*Dual Momentum Investing: An Innovative Strategy for Higher Returns with Lower Risk* John Wiley & Sons

The investing strategy that famously generates higher returns with substantially reduced risk--presented by the investor who invented it "A treasure of well researched momentum-driven investing processes." Gregory L. Morris, Chief Technical Analyst and Chairman, Investment Committee of Stadion Money Management, LLC, and author of Investing with the Trend Dual Momentum Investing details the author's own momentum investing method that combines U.S. stock, world stock, and aggregate bond indices--a formula proven to dramatically increase profits while lowering risk. Antonacci reveals how momentum investors could have achieved long-run returns nearly twice as high as the stock market over the past 40 years, while avoiding or minimizing bear market losses--and he provides the information and insight investors need to

achieve such success going forward. His methodology is designed to pick up on major changes in relative strength and market trend. Gary Antonacci has over 30 years experience as an investment professional focusing on under exploited investment opportunities. In 1990, he founded Portfolio Management Consultants, which advises private and institutional investors on asset allocation, portfolio optimization, and advanced momentum strategies. He writes and runs the popular blog and website [optimalmomentum.com](http://optimalmomentum.com). Antonacci earned his MBA at Harvard.

*Winning the Game of Stocks!* Giovanni Rigters

"The one, only, and by far the best book synthesizing psychology and investing. In addition to providing modern, scientific knowledge about psychology, this book provides a mirror into the mind and wide breadth of knowledge of one of the leading practitioners of brief and effectual cures. Will help to cure your trading and your life." -Victor Niederhoffer, Chief Speculator, Manchester Investments Author, The Education of a Speculator and Practical Speculation "How refreshing! A book that rises above the old NLP model of the 80's and provides insights on how our relationship with the market is indeed a very personal one. Not only has Steenbarger provided

some fantastic tools for the trader to transform his mindset, but he has contributed unique trading ideas as well. Brilliant!" -Linda Raschke, President, LBRGroup, Inc. "Investigate, before you invest' was for many years the slogan of the New York Stock Exchange. I always thought a better one would be, 'Investigate YOURSELF, before you invest.' The Psychology of Trading should help you increase your annual investment rate of return. Mandatory reading for anyone intending to earn a livelihood through trading. " -Yale Hirsch, The Hirsch Organization Inc., Editor, The Stock Trader's Almanac "This highly readable, highly educational, and highly entertaining book will teach you as much about yourself as about trading. It's Oliver Sacks meets Mr. Market--extraordinary tales of ordinary professionals and individuals with investment disorders, and how they successfully overcame them. It is a must-read both for private investors who have been shell-shocked in the bear market and want to learn how to start again, as well as for pros who seek an extra edge from extra inner knowledge. Steenbarger's personal voyage into the mind of the market is destined to become a classic." -Jon Markman, Managing Editor, CNBC on MSN Money Author, Online Investing and Swing Trading "Dr. Steenbarger's fascinating, highly readable blend of practical insights from

his dual careers as a brilliant psychologist and trader will benefit every investor; knowing oneself is as important as knowing the market." -Laurel Kenner, CNBC.com Columnist, Author, Practical Speculation

#### **Master Your Mind, Design Your Destiny** ARMOUR PUBLISHING PTE LTD

Der Zweck dieses Buches ist es, angehenden Kaufleuten die mentale Disziplin und praktischen Fertigkeiten, die von erfahrenen und professionellen Handlern genutzt werden, beizubringen. Es wird erklärt, wie man die drei wesentlichen Fertigkeiten des Handels meistert: Money-Management, technische Analyse, Risiko und Kontrolle. Das Ziel dabei ist, die Spielermentalität des "wahllos Ausschena" durch eine Reihe richtiger Handelssysteme zu ersetzen, die den Händler sowohl durch Gewinn als auch Verlust führen. Sobald der Durchschnittsanleger diese neuen Fähigkeiten erlernt hat, ist er oder sie in der Lage, die Kontrolle über Futures und Forex zu gewinnen, so wie die Profis es schon immer getan haben.

