who comes to the aid of the Danes to save their land from a human-demon monster named Grendel. After defeating Grendel, Beowulf must then kill Grendel's mother. He returns to Scandinavia with more fame and accord and eventually becomes king. Then fifty years later, a dragon attacks his kingdom, and the hero must fight once again to defend his title and his honor. What makes "Beowulf" a lasting classic is its depiction of Norse traditions and culture. The people have strong connections inherent within a kinship society; if someone was killed it was the family's duty to exact justice or receive payment for the death. "Beowulf" also shows an interesting dichotomy between the Norse pagan religion of when the story is set versus the monotheistic Christian storytellers who likely first related the tale during the Middle Ages. Many scholars debate the epic poem's true stance on religion, but the tale gives an accurate depiction of how paganism deteriorated as monotheism flourished. A classic of Anglo-Saxon literature, "Beowulf" remains one of the greatest epic poems ever written. This edition is printed on premium acid-free paper, includes an introduction by Kemp Malone, and a preface and annotations by the translator, J. Lesslie Hall.

**The Battlefield where the Moon**

**Says I Love You** Yale University Press  
Beowulf is the earliest surviving poem in Old English. Although the authorship is anonymous it is believed to have been written before the 10th century AD. The only extant European manuscript of the Beowulf text is placed at around 1010. The epic tells the tale of the Scandinavian hero Beowulf as he struggles against three adversaries; the monster Grendel, Grendel's mother and an unnamed dragon.

SUNY Press  
R.M. Liuzza's translation of Beowulf, first published by Broadview in 1999, has been widely praised for its accuracy and beauty. The translation is accompanied in this edition by genealogical charts, historical summaries, and a glossary of proper names. Historical appendices include related legends, stories, and religious writings from both Christian and Anglo-Saxon traditions. These texts help readers to see Beowulf as an exploration of the politics of kingship and the psychology of heroism, and as an early English meditation on the bridges and chasms between the pagan past and the Christian present. Appendices also include a generous sample of other modern translations of Beowulf, shedding light on the process of translating the poem. This new edition features an updated introduction and an expanded section of material on Christianity and paganism.

*Beowulf Illustrated Edition* Modern Library

Beowulf is one of the earliest extant poems in a modern European language, composed in England before the Norman Conquest. As a social document this great epic poem is invaluable-reflecting a feudal world of heroes and monsters, blood and victory, life and death. As a work of art, it is unique. Beowulf rings

with beauty, power, and artistry that have kept it alive for a thousand years. The noble simplicity of Beowulf's anonymous Anglo-Saxon singer is recaptured in this vivid translation by Burton Raffel.

*Sir Gawain and the Green Knight: With Pearl and Sir Orfeo* Faber & Faber Limited

A collection of three medieval English poems, translated by Tolkien for the modern-day reader and containing romance, tragedy, love, sex and honour. *Beowulf* Independently Published  
Finest heroic poem in Old English celebrates the exploits of Beowulf, a young nobleman of southern Sweden. Combines myth, Christian and pagan elements, and history into a powerful narrative. Genealogies.

**Beowulf** Broadview Press

"For there is indeed something we can call the spirit of ancient Greece—a carefully tuned voice that speaks out of the grave with astonishing clarity and grace, a distinctive voice that, taken as a whole, is like no other voice that has ever sung on this earth." —BURTON RAFFEL, from his Preface  
For centuries, the poetry of Homer, Aristophanes, Sophocles, Sappho, and Archilochus has served as one of our primary means of connecting with the wholly vanished world of ancient Greece. But the works of numerous other great and prolific poets—Alkaios, Meleager, and Simonides, to name a few—are rarely translated into English, and are largely unknown to modern readers. In *Pure Pagan*, award-winning translator Burton Raffel brings these and many other wise and witty ancient Greek writers to an English-speaking audience for the first time, in full poetic flower. Their humorous and philosophical ruminations create a vivid portrait of everyday life in ancient

Greece—and they are phenomenally lovely as well. In short, sharp bursts of song, these two-thousand-year-old poems speak about the timeless matters of everyday life: Wine (Wine is the medicine / To call for, the best medicine / To drink deep, deep) History (Not us: no. / It began with our fathers, / I've heard). Movers and shakers (If a man shakes loose stones / To make a wall with / Stones may fall on his head / Instead) Old age (Old age is a debt we like to be owed / Not one we like to collect) Frankness (Speak / As you please / And hear what can never / Please). There are also wonderful epigrams (Take what you have while you have it: you'll lose it soon enough. / A single summer turns a kid into a shaggy goat) and epitaphs (Here I lie, beneath this stone, the famous woman who untied her belt for only one man). The entrancing beauty, humor, and piercing clarity of these poems will draw readers into the Greeks' journeys to foreign lands, their bacchanalian parties and ferocious battles, as well as into the more intimate settings of their kitchens and bedrooms. The poetry of *Pure Pagan* reveals the ancient Greeks' dreams, their sense of humor, sorrows, triumphs, and their most deeply held values, fleshing out our understanding of and appreciation for this fascinating civilization and its artistic legacy.
