BROWN DICKSON

The Community College Story Simon and Schuster
 “The timelessness of this ambitious debut reminds the reader of J. M. Coetzee’s *Life & Times of Michael K.*”—Yiyun Li, author of *The Vagrants* A powerful tale of family and community, *This House Is Not for Sale* brings to life an African neighborhood and one remarkable house, seen through the eyes of a young member of the household. It lies in a town seemingly lost in time, full of colorful, larger-than-life characters. At the narrative’s heart are Grandpa, the family patriarch, whose occasional cruelty is balanced by his willingness to open his doors to those in need, and the house itself, which becomes a character in its

own right and takes on the scale of legend. From the decades-long rivalry between the owners of two competing convenience stores to the man who persuades his neighbors to give up their earthly possessions to prepare for the end of the world, E. C. Osondu’s story captures a place beyond the reach of the outside world, full of superstitions and myths that sustain its people. His prose has the lightness and magic of fable, but his themes—poverty, disease, the arrival of civilization in an isolated community—are timeless and profound. “Remarkable. . . . a distinctive and singular achievement.”—Jeffery Renard Allen, author of *Song of the Shank* “Marvelous.”—Publishers Weekly (starred review)

“A chilling, unflinching exploration of American crimes of the twentieth century and how one serial killer managed to slip through the cracks--until now.”--*A College Story* Univ of Wisconsin Press “A bold, new voice.” —People “A nuanced addition to the #MeToo conversation.” —Vice A young survivor tells her searing, visceral story of sexual assault, justice, and healing in this gutwrenching memoir. The numbers are staggering: nearly one in five girls ages fourteen to seventeen have been the victim of a sexual assault or attempted sexual assault. This is the true story of one of those girls. In 2014, Chessy Prout was a freshman at St. Paul’s School, a prestigious boarding school in New Hampshire, when a senior boy sexually assaulted her as part of a ritualized game of conquest. Chessy bravely reported her assault to the police and testified against

her attacker in court. Then, in the face of unexpected backlash from her once-trusted school community, she shed her anonymity to help other survivors find their voice. This memoir is more than an account of a horrific event. It takes a magnifying glass to the institutions that turn a blind eye to such behavior and a society that blames victims rather than perpetrators. Chessy's story offers real, powerful solutions to upend rape culture as we know it today. Prepare to be inspired by this remarkable young woman and her story of survival, advocacy, and hope in the face of unspeakable trauma.

The Big Year State University of New York Press

Lee Fiora is a shy fourteen-year-old when she leaves small-town Indiana for a scholarship at Ault, an exclusive boarding school in Massachusetts. Her head is filled with images from the school brochure of handsome boys in sweaters leaning against old brick buildings, girls running with lacrosse sticks across pristine athletics fields, everyone singing hymns in chapel. But as she soon learns, Ault is a minefield of unstated rules and incomprehensible social rituals, and Lee must work hard to find - and maintain - her place in the pecking order.

I Have the Right To Simon Pulse

An in-depth ethnography of Black engineering students at a historically White institution, *Black Campus Life* examines the intersection of two crises, up close: the limited number of college graduates in science, technology, engineering, and math (STEM) fields, and the state of race relations in higher education. Antar Tichavakunda takes readers across campus, from study groups to parties and beyond as these students work hard, have fun, skip class, fundraise, and, at times, find themselves in tense racialized encounters. By consistently centering their perspectives and demonstrating how different campus communities, or social worlds, shape their experiences, Tichavakunda challenges assumptions about not only Black STEM majors but also Black students and the "racial climate" on college campuses more generally. Most fundamentally, *Black Campus Life* argues that Black collegians are more than the racism they endure. By studying and appreciating the everyday richness and complexity of their experiences, we all—faculty, administrators, parents, policymakers, and the broader public—might learn how to better support them. This book is freely available in an open access edition thanks to TOME (Toward an Open Monograph Ecosystem)—a collaboration of the

Association of American Universities, the Association of University Presses, and the Association of Research Libraries. Learn more at the TOME website, available at: openmonographs.org, and access the book online through the SUNY Open Access Repository at

Cat Person AuthorHouse

In recent years, politicians led by President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation's institutions of higher learning as awash in a violent crime wave—and to suggest (preposterously) that university leaders, professors, and students are indifferent to female sexual assault victims in their midst. Neither of these claims has any bearing to reality. But they have achieved widespread acceptance, thanks in part to misleading alarms from the Obama administration and biased media coverage led by *The New York Times*. The frenzy about campus rape has helped stimulate—and has been fanned by—ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation's all-too-compliant colleges and universities essentially to presume the guilt of accused students. The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play. This book uses hard facts to set the record straight. It explores, among other things, nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have, in a lopsided process, been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges, often after being tarred and feathered by their fellow students. And it shows why all students—and, eventually, society as a whole—are harmed when our nation's universities abandon pursuit of truth and seek instead to accommodate the passions of the mob. As detailed in the new Epilogue, some encouraging events have transpired since this book was first published in October 2016. A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases. And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike, revoked most of the guilt-presuming Obama-era policies, and began a protracted rule-making

process designed to compel procedural fairness and nondiscrimination.

