THE MANUAL FOR LIVING is the first and best primer for living the best possible life -- as helpful in the twenty-first century as it was in the first. Epictetus's teachings rank among the greatest wisdom texts of human civilization. Epictetus taught that philosophy is a way of life and not just a theoretical discipline. To Epictetus, all external events are beyond our control; we should accept calmly and dispassionately whatever happens. However, individuals are responsible for their own actions,

which they can examine and control through rigorous self-discipline. By putting into practice the ninety-three wise instructions that make up The Art of Living, readers learn to successfully meet the challenges of everyday life.

Who Moved My Cheese? St. Martin's Press

How did a relatively unknown priest from Argentina rise so quickly from obscurity to one of the top leaders of the twenty-first century? The

answer lies in his humility, as well as the simple principles that have sprung from it. In the years since his election to the highest position in the Catholic Church, Pope Francis has breathed life into an aging institution, reinvigorated a global base, and created real hope for the future. His early accomplishments have been so remarkable that in 2014, Fortune magazine awarded the top spot of their coveted World's Greatest Leaders list not to a captain of industry or political leader but to the new pontiff. Lead with Humility explores 12 of these principles and shows how other leaders and managers across a broad spectrum can adapt them for the workplace

with just as impressive results as our great pope has. These invaluable principles include: Don't stand over your employees-- sit down with them Don't judge—assess Take care of people, not lobbies Go where you are needed Temper ideology with pragmatism Don't change--reinvent! Even just a few years in, it is clear to all that Pope Francis's ability to inspire the world is unprecedented in modern times. Lead with Humility reveals the power of his methods, and helps anyone lead with the humility, grace, and authenticity that has elevated the pope to where he is today and had a direct impact in inspiring everyone and everything around him.
