Sharing the Practice "A beautiful book of meditations." Christian Century "McEntyre's language is reflective and sensitive but not sentimental. . . . A thoughtful and realistic window into the often hidden, though well-traveled, end-of-life journey." Michael Card — musician and writer "Marilyn McEntyre embodies simple, patient kindness in the pages of this book." Samuel Wells — vicar of St. Martin-in-the-Fields, London "When we face our own death, or the death of someone dearer to us than life itself, we perceive as-yet

formless truths and strive to articulate the fearful truths we apprehend. What we need is a companion who can abide amid our chaos, a sage who can choose the right moment to share a word, and a prophet who can say the thing we shrink from, yet need to hear. Marilyn Chandler McEntyre is all of these things. Going gently with her into the prison of death will set you free." Topeka Capital-Journal "Letting go of a loved one who is nearing the end of life is a difficult proposition, no matter how you slice it. Drawing from her years as a hospice volunteer, as well as from her experience of caring for her own family members, Marilyn Chandler McEntyre delves into this delicate subject with grace and compassion in her new book."

Discovering the Extraordinary After Abuse She Writes Press
Letting go is never easy, especially when you're young, insecure, and so in love with love. You think you're smart, yet here you are again: You let people in without caution. You ignore all the bad signs. You get attached. You get hurt. Heck, you're painfully attached. You know you have to let go but you can't seem to find the strength to move forward. This collection of essays will show you where that strength is and give you the inspiration you need to cut the strings of the past, slowly, finally.

Love Let Go Simon and Schuster

Let go of unhealthy relationships with the book that more than 850K people have trusted. Best-selling doctors, Hemfelt, Minirth, and Meier, walk you through their ten proven stages to recovery from codependency that results from external circumstances. Humans are susceptible to codependency because of our sinful tendency to use defense mechanisms to fool ourselves. In codependent relationships, deceitful games are played, and important Christian principles are often taken out of context and abused. God wants us to have healthy relationships with a balance between being dependent and independent. The doctors describe how the most effective means of overcoming codependent relationships is to establish or deepen a relationship with Christ Himself. They describe the causes of codependency, pointing out the factors that perpetuate it, and lead readers

through their ten stages of recovery. Continue a deeper study with the Love Is a Choice workbook, available separately.

Odyssey of Ashes: A Memoir of Love, Loss, and Letting Go begins with the sudden death of Cheryl Krauter's spouse. Five months later, in a stroke of irony and magic, her husband wins a long-desired guided fly fishing trip in a raffle—and Cheryl decides to go in his place, fulfilling a promise to scatter his ashes by a trout stream. Part I of this memoir is an account of the first year after Cheryl's husband's death, where she becomes an explorer in the infinite stream of grief and loss, a time traveler between the

darkness of sorrow and the light of daily life. Part II concludes with stories of the poignant and humorous adventures she had during the ensuing year. Tying it all together and woven throughout is Cheryl's account of the creation of an altar assembled during the three-day ritual of Los Días de los Muertos. Poetic and mythological, *Odyssey of Ashes* is a raw story of loss and the deep transformation that traveling through darkness and returning to light can bring.

How To Master The Art, Let Go Of Past Relationship & Find Peace With 12 Steps: The Art Of Letting Go Of Someone You Love Random House Digital, Inc.

Weaving together the story of his fractured relationship to his mother with research into her paranormal abilities, Dr. Christian Smith has created, in *The Scientist and the Psychic*, a captivating, one-of-a-kind memoir of belief, skepticism and familial love. Christian Smith realized his mother was different in the autumn of 1977 when he was eight years old. Before then, he'd witnessed séances at home and the kids at school sometimes teased him about his mom being a witch--so he sensed that his life wasn't typical. But it wasn't until he was backstage at a renowned concert venue in Toronto, watching from behind a curtain as Geraldine commanded an audience of 2,000 with her extrasensory readings, that he understood she was special. As