Food Insecurity on Campus Princeton University Press

College Belonging reveals how colleges' and universities' efforts to foster a sense of belonging in their students are misguided. Colleges bombard new students with the message to "get out there!" and "find your place" by joining student organizations, sports teams, clubs and the like. Nunn shows that this reflects a flawed understanding of what belonging is and how it works. Drawing on the sociological theories of Emile Durkheim, *College Belonging* shows that belonging is something that members of a community offer to each other. It is something that must be given, like a gift. Individuals cannot simply walk up to a group or community and demand belonging. That's not how it works. The group must extend a sense of belonging to each and every member. It happens by making a person feel welcome, to feel that their presence matters to the group, that they would be missed if they were gone. This critical insight helps us understand why colleges' push for students simply to "get out there!" does not always work.

Across the Campus - A Story of College Life Independently Published

Jack They say I'm a troubled kid, labeled a bad-boy jock for my rebel attitude. You'd think at St. Paul University that label would put me at the top of the watch list for expulsion, or at least be a death sentence to my social life. But no. In truth, I should be a pariah, but I'm not. I'm the BMOB because I'm the starting quarterback of the prized football team. After last season's bowl game victory, I could be Voldemort and I'd still get the champagne treatment. But who cares? Because the one girl on this campus I want doesn't give a sh*t about football. She thinks bad boys are, well, bad. Worst of all, she's my nemesis from back home. It's messed up that I'm stuck on Joni, because she's the biggest threat to my goal of winning the Heisman Trophy. It kills me that she's also a hot tamale as my grandpa would say. If he were still alive. Losing grandpa started my trouble. Being with Joni could ruin me. Or it could save me. All I need to do is convince her she's not my enemy... *Big Man on Campus* is a sizzling college sports romance. This full length standalone novel is the first in the *Big Men On Campus* series. If you love stories where enemies become lovers and bad boys are redeemed, then you'll enjoy this one! (Contains sex and language for a mature audience.)

On a Western Campus MIT Press

This book provides the first national study of this intense and challenging struggle which disrupted and refashioned institutions in almost every state. It also illuminates the context for one of the most transformative educational movements in American history through a history of black higher education and black student activism before 1965.

Second Semester Atlantic Publishers & Dist

An anthology of short fiction explores the complex world of college life, capturing the triumphs, tragedies, intrigues, awakenings, and more of academia in stories by such authors as Stephen King, Marly Swick, and Ron Carlson.

College Belonging Random House

EVERY STUDENT HAS A STORY Personal Narratives from First-Generation College Students This book is a compilation of essays about what it's like being the first person in your family to go to college. **TRIO Students at Indiana University - Purdue University in Fort Wayne, Indiana** offer compelling narratives of personal experiences stemming from being a first-generation student in college. While no two situations are alike, many students report struggling with social and cultural adjustments; insecurities about information or processes; personal family situations and dynamics; and physical or mental health issues. Some of the struggles students chose to write about in this book include cultural differences, family tragedies, unrealistic expectations of college, family health issues, and insecurities about choosing a major. It is our hope that these personal narratives resonate with other first-generation college students and help affirm that they are not alone—but a part of a much larger community of first-generation students. It is also our hope that these essays increase dialogue on campuses regarding struggles outside of the classroom that many first-generation students face in their journeys toward graduation.

The Real World of College Johns Hopkins University Press

At Dupont University, an innocent college freshman named Charlotte Simmons learns that her intellect alone will not help her survive.

Freshmen Critical Issues in American Ed From Pulitzer Prize-winning journalist Will Bunch, the epic untold story of college—the great political and cultural fault line of American life Winner of the Athenaeum of Philadelphia Literary Award | Longlisted for the PEN/John Kenneth Galbraith Award for Nonfiction | "This book is simply terrific." —Heather Cox Richardson | "Ambitious and engrossing."

