Are you thinking of having your class read Gary Paulsen's novel, *HATCHET*? Do you need worksheets to assess students'

comprehension for each chapter? If yes, the mega 225-page novel study may be of help to you! As a teacher, I was reluctant to read *Hatchet* to my class, but changed my mind after reading the novel. Some students may love to read about characters having daring adventures in a wilderness setting. *HATCHET* is a real page-turner and will keep students wanting to read more when their other work is done! It is a Canadian story about a thirteen year-old boy who flies north to visit his father for the summer. He has a big secret and it affects him deeply. During the flight north, something happens inside the bush plane and the protagonist is challenged to make a life defying decision. *HATCHET* is truly a "Coming-of-age" and Bildungsroman novel. What happens to the main character will stir and stay with readers long after they finish the last page. This novel study carefully deconstructs each chapter and pulls from the text information that will cause students to think about their own lives in comparison. There are various types of questions that utilize Howard Gardner's Intelligences, prompt online internet research, stimulate

classroom discussions and encourage higher-level learning. Students learn to analyze, synthesize and sift data by filling in the blanks, circling true or false questions, selecting from a multiple choice, or providing his/her personal opinion. It is an excellent novel study for your upcoming term!

"To know things, for us to know things, is bad for them. We get to wanting and when we get to wanting it's bad for them. They thinks we want what they got . . . That's why they don't want us reading." -- Nightjohn "I didn't know what letters was, not what they meant, but I thought it might be something I wanted to know. To learn."--Sarny Sarny, a female slave at the Waller plantation, first sees Nightjohn when he is brought there with a rope

around his neck, his body covered in scars. He had escaped north to freedom, but he came back--came back to teach reading. Knowing that the penalty for reading is dismemberment Nightjohn still returned to slavery to teach others how to read. And twelve-year-old Sarny is willing to take the risk to learn. Set in the 1850s, Gary Paulsen's groundbreaking new novel is unlike anything else the award-winning author has written. It is a meticulously researched, historically accurate, and artistically crafted portrayal of a grim time in our nation's past, brought to light through the personal history of two unforgettable characters.

Woodsong Laurel Leaf

My sister Rose lives on the mantelpiece. Well, some of her does. A collarbone, two ribs, a bit of skull, and a little toe. To ten-

year-old Jamie, his family has fallen apart because of the loss of someone he barely remembers: his sister Rose, who died five years ago in a terrorist bombing. To his father, life is impossible to make sense of when he lives in a world that could so cruelly take away a ten-year-old girl. To Rose's surviving fifteen year old twin, Jas, everyday she lives in Rose's ever present shadow, forever feeling the loss like a limb, but unable to be seen for herself alone. Told with warmth and humor, this powerful novel is a sophisticated take on one family's struggle to make sense of the loss that's torn them apart... and their discovery of what it means to stay together.

Hatchet Simon and Schuster

Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel Hatchet with a pocket-sized edition perfect

for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival

skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents. **LitPlan Teacher Pack** Learning Links A mesmerizing memoir from a literary legend, giving readers a new perspective on the origins of Hatchet and other famed survival stories. His name is synonymous with high-stakes wilderness survival adventures. Now, beloved author Gary

Paulsen portrays a series of life-altering moments from his turbulent childhood as his own original survival story. If not for his summer escape from a shockingly neglectful Chicago upbringing to a North Woods homestead at age five, there never would have been a Hatchet. Without the encouragement of the librarian who handed him his first book at age thirteen, he may never have become a reader. And without his desperate teenage enlistment in the Army, he would not have discovered his true calling as a storyteller. An entrancing account of grit and growing up, perfect for newcomers and lifelong fans alike, this is the famed author at his rawest and most real.
