"I must congratulate you on GLOBISH THE WORLD OVER. It's a pioneering text of great importance, full of enthralling insights for native and non-native English users alike." -- Robert McCrum, author, *The Story of English* and Literary Editor, *London Observer*. Globish, as a concept, takes to task the world hegemony of arrogant English-speakers. Hence the landmark book *Don't Speak English - Parlez Globish* became a best-seller in French, and other languages, but it never appeared in English. GLOBISH THE WORLD

OVER is the first book written in Globish-English. Non-native English speakers from non-Anglophone countries use English better between themselves than with any native English speaker. Globish codifies their very efficient "similar limitations." The word Globish may strike English-speakers as an "odd" way to rename their English. However billions of speakers in Brazil, Russia, India and China will be the new "owners" of what the world is now calling Globish. The implications are far-reaching. GLOBISH THE WORLD OVER discusses this phenomenon, and demonstrates that Globish - as a deliberate and sufficient subset of English for international communication - is limited more by a person's communication ability than by mere words.

This is a story of Robert Bagley's biography - his family, faith, entrepreneurship, corporate sales experience, and then diving into being a full time reseller on Amazon and back to corporate America (due to "Lessons Learned") - putting his Amazon business back to part time. This is not a "how-to" book for how to sell on Amazon and Ebay, just sharing my story and a few best practices I learned along the way. Please don't purchase this book if you want a step-by-step tutorial on how to be a re-seller on Amazon and Ebay. As a young professional, Robert Bagley climbed and overcame many corporate mountains eventually earning a high six-figure income with several Fortune 500 companies.

Still, something was missing from his vocational career and he knew that he needed to add a small business to his lifestyle. This would bring a change that not only involved a lot of personal risks, but a good amount of faith as well. And, not just faith in himself. And so he embarked on what would prove to be the most incredible game-changing season of his life. You'll be inspired, motivated, challenged, and moved-to-action by Robert's life-story and how selling on Amazon and eBay pulled his career toward a whole new path of becoming an eCommerce entrepreneur. *Learn Conversational Spanish* Greenleaf Book Group

The Book of Isaiah is very Rich with Metaphors and Similes, if you are in Love with them, or not; but, most Poor People are not: beCause the Metaphors are far too "Foggy" for them to Understand, which Means that they must Practice Reading all such Books, just to get a Good Understanding of them. At any rate, this Version of Isaiah is by far the Best in the World, and is Rated as "Extremely Good" by Well-Educated People. Therefore, it is a "must read" Book, if

anyone is Interested in Actually Understanding the Bible. Most People are not; but, that is not a Problem: because most People were not Born to be Masters. Indeed, most were Born to be Good Servants of Good Masters, which is Good: because the Masters are like the Head of the Body of Good Government, which Body must have many other Working Parts and Organs, just to Function Correctly as a Body. Therefore, do not let the Hands Despise the Eyes: beCause, what could the Hands Do without Eyes to Guide them, even if the Eyes belong to some other Person, who can See what is Needed. We suggest that Readers of this Inspired Book take their Sweet Time, and read only a few Chapters each Day, and do not attempt to read the entire Book during one Day, even though it will be Tempting to Finish it, quickly, just to Discover those Precious Parts that make it so Famous and Controversial among Religious Scholars, some of whom are very Perplexed by it: because no one can Rightly Deny that God, himself, is Speaking through "Isaiah," who may have been Reincarnated!

Indeed, there is the Possibility of it; but, do not let that "Buck you Out of the Saddle," as a Cowboy might say. Remember that this is a Companion Book of: "The New MAGNIFIED Version of The Book of MOORMUN!" (The Story of the White and Dark Indians in the Americas!), Book 040, which is perhaps the Best Modern Book in the whole World! Yes, unlike the Mutilated Bible, the Book of Mormon is much more Understandable, being "a New Revelation from God," you might say; but, it is nothing quite as Enlightening as the New MAGNIFIED Version, which most Definitely contains New Revelations from the Supreme Ruler of this Heaven and Earth. Therefore, do not let the Sun Set on another Day of Deprivation; but, PLEASE, for your own Sake, Educate yourself with all such Good Books: beCause that is True Wisdom on your part, which will make you Glad that you did. Guaranteed! **Perfect Phrases ESL Everyday Business** Cambridge University Press

Do you spend hours writing and rewriting emails or presentations in English? Do you secretly hope that the phone won't ring, because you're worried about speaking English to colleagues or

customers? Do you dread having to give verbal updates at meetings if they're held in English? I work with people who need to use English at work. I've discovered that often, helping my customers to develop their language skills isn't enough. What they really want are opportunities to work on subjects that are directly relevant to them, and strategies for using this knowledge in the every-day business situations in which they find themselves. In the 50 chapters of this book, I provide tips on how to deal with a range of situations and how to increase your confidence, perform at your best and portray yourself in a positive light. These situations include contributing to meetings in English, using the telephone, taking part in networking events, going

for job interviews and having general conversations. I also look at some of the problems that people have in terms of improving their English and some possible solutions. The problems include fear of speaking, not being able to find the right course, not having time to learn and not being able to remember new vocabulary. There are also more general tips about what you can do to make language learning a part of your everyday routine, and not just something that you try to squeeze in when you have time. The book is 50,000 words long and it is split into 50 chapters. However, you don't have to read it from start to finish. For best results, see which chapters are relevant to your personal circumstances and start with those!
