Contemporary American  
Musical Instrument  
Makers* Flynn Publications

This unique reference  
book is a compendium of  
makers and  
manufacturers of every

variety of musical  
instrument made in the  
United States today. It  
provides names and  
addresses of instrument  
makers indexed  
alphabetically. Each entry  
gives all known  
information on the total  
and annual number of  
instruments the maker  
has produced, the number  
of workers in the shop,  
the year the individual or  
firm began manufacturing  
instruments, whether the  
instruments are available  
on demand or made to  
order, and whether a  
brochure is available from  
the maker. Complete  
cross-references are  
provided for companies  
known by more than one  
name, for partnerships,  
and for parent and  
subsidiary firms.  
Instruments are also  
indexed, and makers are

listed by state for the  
convenience of the  
reader. Lists of schools of  
instrument making and  
relevant organizations  
and publications are  
included as appendixes.  
The directory will serve  
two major purposes. First,  
it will be an invaluable  
source of information for  
historians and for the  
rapidly growing number of  
collectors of musical  
instruments, who will be  
able to use the data  
gathered here in  
appraising instruments  
and tracing their history.  
The second purpose is  
simply to increase  
communication among  
instrument makers and to  
make their names  
available to retail and  
wholesale outlets for their  
products.
