Discovered in the attic in which she spent
the last years of her life, Anne Frank’s
remarkable diary has since become a
world classic—a powerful reminder of the
horrors of war and an eloquent testament
to the human spirit. “The single most
compelling personal account of the
Holocaust ... remains astonishing and
excruciating.”—The New York Times Book
Review In 1942, with Nazis occupying

Holland, a thirteen-year-old Jewish girl and
her family fled their home in Amsterdam
and went into hiding. For the next two
years, until their whereabouts were
betrayed to the Gestapo, they and another
family lived cloistered in the “Secret
Annex” of an old office building. Cut off
from the outside world, they faced hunger,
boredom, the constant cruelties of living in
confined quarters, and the ever-present
threat of discovery and death. In her diary

Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Despite the singularity of [Westover’s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love?  This study considers why words based on the common root of the verbs 'to wander' and 'wandern' are so prominent in the works of Goethe and the German and English Romantics. What can one infer from the phenomenon and what method should one use to unravel its mysteries. The author attempts to answer this and other questions. Finally, what does wandering reveal about the relationship of

literature to the non-literary world beyond it?
