The Crusades is an authoritative, accessible single-volume history of the brutal struggle for the Holy Land in the Middle Ages. Thomas Asbridge—a renowned historian who writes with

“maximum vividness” (Joan Acocella, *The New Yorker*)—covers the years 1095 to 1291 in this big, ambitious, readable account of one of the most fascinating periods in history. From Richard the Lionheart to the mighty Saladin, from the emperors of Byzantium to the Knights Templar, Asbridge’s book is a magnificent epic of Holy War between the Christian and Islamic worlds, full of adventure,

intrigue, and sweeping grandeur.

 Multilingualism is integral to the human condition. Hinging on the concept of Creative Multilingualism - the idea that language diversity and creativity are mutually enriching - this timely and thought-provoking volume shows how the concept provides a matrix for experimentation with ideas, approaches and methods. The book presents four years of joint research on Creative Multilingualism conducted across disciplines, from

the humanities through to the social and natural sciences. It is structured as a manifesto, comprising ten major statements which are unpacked and explored through various case studies across ten chapters. They encompass areas including the rich relationship between language diversity and diversity of identity, thought and expression; the interaction between language diversity and biodiversity; the 'prismatic' unfolding of

meaning in translation; the benefits of linguistic creativity in a classroom-setting; and the ingenuity underpinning 'conlangs' ('constructed languages') such as Tolkien's Quenya and Sindarin, designed to give imagined peoples a distinctive medium capable of expressing their cultural identity. Creative Multilingualism: A Manifesto is a welcome contribution to the field of modern languages, highlighting the intricate relationship between multilingualism and creativity, and, crucially,

reaching beyond an Anglo-centric view of the world. Intended to spark further research and discussion, this book appeals to young people interested in languages, language learning and cultural exchange. It will be a valuable resource for academics, educators, policy makers and parents of bilingual or multilingual children. Its accessible style also speaks to general readers interested in the role of language diversity in our everyday lives, and the untapped creative

potential of multilingualism.

 By the acclaimed journalist and bestselling author of The Rise and Fall of the Third Reich, this day-by-day, eyewitness account of the momentous events leading up to World War II in Europe is now available in a new paperback edition. CBS radio broadcaster William L. Shirer was virtually unknown in 1940 when he decided there might be a

book in the diary he had kept in Europe during the 1930s—specifically those sections dealing with the collapse of the European democracies and the rise of Nazi Germany. *Berlin Diary* first appeared in 1941, and the timing was perfect. The energy, the passion, the electricity in it were palpable. The book was an instant success, and it became the frame of reference against which thoughtful Americans judged the rush of events in Europe. It exactly matched journalist to event: the right reporter

at the right place at the right time. It stood, and still stands, as so few books have ever done—a pure act of journalistic witness.

Legal Translation provides a groundbreaking investigation of the issues found in legal translation between Arabic and English. Drawing on a contrastive-comparative approach, it analyses parallel authentic legal documents in both Arabic and English to examine the features of legal discourse in both languages and uncover the different translation techniques used. In so doing, it addresses the following questions: What are the features of English and Arabic legal texts?

What are the similarities and differences of English and Arabic legal texts? What are the difficult areas of legal translation between English and Arabic legal texts? What are the techniques for translating these difficult areas on the lexical and syntactic levels? Features include: A thorough description of the features of legal translation in both English and Arabic, drawing on empirical new research, corpus data analysis and strategic two-way comparisons between source texts and

target texts Coverage of a broad range of topics including an outline of the chosen framework for data analysis, a historical survey of legal discourse developments in both Arabic and English and detailed analyses of legal literature at both the lexical and syntactic levels Attention to common areas of difficulty such as Shariah Law terms, archaic terms and model auxiliaries Many examples and excerpts from a wide selection of authentic legal documents,

reinforced by practical discussion points, exercises and practice drills to encourage active engagement with the material and opportunities for hands-on learning. Wide-ranging, scholarly and thought-provoking, this will be a valuable resource for advanced undergraduates and postgraduates on Arabic, Translation Studies and Comparative Linguistics courses. It will also be essential reading for translation professionals and researchers working in the field.

Legion–mysterious, romantic, deadly–is filled with men of dubious character, and hardly the place for a proper

Englishman just nineteen years of age. Yet in 1960, Simon Murray traveled alone to Paris, Marseilles, and ultimately Algeria to

fulfill the toughest contract of his life: a five-year stint in the Legion. Along the way, he kept a diary. Legionnaire is a compelling, firsthand account of Murray’s experience with this legendary band of soldiers. This gripping journal offers stark evidence that the Legion’s reputation for pushing men to their breaking points and beyond is well deserved. In the fierce, sun-baked North African desert, strong men cracked under brutal officers, merciless training

methods, and barbarous punishments. Yet Murray survived, even thrived. For he shared one trait with these hard men from all nations and backgrounds: a determination never to surrender. “The drama, excitement, and color of a good guts-and-glory thriller.” –Dr. Henry Kissinger

The Guide has been written primarily for students of AS and A Level English Literature as specified by Edexcel in the post-2015 syllabus (9ET0). It addresses Component 1 (8ET0/01 - Poetry and Drama) of the AS syllabus and Component 3 (9ET0/03 - Poetry) of the A2 syllabus, specifically, the

requirement to study a selection of Post-2000 poetry. The Guide covers all the poems in the selection from Poems of the Decade: An Anthology of the Forward Books of Poetry 2002-2011 (ISBN 978-0571281732). The poems are explored individually, and links and connections between them are drawn as appropriate. The format of

each exploration is similar:* A summary of the key themes of the poems, with a note on possible connections and links to other poems in the selection* An explanation of any key features of the poem that require additional contextual knowledge or illustration* A brief summary of the metric form, rhyme scheme or other structural features*

A "walk-through" (or explication) of the poem, ensuring that what is happening in the poem is understood, how the rhythm and rhyme contribute to meaning, an explanation of the meaning of words which may be unfamiliar, an exploration of imagery and language and a comment on main themes.
