Natalie Shapero spars with apathy, nihilism, and mortality, while engaging the rich territory of the 30s and new motherhood *Hard Child* Diversion Books

Anita Lahey's second collection, *Spinning Side Kick*, is a hard-knuckled look at the other half. These lively poems mix a girl-about-town cockiness with an all-too-rare emotional honesty about men, love, and relationships. Whether the subject is a one-man chimney demolition, the lifelong fidelity of seahorses, a lover at war in Afghanistan or a kickboxing match, Lahey confronts the enduring disconnect between the sexes in a language that is slangy and quick, punctuated with jabs. She eyes those moments—in a day, in a life—when the normal clues we rely on disappear, shifting the line between domesticity and danger. In *Spinning Side Kick*, a talented poet returns with sharper aim.

Spinning Side Kick Prospero Books

A handsome stranger almost makes up for a lost phone in a comedy of errors across New York City. Christy prides herself on her efficiency as a personal assistant, fueled by her ever-present iPhone. When she loses the phone on the train on the day of her sister's engagement party, Christy is sure the day is ruined—until she borrows a phone to reach Will, the cute guy who picked up hers for safe keeping. Dealing with family emergencies of his own, he can't meet her until the evening, but maybe there's still hope. Christy enlists Will as her own personal assistant, feeding her addresses and schedules throughout the day. Determined to meet the high expectations of her clients, not to mention the preparations for the engagement party, Christy dashes back and forth across New York City saving spoiled dogs from impatient groomers, shoving oriental rugs into too-small cabs, and carefully avoiding Twitter-obsessed socialites, all with Will's calming voice in her ear guiding the way. Juggling his own misadventures with his cantankerous father and his flighty assistant, Will begins counting the hours until he can be properly introduced to the woman who has drawn him in with nothing more than a sexy voice and an overly complicated phone.

This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

The book speaks to the widespread quest for concrete alternative ways forward 'beyond capitalism' in the face of the prevailing corporatocracy and a capitalist system in crisis. It examines a number of institutions and practices now being built in the nooks and crannies of present societies and that point beyond capitalism toward a more equal, participatory, and democratic society - institutions such as cooperatives, public banks, the

commons, economic democracy. This seminal collection of critical studies draws on academic and activist voices from the U.S. and Canada, Mexico, Cuba, and Argentina, and from a variety of theoretical-political perspectives - Marxism, anarchism, feminism, and Zapatismo.
