ARCHER CANTRELL

Touching Spirit Bear Children's Book Trust
 The #1 New York Times bestselling author of life-changing fiction brings her signature "emotional, heart-tugging" (Woman's World) prose to this wise and worldly novel of forgiveness and hope in the City of Lights. In Indiana, Ashley Baxter Blake and her husband are about to take an anniversary trip to Paris, but she is hesitant. More than two decades ago, she made her most grievous mistake in that same city. She has never forgiven herself for what happened there, and she still harbors secrets that she's afraid will come to light. Just before the trip, Ashley gets a call from her niece. Jessie explains that her French boyfriend's mother remembers working at a bakery with an American named Ashley. "Could that be you?" When Alice and Ashley meet, a flood of memories comes for both women, taking Ashley back to a reckless affair and an unexpected pregnancy and Alice to the night she nearly ended it all. Can this reunion bring healing and closure? Maybe it is finally time for Ashley to forgive herself...and Paris.

Nose Dive Crown

Brady loves life on the Chesapeake Bay with his friends J.T. and Digger. But developers and rich families are moving into the area, and while Brady befriends some of them, like the DiAngelos, his parents and friends are bitter about the changes. Tragedy strikes when the DiAngelos' kayak overturns in the bay, and Brady wonders if it was more than an accident. Soon, Brady discovers the terrible truth behind the kayak's sinking, and it will change the lives of those he loves forever. Priscilla Cummings deftly weaves a suspenseful tale of three teenagers caught in a wicked web of deception.

National Geographic Books

"A new and authentic voice of the urban Latino experience." -- Esmeralda Santiago, author of *When I Was Puerto Rican* In a stunning narrative combining the gritty rhythms of Junot Diaz with the noir genius of Walter Mosley, *Bodega Dreams* announces the arrival of a writer who "The Village Voice has already hailed as "a Writer on the Verge." The word is out in Spanish Harlem: Willy Bodega is king. Need college tuition for your daughter? Start-up funds for your fruit stand? Bodega can help. He gives everyone a leg up, in exchange only for loyalty--and a steady income from the drugs he pushes. Lyric, inspired, and darkly

funny, this powerful debut novel brilliantly evokes the trial of Chino, a smart, promising young man to whom Bodega turns for a favor. Chino is drawn to Bodega's street-smart idealism, but soon finds himself over his head, navigating an underworld of switchblade tempers, turncoat morality, and murder.

Notes From The Midnight Driver Scholastic Inc.

Just when you thought you had it all figured out . . . "Alex Peter Gregory, you are a moron!" Laurie slammed her palms down on my desk and stomped her foot. I get a lot of that. One car crash. One measly little car crash. And suddenly, I'm some kind of convicted felon. My parents are getting divorced, my dad is shacking up with my third-grade teacher, I might be in love with a girl who could kill me with one finger, and now I'm sentenced to babysit some insane old guy. What else could possibly go wrong? This is the story of Alex Gregory, his guitar, his best gal pal Laurie, and the friendship of a lifetime that he never would have expected.

Hush First-Year Experience Monograp

Explores the mysterious monument of Stonehenge and reveals some of its secrets and history.

Tuesdays with Morrie An Old Man, a Young Man, and Life's Greatest Lesson, 20th Anniversary Edition Crown
Tuesdays with Morrie Teacher Guide Rizzoli Publications
This book presents to an American audience the cuisine of Liguria—the Italian Riviera—full of dishes that are inventive, inherently seasonal, waste-conscious, plant-forward, and geared toward the home cook. Italian cuisine never goes out of style. Yet while many are familiar with various regional cuisines of Italy, one of its most gastronomically rich regions has been largely overlooked: Liguria, home of focaccia, pesto, and the Cinque Terre. Award-winning author and food writer Laurel Evans has been immersed in the cuisine of Liguria for 15 years, ever since her Italian boyfriend (now husband, and the photographer for this book) brought her to his family's hillside villa in Moneglia on the Mediterranean coast. There, Evans immersed herself in kitchens, restaurants, and markets, building relationships with the chefs, shopkeepers, producers, and nonne who drive the local cuisine. This book showcases all that she discovered: a cuisine that is beautiful but humble, plant-based and waste-conscious at its core, with a particular spirit and history that she unravels for readers new to the region. From the ultimate pesto, to the definitive focaccia recipe coaxed out of local bakers, to recipes for lesser-known Ligurian specialties like Cappon Magro, Liguria:

The Cookbook offers readers a personal journey into the heart of the cuisine of this timeless yet ever-evolving region.

Lawn Boy Knopf

Winner of the Alex Award "Mike Muñoz Is a Holden Caulfield for a New Millennium—a '10th-generation peasant with a Mexican last name, raised by a single mom on an Indian reservation' . . . Evison, as in his previous four novels, has a light touch and humorously guides the reader, this time through the minefield that is working-class America." --The New York Times Book Review For Mike Muñoz, life has been a whole lot of waiting for something to happen. Not too many years out of high school and still doing menial work--and just fired from his latest gig as a lawn boy on a landscaping crew--he's smart enough to know that he's got to be the one to shake things up if he's ever going to change his life. But how? He's not qualified for much of anything. He has no particular talents, although he is stellar at handling a lawn mower and wielding clipping shears. But now that career seems to be behind him. So what's next for Mike Muñoz? In this funny, biting, touching, and ultimately inspiring novel, bestselling author Jonathan Evison takes the reader into the heart and mind of a young man determined to achieve the American dream of happiness and prosperity--who just so happens to find himself along the way.