Geraldine's only child, he would assume the role of the quiet observer while she guided a live CBC broadcast of a séance; made startling and consistently accurate predictions; and eventually moved to LA to work with the parents of murder victims--and with convicted murderer Jeffrey R. MacDonald. Over time, the high profile and emotionally depleting work affected Geraldine's health and relationships. Addiction took over her life, and her son pulled away. Fast forward to the present day: Christian is a molecular biologist and Geraldine is retired and in poor health. They are closer than they've ever been, and now he gives us the story of her undeniable perceptual abilities and pioneering work as a psychic--and endeavours to make scientific sense of it.

A Memoir of Love, Loss, and Gratitude Thomas Nelson

Jill Sherer Murray lived in a dead-end relationship into her forties before she finally let it go. She was like millions of women who struggle with whether to stay in a loveless marriage, a bad relationship, or give up on dating altogether, believing love isn't in the cards. You may be struggling with a similar decision yourself. Perhaps you're terrified of being single, and yet you don't truly feel you're living the life you want. With warmth and honesty, Murray shows you how letting go—of feeling stuck, afraid, and alone, and of believing what you've got is all you deserve—can free you from a life that isn't serving you. She knows this is true, because she did it herself—and ultimately attracted the love and life she wanted. Through her story, other women's stories, surprising facts and statistics, and helpful exercises, *Big Wild Love* will show you the way back to the self you've lost. It will put you on the path to change and teach you

that, wherever you are, it's never too late to start anew and find the Big Wild Love you deserve.

Tiny Love Stories Love is Letting Go of Fear After a quarter century, LOVE IS LETTING GO OF FEAR is still one of the most widely read and best-loved books on personal transformation and has become a classic all over the world. This helpful and hopeful little guide is comprised of twelve carefully crafted lessons that are designed to help us let go of the past and stay focused on the present as we step confidently toward the future. Renowned founder and teacher of Attitudinal Healing, Dr. Gerald Jampolsky reminds us that the only impediments to the life we yearn for are the limitations imposed on us by our own minds. Revealing our true selves, the essence of which is love, is a matter of releasing those limited and limiting thoughts. LOVE IS LETTING GO OF FEAR has guided millions of readers toward self-healing with this deeply powerful yet profoundly simple message. Embrace it with an open mind and an open heart and let it guide you to a life in which fear, doubt, and negativity are replaced with optimism, joy, and love. Love Is Letting Go of Fear, Third Edition Displays the amazing power of generosity to transform people and communities When LaSalle Street Church in Chicago received an unexpected windfall, its leaders made the wild, counterintuitive decision to give it away. Each church member received a check for \$500 with the instruction to go out and do good in God's world. In Love Let Go readers witness how a church community was transformed by the startling truth that money

can buy happiness—when we give it away. Laura Sumner Truax and Amalya Campbell show how this radical generosity shaped their community, exploring the reverberating impact of each act of generosity, and ultimately revealing how LaSalle's faith-filled risk snowballed into a movement beyond itself. Throughout the book Truax and Campbell probe the connection of human flourishing to generosity and offer tools to help us reclaim our giver identities and live generously—to love and let go.

The Scientist and the Psychic Penguin

Leadership has for too long been treated as a model and not as a relationship. Zina Sutch and Patrick Malone argue that successful leadership must be based on love (altruism and empathy) and laughter (positive emotions and joy). Recent bestselling books have completely altered the way we understand how humans work and play together. *The Altruistic Brain* and *Born to Be Good* show that humans are deeply wired for empathy and compassion. *The Social Animal* and *Emotional Intelligence* prove that our emotional selves help us make better decisions and motivate others. However, the tactics we use to train leaders bear little reflection of these advancements; we're still creating competent but emotionally distant leaders who “manage human assets” and lead by setting goals, deadlines, and deliverables. Zina Sutch and Patrick Malone hope to flip a light switch and illuminate, above all else, that leadership begins with heart and soul. In five succinct chapters, they show that we lead best when we tap into our genetically driven human nature to love and nurture, connect and trust. This book seeks to reintroduce the warmth of human interaction and emotion into the leadership tool kit.