—New York Times Book Review | "A must-read." —Nancy MacLean, author of *Democracy in Chains* Today there are two Americas, separate and unequal, one educated and one not. And these two tribes—the resentful “non-college” crowd and their diploma-bearing yet increasingly disillusioned adversaries—seem on the brink of a civil war. The strongest determinant of whether a voter was likely to support Donald Trump in 2016 was whether or not they attended college, and the degree of loathing they reported feeling toward the so-called “knowledge economy” of clustered, educated elites. Somewhere in the winding last half-century of the United States, the quest for a college diploma devolved from being proof of America’s commitment to learning, science, and social mobility into a kind of Hunger Games contest to the death. That quest has infuriated both the millions who got shut out and millions who got into deep debt to stay afloat. In *After the Ivory Tower Falls*, award-winning journalist Will Bunch embarks on a deeply reported journey to the heart of the American Dream. That journey begins in Gambier, Ohio, home to affluent, liberal Kenyon College, a tiny speck of Democratic blue amidst the vast red swath of white, post-industrial, rural midwestern America. To understand “the college question,” there is no better entry point than Gambier, where a world-class institution caters to elite students amidst a sea of economic despair. From there, Bunch traces the history of college in the U.S., from the landmark GI Bill through the culture wars of the 60’s and 70’s, which found their start on college campuses. We see how resentment of college-educated elites morphed into a rejection of knowledge itself—and how the explosion in student loan debt fueled major social movements like Occupy Wall Street. Bunch then takes a question we need to ask all over again—what, and who, is college even for?—and pushes it into the 21st century by proposing a new model that works for all Americans. The sum total is a stunning work of journalism, one that lays bare the root of our political, cultural, and economic division—and charts a path forward for America.

Missoula Stephanie Queen

A laugh-out-loud, realistic portrayal of a freshman year in college for fans of *Emergency Contact*, *Broad City*, and *The Bold Type*. Getting in is just the beginning. Phoebe can't wait to get to college. On her own, discovering new things, no curfew . . . she'll be free. And she'll be totally different: cooler, prettier, smarter . . . the perfect potential girlfriend. Convenient:

the only person from her high school also going to York is her longtime crush, Luke. Luke didn't set out to redefine himself, but as soon as he arrives on campus, he finds himself dumping his long-term long-distance girlfriend. And the changes don't stop there. . . . Just when things start looking up (and Phoebe and Luke start hooking up), drama looms on the horizon. Rumors swirl about the Wall of Shame, a secret text chain run by Luke's soccer team, filled with compromising photos of girls. As the women on campus determine to expose the team and shut down the account, Luke and Phoebe find themselves grappling with confusing feelings and wondering how they'll ever make it through freshman year. "Flirty, bawdy, sloppy, and buckets of fun." --Booklist **Big Man on Campus** Macmillan

The extraordinary story of how Georgia State University tore up the rulebook for educating lower-income students "Georgia State . . . has been reimaged—amid a moral awakening and a raft of data-driven experimentation—as one of the South's more innovative engines of social mobility." —The New York Times *Won't Lose This Dream* is the inspiring story of a public university that has blazed an extraordinary trail for lower-income and first-generation students in downtown Atlanta, the birthplace of the civil rights movement. Over the past decade Georgia State University has upended the conventional wisdom that large numbers of students are doomed to fail simply because of their economic background or the color of their skin. Instead, it has harnessed the power of big data to identify and remove the obstacles that previously stopped them from graduating and completely transformed their prospects. A student from a mediocre high school working two jobs to make ends meet is now no less likely to succeed than a child of wealth and privilege—an earth-shaking achievement that is reverberating across every college campus in the country. With unique access to the key players and drawing on his skills as an investigative reporter, Andrew Gumbel delivers a thrilling, blow-by-blow account of a long battle to determine whether universities exist for their students or vice versa. The story is told through the visionary leaders who overcame fierce resistance to tear up the rules of their own institution and through the many remarkable students whose resilience and determination, often against daunting odds, inspired the work at every stage. Their success shows how the promise of social advancement through talent and hard work, the essence of the American

dream, can be rekindled even in an age of deep inequalities and divisive politics. After the Ivory Tower Falls Harper Collins She thought, brightly, This is the worst life decision I have ever made! And she marvelled at herself for a while, at the mystery of this person who'd just done this bizarre, inexplicable thing. Margot meets Robert. They exchange numbers. They text, flirt and eventually have sex – the type of sex you attempt to forget. How could one date go so wrong? Everything that takes place in *Cat Person* happens to countless people every day. But *Cat Person* is not an everyday story. In less than a week, Kristen Roupenian's New Yorker debut became the most read and shared short story in their website's history. This is the bad date that went viral. This is the conversation we're all having. This gift edition contains photographs by celebrated photographer Elinor Carucci, who was commissioned by the New Yorker to capture the image that accompanied Kristen Roupenian's *Cat Person* when it appeared in the magazine. You Know You Want This, Kristen Roupenian's debut collection, will be published in February 2019.

