Tiger Time 2 Activity Book Farrar, Straus and Giroux

The first book in an epic heart-pounding fantasy trilogy inspired by ancient Indian history and Hindu mythology, perfect for fans of Sabaa Tahir and Renée Ahdieh. * A Book Riot Most Anticipated Novel of 2019 * B&N Top 50 Most Anticipated Novels * A broken bond. A dying land. A cat-and-mouse game that can only end in bloodshed. Esha lost everything in the royal coup—and as the legendary rebel known as the Viper, she’s made the guilty pay. Now she’s been tasked with her most important mission to date: taking down the ruthless General Hotha. Kunal has been a soldier since childhood. His uncle, the general, has ensured that Kunal never strays from the path—even as a part of Kunal longs to join the outside world, which has only been growing more volatile. When Esha and Kunal’s paths cross one fated night, an impossible chain of events unfolds. Both the Viper and the soldier think they’re calling the shots, but they’re not the only players moving the pieces. As the bonds that hold their land in order break down and the sins of the past meet the promise of a new future, both the soldier and the rebel must decide where their loyalties lie: with the lives they’ve killed to hold on to or with the love that’s made them dream of something more. *The Everybody Ensemble* Scholastic Inc. In short, gloriously inventive essays, Whiting Award-winning author Amy Leach's *The Everybody Ensemble* invites us to see and celebrate our oddball, interconnected world Humans, please turn your guns into kazooos. Are you

feeling dismay, despair, disillusion? Need a break from the ho-hum, the hopeless, and the hurtful? Feel certain that there’s a version of our world that doesn’t break down into tiny categories of alliance but brings everybody together into one clattering, sometimes discordant but always welcoming chorus of glorious pandemonium? Amy Leach, the celebrated author of the transcendent *Things That Are*, invites you into *The Everybody Ensemble*, an effervescent tonic of a book. These short, wildly inventive essays are filled with praise songs, poetry, ingenious critique, soul-lifting philosophy, music theory, and whimsical but scientific trips into nature. Here, you will meet platypuses, Tycho Brahe and his moose, barnacle goslings, medieval mystics, photosynthetic bacteria, and a wholly fresh representation of the biblical Job. Equal parts call to reason and to joy, this book is an irrepressible celebration of our oddball, interconnected world. *The Everybody Ensemble* delivers unexpected wisdom and a wake-up call that sounds from within. For readers of Ross Gay, Eula Biss, Anne Lamott, Annie Dillard, Ralph Waldo Emerson, and even Lewis Carroll, these twenty-four essays will be a perfect match.

The Strange Demise of British Canada Farrar, Straus and Giroux
The true story of the tragedy and survival on one of the world's most dangerous mountains. In 1922 Himalayan climbers were British

gentlemen, and their Sherpa and Tibetan porters were "coolies," unskilled and inexperienced casual laborers. By 1953 Sherpa Tenzing Norgay stood on the summit of Everest, and the coolies had become the "Tigers of the Snow." Jonathan Neale's absorbing new book is both a compelling history of the oft-forgotten heroes of mountaineering and a gripping account of the expedition that transformed the Sherpas into climbing legends. In 1934 a German-led team set off to climb the Himalayan peak of Nanga Parbat, the ninth highest mountain on earth. After a disastrous assault in 1895, no attempt had been made to conquer the mountain for thirty-nine years. The new Nazi government was determined to prove German physical superiority to the rest of the world. A heavily funded expedition was under pressure to deliver results. Like all climbers of the time, they did not really understand what altitude did to the human body. When a hurricane hit the leading party just short of the summit, the strongest German climbers headed down and left the weaker Germans and the Sherpas to die on the ridge. What happened in the next few days of death and fear changed forever how the Sherpa climbers thought of themselves. From that point on, they knew they were the decent and responsible people of the mountain. Jonathan Neale interviewed many old Sherpa men and women, including Ang Tsering, the last man off Nanga Parbat alive in 1934. Impeccably researched and superbly written, *Tigers of the Snow* is the compelling narrative of a climb gone wrong, set against the mountaineering history of the early twentieth century, the haunting background of German politics in the 1930s, and the hardship and passion of life in the Sherpa valleys.

