A friend is missing an expensive piece of jewelry. You hold a photo of your friend wearing the jewelry. From your deep mind, impressions rise. You actually see it behind a dresser. A quick check and ... there it is! The jewelry is returned to its owner. Does that sound

fantastic? Actually, it is something that happens to thousands of people every day. It is a psychic ability called psychometry, and you can learn to harness this natural talent in *How to Develop and Use Psychic Touch* by Ted Andrews. But psychometry can be used for much more than just finding lost objects. You can also use it to find lost persons, develop all of your psychic abilities, and even give

psychic readings. With practice, you could give readings professionally without the use of cards, candles, or crystal balls. In order to do all of this, you need two things: an understanding of how psychometry works, and knowledge of the techniques and exercises necessary to develop your abilities with the use of psychic touch. You will get all of this and more in *How to Develop and Use*

Psychic Touch. Did you know that there are two basic theories about how psychometry works? They are called the Aura Theory and the Holographic Theory. You'll learn the differences between them here. Then you'll learn the surprisingly easy exercises and techniques which will allow your psychic ability to spring forth at levels you never thought possible. You'll open and exchange

psychic energy with your hand chakras and learn to meditate. You'll discover the secret of turning off the constant chatter within your head, and learn to listen for important information within the silence. With practice, your new ability to find lost objects and people, and to give psychic readings anywhere and anytime, may make you one of the most popular people around. If you

want to have these talents, this is the book for you!

Book's author, Nathaniel, a professional psychic, have

put together knowledge from different parts of the world, and simplified it, so anyone can unleash his or hers psychic potential! Below are reviews of readers: "Psychic Development Simplified is an amazing source of information. I learned a few tips and tricks even I hadn't known! Nathan has done a fantastic job compiling information and making it understandable for everyone! I

highly recommend it to others!" - J.V. Krakowski, psychic teacher. "Interested a book on psychic development that's different from all of the rest? Try Nathan's new e-book, Psychic Development Simplified and you won't be disappointed. (...) As a professional intuitive, I found myself nodding my head along with him in the "How To" do a psychic reading section. (...) I found myself

puzzling over them somewhat not only as I was learning some new things, but also as I recognized that there were a number of things I do automatically in a reading that I didn't really learn anywhere that Nathan puts a name to and teaches you how to do - invaluable. (...) Nathan uses easy to understand "everyday" analogies to explain complex topics. He is straightforward and calls it

like he sees it. You can trust his judgement when he gives you advice on how to think about the process and not to overwhelm or overload yourself, but instead to take it easy and at your own pace. Some of the advice he gives in snippets thrown out here and there are simply priceless and will resonate with everyone, no matter what your intuitive style or belief system. (...) It

is dense, extensively informative, and something that I would liken to a Psychic Encyclopedia. My take on this is that it could in itself be considered a fairly comprehensive course. The perspective is unique, and just different enough to make even a seasoned psychic or intuitive reconsider their position on some things." - Julie Barrett, professional psychic intuitive. "(...)

I had the good fortune of being able to read "Psychic Development Simplified" and am so glad I did. I was a little daunted at first by the number of pages, but once I settled in to read, it was hard to put it down. It is exactly as the title states - simplified. One of the best pieces of information I learned was that not everyone has the same gifts, but you have the ability to learn others. Before I started

reading, I had visions in my head about turban wearing shrunken ladies with long fingernails and a crystal ball; I was extremely happy to find out this is not a realistic thought and true psychics are every day people with every day lives. Another great point about this book are the theories that are discussed in full detail before each practical activity. I like a little knowledge and/or history

before I dive into something and that is exactly what Nathan provided. The practical exercises were easy to understand and attempt throughout the entire book. I'm so thankful for my new knowledge that I can't wait to re-read and continue practicing. I would highly recommend this for all levels of learning and practicing psychics." - Jennifer, a psychic in training. Get

your copy today, and unleash your psychic potential! *Practical Guide to Psychic Powers* Piatkus Books Everyone possesses some sort of psychic powers. Some people's psychic abilities are more pronounced and developed than others. Nonetheless, we all have psychic potential, but it is up to the individual to recognize and develop this immense innate ability.

There are people who are already aware of some of their psychic abilities like for example ESP, clairvoyance, channeling as well as others and have tapped into these abilities and have fully embraced the concept of having psychic powers. On the other hand there are those who are not aware of the innate psychic abilities that they possess or are truly skeptical of the actual

concept. One of the main reasons for this skepticism is that there are a lot of myths and misinformation floating out there in the world today on the subject of being “psychic”. In his book entitled *Psychic Powers: How to Find and Develop Your Inner Psychic Abilities* author David Green addresses those myths and misinformation by giving you a clear understanding

of what it truly means to be “psychic” and how to identify and develop the psychic abilities in you. You will learn about the common psychic abilities such as:

- Aura reading
- Clairvoyance
- Divination
- Extrasensory perception (ESP)
- Mediumship (also known as channeling)
- Precognition
- Psychometry
- Retrocognition

You will also learn step by step how to develop your psychic

abilities and how to use them to tap into the metaphysical world that's around us.