The Netanyahu's Penguin

"Weepingly funny." —The Wall Street Journal "Delightful." —BuzzFeed "Charmed my socks off." —David Arnold, New York Times bestselling author of *Kids of Appetite* and *Mosquitoland* Four starred reviews for this incisive, laugh-out-loud contemporary debut about a Taiwanese-American teen whose parents want her to be a doctor and marry a Taiwanese Ivy Leaguer despite her squeamishness with germs and crush on a Japanese classmate. At seventeen, Mei should be in high school, but skipping fourth grade was part of her parents' master plan. Now a freshman at MIT, she is on track to fulfill the rest of this predetermined future: become a doctor, marry a preapproved Taiwanese Ivy Leaguer, produce a litter of babies. With everything her parents have sacrificed to make her cushy life a reality, Mei can't bring herself to tell them the truth—that she (1) hates germs, (2) falls asleep in biology lectures, and (3) has a crush on her classmate Darren Takahashi,

who is decidedly not Taiwanese. But when Mei reconnects with her brother, Xing, who is estranged from the family for dating the wrong woman, Mei starts to wonder if all the secrets are truly worth it. Can she find a way to be herself, whoever that is, before her web of lies unravels? From debut author Gloria Chao comes a hilarious, heartfelt tale of how, unlike the panda, life isn't always so black and white. Won't Lose This Dream Penguin

A Belletrist Book Club Selection Named a Best Book of 2020 by goop, ELLE and Vanity Fair Named a Most Anticipated Book of 2020 by The Millions, Lit Hub, Marie Claire An exhilarating novel about a group of students who take revenge on a wunderkind professor after she destroys one of their own-- a story of collective drive to create, sabotage, and ultimately, to love. It doesn't take long for the students on Fielding campus to become obsessed with Hannah, Leslie and Jimmy. The three graduate students are mysterious, inaccessible, and brilliant. Leslie, glamorous and brash, has declared that she wants to write erotica and make millions. Hannah is quietly confident, loyal, elegantly beautiful, and the person they all want to be; and Jimmy is a haunted genius with no past. After Simone - young, bestselling author and erstwhile model - shows up as a visiting professor, and after everything that happened with her, the trio only become more notorious. Love. Death. Revenge. These age-old tropes come to life as the semesters unfold. The threesome came to study writing, to be writers, and this is the story they've woven together: of friendship and passion, of competition and envy, of creativity as life and death. Now, they submit this story, *We Wish You Luck*, for your reading pleasure.

Through College on Nothing a Year Simon and Schuster

"I'm sick of you punks," Micaela said. "And I'm warning you now. I'm going to get you for that murder!" In the title story, the Latino community in East L.A. suffers horrible gang-related violence, and the rape and murder of a 15-year-old girl is the last straw for Micaela Clemencia, a

local teacher. With the help of other women in the neighborhood, Micaela keeps her promise to punish the murderer. And much to the dismay of the police and other city officials, the women take control of the barrio, their "little nation." While some characters face a violent world driven by greed, others long for a sense of belonging or a place to call their own. In "Mama Concha," a grandmother shares her ancient wisdom with her grandson, teaching him to appreciate the land and the fruits and vegetables she grows. In "The Gardens of Versailles," a home with beautiful gardens is a local favorite, until it stands in the way of "progress" that will benefit the entire community. And in "Prickles," an artist who is a grotesque oddity because of the thorny tumors that sprout all over his body develops a special, unusual relationship with the Virgin of Guadalupe. Alejandro Morales returns to his native Southern California community of Montebello in four of these five stories that examine identity and injustice. Originally written in Spanish, this compelling collection contains Adam Spires' English translation of these thought-provoking stories, in which Morales explores the Chicano community's marginalization and search for a space to call its own.

We Wish You Luck Ember

"Although it is commonly known that college students and other activists, as well as politicians, actively participated in the fight for and against civil rights in the middle decades of the twentieth century, historical accounts have not adequately focused on the roles that the nation's college presidents played in the debates concerning racism. Focusing on the period between 1948 and 1968, *The Campus Color Line* sheds light on the important place of college presidents in the struggle for racial parity. College presidents, during a time of violence and unrest, initiated and shaped racial policies and practices inside and outside of the educational sphere. *The Campus Color Line* illuminates how the legacy of academic leaders' actions continues to influence the unfinished struggle for Black freedom and racial equity in education and beyond."--
