Caves for up to 90% off at Textbooks.com. Creative Industries : Contracts Between Art and Commerce ... Creative Industries: Contracts Between Art and Commerce ... Firms in creative industries are either small-scale pickers that concentrate on the selection and development of new creative talents or large-scale promoters that undertake the packaging and widespread distribution of established creative goods. In some activities, such as the ... Creative Industries: Contracts Between Art and Commerce ... Contracts Between Art and Commerce Richard E. Caves Economists interested in the creative industries like arts and entertainment have had trouble mobilizing a set of economic tools suited to understanding such issues as why these industries are organized as they are and what consequences public policies hold for them. However, some useful tools have Contracts Between Art and Commerce Drawing on industrial economics and contract theory, Caves explores the organization of creative industries, including visual and performing arts, movies, theater, sound recordings, and book publishing. In each, artistic inputs are combined with 'humdrum' inputs. But Caves finds the deals bringing these inputs together are inherently problematic. Creative Industries — Richard E. Caves | Harvard ... Caves covers many different forms of "creative industries", including the visual arts, publishing, theatre, movies, and music. As it turns out, each industry has come up with what are very standard contracts dealing with the basic issues. Many conflicts between galleries and artists, publishers and authors, ... Creative Industries - Richard E. Caves In his book, Creative Industries: Contracts Between Art and Commerce, Caves looks at the visual and performing arts, cinema and television, sound recordings, book publishing, and toys and games to investigate how the theory of contracts and the logic of economic organization affect the production of "simple creative goods" and more "complex goods" like plays or motion pictures, which require teams of artists with diverse talents. Richard E. Caves - Wikipedia By documenting a wide range of commercial interactions across the creative industries, this comprehensive and immensely readable

book shows persuasively that economic theory can help us understand the sheer business of making art happen. [Caves] uses contract and industrial-organization theory to throw light on how and why the industries ... Creative Industries: Contracts between Art and Commerce ...