Examining cases such as the introduction of the Maple Leaf to replace the Canadian Red Ensign and Union Jack as the national flag, *Champion* shows that, despite what he calls Canada's "crisis of Britishness," Pearson and his supporters unwittingly perpetuated a continuing Britishness because they - and their ideals - were the product of a British world. Using a fascinating array of personal papers, memoirs, and contemporary sources, this groundbreaking study demonstrates the ongoing influence of Britishness in Canada and showcases the personalities and views of some of the country's most important political and cultural figures. An important study that provides a better understanding of Canada, *The Strange Demise of British Canada* also

shows the lasting influence Britain has had on its former colonies across the globe.

Four Decades of Hollywood Through One Singular Career Henry Holt and Company Icon. Celebrity. Artist. Madman. Genius. Nicolas Cage is many things, but love him, or laugh at him, there's no denying two things: you've seen one of his many films, and you certainly know his name. But who is he, really, and why has his career endured for over forty years, with more than a hundred films, and birthed a million memes? *Age of Cage* is a smart, beguiling book about the films of Nicolas Cage and the actor himself, as well as a sharp-eyed examination of the changes that have taken place in Hollywood over the course of his career. Critic and journalist Keith Phipps draws a portrait of the enigmatic icon by looking at—what else?—Cage's expansive filmography. As Phipps delights in charting Cage's films, *Age of Cage* also chronicles the transformation of film, as Cage's journey takes him through the world of 1980s comedies (*Valley Girl*, *Peggy Sue Got Married*, *Moonstruck*), to the indie films and blockbuster juggernauts of the 1990s (*Wild at Heart*, *Leaving Las Vegas*, *Face/Off*, *Con Air*), through the wild and unpredictable video-on-demand world of today. Sweeping in scope and intimate in its profile of a fiercely passionate artist, *Age of Cage* is, like the man himself, surprising, insightful, funny, and one of a kind. So, snap out of it, and enjoy this appreciation of Nicolas Cage, national treasure.

From the author of *The Almost Nearly Perfect People*, a lively tour through Japan, Korea, and China, exploring the intertwined cultures and often fraught history of these neighboring countries. There is an ancient Chinese proverb that states, "Two tigers cannot share the same mountain." However, in East Asia, there are three tigers on that mountain: China, Japan, and Korea, and they have a long history of turmoil and tension with each other. In his latest entertaining and thought provoking narrative travelogue, Michael Booth sets out to discover how deep, really, is the enmity between these three "tiger" nations, and what prevents them from making peace. Currently China's economic power continues to grow, Japan is becoming more militaristic, and Korea struggles to

reconcile its westernized south with the dictatorial Communist north. Booth, long fascinated with the region, travels by car, ferry, train, and foot, experiencing the people and culture of these nations up close. No matter where he goes, the burden of history, and the memory of past atrocities, continues to overshadow present relationships. Ultimately, Booth seeks a way forward for these closely intertwined, neighboring nations. An enlightening, entertaining and sometimes sobering journey through China, Japan, and Korea, *Three Tigers, One Mountain* is an intimate and in-depth look at some of the world's most powerful and important countries.

The death of the Celtic tiger is not an extinction event to trouble naturalists. There was, in fact nothing natural about this tiger, if it ever really existed. The "Irish Economic miracle" was built on good old-fashioned subsidies (from the European Union) and the simple fact that

until the 1980s Ireland was by the standards of the developed world so economically backward that the only way was up. And as it began to catch up to European and American averages, the Irish economy could boast some seemingly remarkable statistics. These lured in investors, the Irish deregulated and all but abandoned financial oversight, and a great Irish financial *ceilidh* began. It would last for a decade. When the global financial crash of 2008 arrived it struck Ireland harder than anywhere - even Iceland looked like a model of rectitude compared to the fiasco that stretched from Cork to Dublin. There was an avalanche of statistics as toxic as the property-based assets that lay beneath many of them. And under all this rubble lay the corpse of the Celtic Tiger. How Ireland managed to achieve such a spectacular implosion is a stunning story of corruption, carelessness and venality, told with passion and fury by one of Ireland's most respected journalists and commentators.
