Watu wengi wanafamu kuhusu dhambi "nne kuu": kudanganya, kuiba, usherati na kuua. Ikiwa waweza kuuliza watu wakupe orodha ya dhambi sio kwa urahisi wao kutaja dhambi ya kusahau. Lakini Neno la Mungu liko wazi kuhusu jambo hili. Kusahau sio uadilifu! Kusahau, kukosa

kukiri, kukosa kukumbuka ni dhambi mbele za Mungu.

Success Is Not an Accident Pearson UK

For hundreds of years, people have dreamed of Jupiter, the king of the planets. But the trip across the solar system is so long and dangerous that it seems almost impossible. Join us, as we tell you an incredible story. It's true, except for otherworldly wisecracks from a medieval genius named Galileo. (And who knows? Maybe those parts are true too.) The Galileo Mission is one of the toughest journeys that has ever been undertaken.

It's an epic adventure of imagination, brilliance, and plain old grit!--Publisher. *The Success Principles(TM)* Penguin UK America's notoriously unorthodox and creative personal growth guru Steve Chandler has written his most compact and powerful book yet in **TEN COMMITMENTS TO YOUR SUCCESS**. By explaining and dramatizing the power of introducing synergy into your life, Chandler demolishes the myth that a balanced life is mediocre. He reveals the underlying dynamic of commitment, how to access it, and how to apply it to the ten

categories of your life that you usually don't get committed to. The author delivers exciting new ways to commit to your career, your partner, your wealth, your physical well-being, and your future. The mind-body-spirit synergy, which has been verified and validated by the biosciences as an absolutely necessary synergy for a quality life, is expanded by the author into ten specific commitments to be made and kept on a daily basis. These commitments then combine with each other to produce not a lone voice singing in the wilderness, but a thrilling harmonic chorus that connects the individual to the entire universal web of living, loving beings.

Elizabeth Lewis was the child of Hollywood's darling couple, until her father murdered her mother. Six years later, she has traded her flashy, luxurious lifestyle for one of safe anonymity as a literary agent. With a different name and appearance, Liza Winter is living the life of her dreams-one where she's known for who she is instead of what her father did. Except her apartment should be condemned, her car only starts when it wants, she hates the romance genre she has been assigned, and the CEO's deliciously attractive nephew is out to ruin her carefully laid plans. Reid Harder has

never met an obstacle he couldn't overcome. When his new position in the romance department comes with a benefit his uncle didn't mention, he decides to wage a war against the intelligent, beautiful Liza to destroy every argument she has for turning him down. Still, the closer he gets to winning the prize, the more he realizes that the woman is keeping secrets that may endanger not just her life but his. Will Liza overcome her mistrust of Reid to reveal her secrets before he learns the truth and walks away? Or will a grudge-wielding apparition from her past make her the next deadly Hollywood headline?

As the host of Fox News Channel's Your World with Neil Cavuto and Cavuto on Business, Neil Cavuto reports on today's most influential business leaders and newsmakers. His great talent is to get beneath the issues, connecting people to the events that define them and changing the way that Americans think about their money. Ending each show with a provocative, insightful commentary, Cavuto stirs people to see the world in a new light, calling on them to think beyond the stories at hand and challenging people to reevaluate the world that they live in. In Your Money or Your Life, Cavuto compiles the best of these commentaries in one volume, creating a collection that is at once witty, thought-provoking, and inspiring. Covering a variety of topics—from remembering life before 9/11, to providing tips for empty nesters—Cavuto presents a wry yet

evocative look at our world, one that speaks to the heart of the American condition. Spanning one of the most tumultuous decades in memory—from the wild and chaotic Clinton years through the sobering challenges of the War on Terror—Cavuto's words offer a window into our America at its best and its worst.

Moonie and Mei Ling are looked after by their grandmother, an indomitable matriarch, ruthless manager of The Double Happiness restaurant and fount of endless tidbits of Chinese mythology. Feared and renowned in the neighbourhood and stubbornly attached to the giant meat cleaver she keeps in her handbag eccentric Grandma Wong

weaves a magical world of surreal stories and ancient wisdom around her two wayward granddaughters. However, the girls' lives are also being drawn forward by the inexorable pace of assimilation and the ever-beckoning American dream, and as fascinated as they might be by Buddhist philosophy, they are also cool, hip American girls with straight-A grades and scores to settle with the neighbourhood boys who tease them and with the unforgiving media, which tells them that they should look like Barbie dolls and not like Chinese girls.

Dr. Napoleon Hill's landmark book *Think and Grow Rich* does not restrict the concept of riches to such narrow parameters as fortune and fame. You have the right to be rich, and you deserve to be rich in every way—personally and spiritually—as well as financially. This seemingly simple idea spawned a philosophy about wealth and success that has permeated every generation since its inception. *Your Right to Be Rich* gathers transcripts from the most vital and

important speeches given by Napoleon Hill. Available in the past only as audio editions and sound-bite snippets, transcripts from these speeches will be presented in print for the first time here.

A Personal Workbook and Guide to "Healing the Child Within" Harper Collins

Charles Munger is Warren Buffett decade's long business partner, and his investment filter, jokingly called by Mr. Buffett - the abominable no man. The early pages cover Munger's family history, his framework for investing [wait for the fat pitches, and assess each opportunity using rational, rigorous frameworks drawn from multiple disciplines (and not finance theory!)], and even some warm testaments from family, friends and colleagues. The next section, assembled by leading investor Whitney Tilson, is well edited and benefits from Tilson's massaging of quotations made over time into logical sub-headings. The bulk of the text though is, as the subtitle suggests, the wit and wisdom of Mr. Munger as conveyed through various speeches in the last couple decade or so before 2006.

Americans spend more than \$11 billion a year on self-help products—everything from books to diet pills to career coaches to seminars. So why—with all this time, money, and energy being spent—are so few people living the life they really want? Why are millions of smart, talented, motivated people still going through life with one foot on the brake? Here's the real Secret: You don't need any more how-to-succeed information to reach your full potential. The problem isn't lack of motivation or lack of information. The real problem is that most people focus on the "how-to" aspects of success taught by traditional self-help programs, without coming to terms with what productivity expert Noah St. John calls your "head trash"—the subconscious, emotional roadblocks that prevent people from

acting on their real hopes, dreams, and ambitions. In this groundbreaking book, based on work with thousands of clients around the world, Noah St. John has created a remarkable, step-by-step approach that helps you achieve long-term happiness, success, and wealth. In *The Secret Code of Success*, you will learn how to: Eliminate the causes of self-sabotage and fear of success Allow yourself to make more money Remove stress while dramatically increasing personal productivity Improve relationships with coworkers, family, and friends Experience enhanced feelings of happiness, connection, and love *The Secret Code of Success* shows that, when it comes to success, the conscious mind is exactly the wrong place to start. It's only when we first conquer the self-sabotage of our subconscious (which accounts for 90 percent of our behavior) that we can truly begin to enjoy a life filled with success. This insight is at the core of *The Secret Code of Success* and leads to Noah's revolutionary 7-step method for eliminating these psychological obstacles. True financial freedom and personal success is possible at last! *The Secret*

Code of Success shows you how to get your foot off the brake and start living the life you deserve.
