the award-

author of *Dust*
comes a
magical, sea-
saturated,
coming-of-age
novel that
transports
readers from
Kenya to
China and
Turkey. On an
island in the
Lamu
Archipelago

lives a
solitary,
stubborn child
called Ayaana
and her
mother,
Munira. When
a sailor,
Muhidin,
enters their
lives, the child
finds
something she
has never had
before: a
father. But as
Ayaana grows
into
adulthood,

forces of nature and history begin to reshape her life, leading her to distant countries and fraught choices. Selected as a descendant of long-ago Chinese shipwrecked sailors Ayaana is sent to study in China. Leaving her resourceful single mother, she is forced to grow up fast. Whether it's the scarred captain of the Chinese shipping container that transports Ayaana or the

son of Turkish shipping magnate who trades in refugees, Owuor never loses a profound sense of empathy for her characters. She evokes a fascinating kind of beauty in this dangerous, chaotic world and its ever-shifting oceans and trade. Told with a glorious lyricism, *The Dragonfly Sea* is a transcendent story of love and adventure, and of the inexorable

need for shelter in a dangerous world. 'One of Africa's most exciting voices ... *The Dragonfly Sea* is a continent-hopping novel of epic proportions.' *Refinery29* 'In its omnivorous interest in the world, *The Dragonfly Sea* is a paean to both cultural diffusion and difference . . . as much as [the novel] traces the globe, it also depicts an internal pilgrimage, its heroine in *rose attar* a broken saint.' *New York*

Times 'Owuor continues to break ground among contemporary African writers.' Vanity Fair Me on the Map Kids Can Press Ltd When Tashi, the rigidly formal sixteen-year-old Fourth Crown Princess of the Blue Crescent Islands, reluctantly weds roguish eighteen-year-old Prince Ramil of Gerfal, their religious, cultural, and personal differences threaten to end their

To be a normal teenage girl. To forget about the past. To fall in love for the first time. Is that too much to ask? Sixteen-year-old Allie Bailey just wants a break—a break from her overly-protected life. And Dragonfly Meadows summer camp is the answer. A summer away from her parents in the California Sierras with her best friend is exactly what she needs. But once at camp, Allie notices

that things are a little off. Paid excursions are cancelled and staff is replaced with shady new people. When the camp's founder goes "missing," Allie starts to worry. Unable to let it rest due to her past, she starts to investigate, enlisting the help of Logan Montgomery, her best friend's older and adorably geeky brother. When hauntingly familiar flowers appear in Allie's cabin, she's

not sure what to think—has her past caught up to her? Yet, after Allie stumbles across a murder conspiracy and chases down the truth, she becomes a target. Pushing through her paranoia and fear to find strength, it's up to Allie to save herself and the campers from a deranged killer before it's too late.

The girl has had many selves in her

short life. The first she remembers is Aissa, the daughter of Mama and Dada, sister to Zufi who watched the goats. Then the Bull King's raiders came, and Mama said, "Don't make a sound till I come back." And when the villagers found her she was silent as stone, because Mama never came back again. So the villagers cursed her as back luck and made her No-Name, lowest of the

servants to the Lady, the island's priestess. But there were whispers, as she grew, of another self: of the Lady's rejected first daughter, born imperfect with two extra thumbs. The silent girl looks at the scars on her wrists and wonders, but she has more pressing concerns. The villagers blame her bad luck for the tribute the Bull King now demands of them: two youths given each spring to dance with his

bulls and die for his god's glory. And the servants hate and fear the unnatural way the animals all come to her. For Aissa, though, this bond with creatures of fur and scale is the first clue in finding the true self that no one else can give to her, or take away. Wendy Orr, the author of *Nim's Island*, introduces a resourceful and resilient heroine for slightly older readers. Inspired by an archeological trip to the

island of Crete, where frescoes show figures leaping over the backs of bulls, Orr weaves an intriguing mythological portrayal of the Bronze Age Minoan civilization. Lyrically written and refreshingly unpredictable, *Dragonfly Song* suggests a fascinating origin for the legend of the Minotaur and his dark tribute.

Most kids go to camp over the summer, or to Grandma's house, or maybe they're stuck at home. Not Wallace Bleff. He was supposed to visit his Aunt Fern. taught the ways of the West--from riding buckin' broncos to roping cattle. Lucky for Aunt Fern, he showed up at her house just in time to divert a stampede from her barbecue party! Perfect for back-to-school read-alouds, here's a western fantasy with sparkling illustrations and enough action to knock kids' boots off!

For animal lovers and fans of *The One and Only Ivan* and *Hoot*, this is the uplifting story of a girl who discovers a family of panthers that

But when Kiri has an encounter with the last known Florida panther, her life is quickly turned on end. Caught between her conservationist father, who wants to send the panther to a zoo, and the village poachers, who

want to sell it to feed their families, Kiri must embark on a journey that will take her deep into the wilderness. There has to be some way to save the panther, and for her dad and the villagers to understand each other. For fans of Wrinkle in Time and The School of Good and Evil, the New York Times bestseller The Mark of the Dragonfly is a fast-paced adventure story about a

mysterious girl and a fearless boy, set in a magical world that is both exciting and dangerous. Piper has never seen the Mark of the Dragonfly until she finds the girl amid the wreckage of a caravan in the Meteor Fields. The girl doesn't remember a thing about her life, but the intricate tattoo on her arm is proof that she's from the Dragonfly Territories and that she's protected by the king.

Which means a reward for Piper if she can get the girl home. The one sure way to the Territories is the 401, a great old beauty of a train. But a ticket costs more coin than Piper could make in a year. And stowing away is a difficult prospect—everyone knows that getting past the peculiar green-eyed boy who stands guard is nearly impossible. Life for Piper just turned dangerous. A

little bit magical. And very exciting, if she can manage to survive the journey.