Life and its meaning is a mystery almost impossible to solve, but what can the leading theories teach us about the search for purpose? For most of us, the major questions of life continue to perplex: Who am I? Why am I here? How should I live? In the late nineteenth century, a class of thinkers emerged who made solving these problems central to their work. They understood that human questions demand human answers and that without understanding what it means to be human, there are no answers. Through the biographies and theories of luminaries ranging from Sigmund Freud to Erich Fromm, Frank Tallis show us how to think about companionship and parenting, identity and aging, and much more. Accessible yet erudite, *The Act of Living* is essential reading for anyone seeking answers to life's biggest questions.

A Revolutionary 30-Day Program to Cleanse Your Mind, Lift Your Spirit and Replenish Your Soul Basic Books

This handsome little book is unique in that it is about practical spirituality and is written, like Dr. Jampolsky's other books, in very simple, down-to-earth, easy-to-understand language. It explains why many of us find it so difficult to forgive, why we should forgive, how to forgive, and why we don't forgive. Forgiveness also explains how the mind works in this process and points out the toxic, negative side effects of being unforgiving and the havoc it can play on our body and on our life. It also shows the physical and spiritual benefits of forgiving.

Love Is Letting Go of Fear, Third Edition Zondervan

Letting Go describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most

effective ways to relieve human suffering in all of its many forms. The inner mechanism of surrender was found to be of great practical benefit and is described in this book. Dr Hawkins's previous books focused on advanced states of awareness and Enlightenment. Over the years, thousands of students had asked for a practical technique by which to remove the inner blocks to happiness, love, joy, success, health and, ultimately, Enlightenment. This book provides a mechanism for letting go of those blocks. The mechanism of surrender that Dr Hawkins describes can be done in the midst of everyday life. The book is equally useful for all dimensions of human life: physical health, creativity, financial success, emotional healing, vocational fulfillment, relationships, sexuality and spiritual growth. It is an invaluable resource for all professionals who work in the areas of mental health, psychology, medicine, self-help, addiction recovery and spiritual development.

Letting Go of What's Holding You Back Wm. B. Eerdmans Publishing

"Rachel beautifully illustrates that loving fiercely and grieving deeply are often two halves of the same whole. Her story will break you down and lift you up." —Glennon Doyle, author of the #1 New York Times bestseller *Love Warrior* and founder of Together Rising While on her way to teach a yoga retreat in March 2014, Rachel Brathen collapses at an airport, brought to her knees by excruciating stomach pains. She is rushed to the hospital on the tiny island of Bonaire, and hours later forced to undergo surgery. When she wakes up from anesthesia, her boyfriend is weeping at her bedside. While Rachel was struck down with seemingly mysterious pain, her best friend, Andrea,

sustained fatal injuries as a result of a car accident. Rachel and Andrea had a magical friendship. Though they looked nothing alike—one girl tall, blond, and Swedish, the other short, brunette, and Colombian—everyone called them gemelas: twins. Over the three years following Andrea's death, at what might appear from the outside to be the happiest time—with her engagement to the man she loves and a blossoming career that takes her all over the world—Rachel faces a series of trials that have the potential to define her life. Unresolved grief and trauma from her childhood make the weight of her sadness unbearable. At each turn, she is confronted again and again with a choice: Will she lose it all, succumb to grief, and grasp for control that's beyond her reach? Or can she move through the loss and let go? When Rachel and her husband conceive a child, pregnancy becomes a time to heal and an opportunity to be reborn herself. As she recounts this transformative period, Rachel shares her hard-won wisdom about life and death, love and fear, what it means to be a mother and a daughter, and how to become someone who walks through the fire of adversity with the never-ending practice of loving hard and letting go.