Teaching at Its Best Simon and Schuster

"In the vein of Tuesdays with Morrie, a devoted proteaegae and friend of one of the world's great thinkers takes us into the sacred space of the classroom, showing Holocaust survivor and Nobel Peace Prize recipient Elie Wiesel not only as an extraordinary human being, but as a master teacher"--

The Jewish Traveler Penguin

"If you've ever been perplexed by the byzantine rules of recycling, you're not alone...you'll want to read Can I Recycle This?... An extensive look at what you can and cannot chuck into your blue bin." —The Washington Post The first illustrated guidebook that answers the age-old question: Can I Recycle This? Since the dawn of the recycling system, men and women the world over have stood by their bins, holding an everyday object, wondering, "can I recycle this?" This simple question reaches into our concern for the environment, the care we take to keep our homes and our communities clean, and how we interact with our local government. Recycling rules seem to differ in every municipality, with exceptions and caveats at every turn, leaving the average American scratching her head at the simple act of throwing something away. Taking readers on a quick but informative tour of how recycling actually works (setting aside the propaganda we were all taught as kids), Can I Recycle This gives straightforward answers to whether dozens of common household objects can or cannot be recycled, as well as the information you need to make that decision for anything else you encounter. Jennie Romer has been working for years to help cities and states across America better deal with the waste we produce, helping draft meaningful legislation to help communities better process their waste and produce less of it in the first place. She has distilled her years of experience into this non-judgmental, easy-to-use guide that will change the way you think about what you throw away and how you do it.

We Beat the Street Simon and Schuster

An arresting, poetic journey and a moving reflection on immigration, family, and home, from an acclaimed creative team. Wishes tells the powerful, honest story about one Vietnamese family's search for a new home on the other side of the world, and the long-lasting and powerful impact that makes on the littlest member of the family. Inspired by actual events in the author's life, this is a narrative that is both timely and timeless. Told through the eyes of a young girl, the story chronicles a

family's difficult and powerful journey to pack up what they can carry and to leave their world behind, traveling to a new and unknown place in a crowded boat. With sparse, poetic, and lyrical text from acclaimed author Muon Thi Van, thoughtful back matter about the author's connection to the story, and luminous, stunning illustrations from Forbes 30 Under 30 honoree Victo Ngai, *Wishes* tells a powerful and timely story in a gentle and approachable way for young children and their families. With themes of kindness, bravery, hope, and love running throughout, *Wishes* is a must-have book for every child's bookshelf.

How Schools are Killing Reading and what You Can Do about it Turtleback Books

Three boys, who made a pact to stick together through the rough times in their impoverished Newark neighborhood, found the strength to work through their difficulties and complete high school, college, and medical school together.

When Excellence and Ethics Meet Penguin

The New York Times bestseller from the author of *The Order of Time* and *Reality Is Not What It Seems* and *Helgoland* "One of the year's most entrancing books about science."—*The Wall Street Journal* "Clear, elegant...a whirlwind tour of some of the biggest ideas in physics."—*The New York Times Book Review* This playful, entertaining, and mind-bending introduction to modern physics briskly explains Einstein's general relativity, quantum mechanics, elementary particles, gravity, black holes, the complex architecture of the universe, and the role humans play in this weird and wonderful world. Carlo Rovelli, a renowned theoretical physicist, is a delightfully poetic and philosophical scientific guide. He takes us to the frontiers of our knowledge: to the most minute reaches of the fabric of space, back to the origins of the cosmos, and into the workings of our minds. The book celebrates the joy of discovery. "Here, on the edge of what we know, in contact with the ocean of the unknown, shines the mystery and the beauty of the world," Rovelli writes. "And it's breathtaking."

King Lear: Questions & Answers Crown

Mitch and Amy both think being twins is fun, but that doesn't stop them from squabbling. Amy is good at reading. Mitch is a math whiz. Amy likes to play pretend. Mitch would rather skateboard. They never want to watch the same television show. And they always try to get the better of each other. Then the school bully starts picking on Mitch—and on Amy, too. Now the twins have something rotten in common: Alan Hobbler. This twosome must set aside their squabbles and band together to defeat a bully!

Ribbons John Wiley & Sons

"We cannot change the cards we are dealt, just how we play the hand."—Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—"Really Achieving Your Childhood Dreams"—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you

think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

A Guide for Orienting Students to College Houghton Mifflin

What does it mean to carry out "good work"? What strategies allow people to maintain moral and ethical standards at a time when market forces have unprecedented power and work life is being radically altered by technological innovation? These questions lie at the heart of this eagerly awaited new book. Focusing on genetics and journalism—two fields that generate and manipulate information and thus affect our lives in myriad ways—the authors show how in their quest to build meaningful careers successful professionals exhibit "humane creativity," high-level performance coupled with social responsibility. Over the last five years the authors have interviewed over 100 people in each field who are engaged in cutting-edge work, probing their goals and visions, their obstacles and fears, and how they pass on their most cherished practices and values. They found sharp contrasts between the two fields. Until now, geneticists' values have not been seriously challenged by the demands of their work world, while journalists are deeply disillusioned by the conflict between commerce and ethics. The dilemmas these professionals face and the strategies they choose in their search for a moral compass offer valuable guidance on how all persons can transform their professions and their lives. Enlivened with stories of real people facing hard decisions, *Good Work* offers powerful insight into one of the most important issues of our time and, indeed, into the future course of science, technology, and communication.

A Novel Harper Collins

After she falls headfirst into a bird's nest, a baby bat is raised like a bird until she is reunited with her mother. On board pages.

If Stones Could Speak Penguin

Argues that the decline in reading by children in the United States is furthered by schools by focusing on test-taking and focusing solely on academic texts with guidance for educators on how to counteract this trend.

Mitch and Amy Penguin

#1 NEW YORK TIMES BESTSELLER • A special 20th anniversary edition of the beloved book that changed millions of lives—with a new afterword by the author Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class": lessons in how to live. *Tuesdays with Morrie* is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.