You've tried managing your time. You've tried prioritizing your time. Now discover how to multiply it. Do you feel like you're busier than ever - yet never caught up? You're not alone. Many of us are tired, frustrated, and stressed from being overworked at the office and at home, with no concrete plan for getting it all under control without compromising our well-being. In *Procrastinate on Purpose*, self-discipline strategist Rory Vaden presents a different approach for how to identify and focus on what's important. Instead of one more calendar, checklist, or gadget, he points out that what we really need is an understanding of the emotional reasons we fail to maximize our time - and he then reveals the five 'permissions' we can grant ourselves in order to get better results while creating more margin in our daily lives. In this paradigm-shifting book, you will discover how to- Identify your most significant priorities, in business and in life Create more time to do the things you love without sacrificing results Say no to the things that don't matter, and yes to the things that do Implement systems that give you more time tomorrow than you have today Gain control and inner peace by adopting the 'multiplier mindset' Informed by Southwestern Consulting's work with thousands of busy clients, and interspersed with Vaden's case studies that reveal the 'multiplier mindset' at work, this insightful, practical book will turn everything you thought you knew about time upside-down-and it will change the way you work and live. From the New York Times bestselling author of *Take the Stairs- A bold new way to get things done.* 'Managing your time is a lot like managing your money. It's not about the numbers; it's about your behavior. The best time-management tricks in the world won't do you much good if they don't actually make your life better. In *Procrastinate on Purpose*, Rory builds on what we've all heard about time management and adds the two things that have always been missing- emotion and significance.' Dave Ramsey, New York Times bestselling author and nationally syndicated radio show host 'If you've ever thought, 'I wish I had more time,' read the great principles of this book. And then I dare you to do what Rory does- live them.' Jon Acuff, New York Times bestselling author of *Start and Quitter* 'Procrastinate on Purpose will alter the way the professional world thinks about time - I've never read anything like it. Useful, unique, and relevant . . . this is an absolute must-read for every leader.' Sue Schick, CEO of UnitedHealthcare of Pennsylvania and Delaware 'This book is a game-changer.' Jon Gordon, bestselling author of *The Energy Bus* and *The Carpenter* 'Every once in a while a book comes along that completely shifts the way an entire generation thinks about a specific topic. When it comes to time management and productivity, *Procrastinate on Purpose* may be the one!' Andy Andrews, New York Times bestselling author of *The Traveler's Gift* and *The Noticer*

#### **MASTER YOUR MIND** John Wiley & Sons

"Aven is a perky, hilarious, and inspiring protagonist whose attitude and humor will linger even after the last page has turned." —School Library Journal (Starred review) Aven Green loves to tell people that she lost her arms in an alligator wrestling match, or a wildfire in Tanzania, but the truth is she was born without them. And when her parents take a job running Stagecoach Pass, a rundown western theme park in Arizona, Aven moves with them across the country knowing that she'll have to answer the question over and over again. Her new life takes an unexpected turn when she bonds with Connor, a classmate who also feels isolated because of his own disability, and they discover a room at Stagecoach Pass that holds bigger secrets than Aven ever could have imagined. It's hard to solve a mystery, help a friend, and face your worst fears. But Aven's about to discover she can do it all . . . even without arms. A New York Times Book Review Editors' Choice "In Daub's hands the founding concepts of Silicon Valley don't make money; they fall apart." --The New York Times Book Review From FSGO x Logic: a Stanford professor's spirited dismantling of Silicon Valley's intellectual origins Adrian Daub's *What Tech Calls Thinking* is a lively dismantling of the ideas that form the intellectual bedrock of Silicon Valley. Equally important to Silicon Valley's world-altering innovation are the language and ideas it uses to explain and justify itself. And often, those fancy new ideas are simply old motifs playing dress-up in a hoodie. From the myth of dropping out to the war cry of "disruption," Daub locates the Valley's supposedly original, radical thinking in the ideas of Heidegger and Ayn Rand, the New Age Esalen Foundation in Big Sur, and American traditions from the tent revival to predestination. Written with verve and imagination, *What Tech Calls Thinking* is an intellectual refutation of Silicon Valley's ethos, pulling back the curtain on the self-aggrandizing myths the Valley tells about itself. FSG Originals x Logic dissects the way technology functions in everyday lives. The titans of Silicon Valley, for all their utopian imaginings, never really had our best interests at heart: recent threats to democracy, truth, privacy, and safety, as a result of tech's reckless pursuit of progress, have shown as much. We present an alternate story, one that delights in capturing technology in all its contradictions and innovation, across borders and socioeconomic divisions, from history through the future, beyond platitudes and PR hype, and past doom and gloom. Our collaboration features four brief but provocative forays into the tech industry's many worlds, and aspires to incite fresh conversations about technology focused on nuanced and accessible explorations of the emerging tools that reorganize and redefine life today.

investment framework, previously available only to an elite group of TMI subscribers Step-by-step, it walks you through a proven, rigorous approach to finding, researching, analyzing, and implementing worthy ideas

[Anatomy of Animals](#) John Wiley & Sons

Bestselling author Dan Ariely reveals fascinating new insights into motivation—showing that the subject is far more complex than we ever imagined. Every day we work hard to motivate ourselves, the people we live with, the people who work for and do business with us. In this way, much of what we do can be defined as being “motivators.” From the boardroom to the living room, our role as motivators is complex, and the more we try to motivate partners and children, friends and coworkers, the clearer it becomes that the story of motivation is far more intricate and fascinating than we’ve assumed. Payoff investigates the true nature of motivation, our partial blindness to the way it works, and how we can bridge this gap. With studies that range from Intel to a kindergarten classroom, Ariely digs deep to find the root of motivation—how it works and how we can use this knowledge to approach important choices in our own lives. Along the way, he explores intriguing questions such as: Can giving employees bonuses harm productivity? Why is trust so crucial for successful motivation? What are our misconceptions about how to value our work? How does your sense of your mortality impact your motivation?

[5-minute Stretch](#) McGraw Hill Professional

You know that you need to start investing, because you won't be able to work your whole life. You don't want to be the old employee working as a door greeter at your big chain department store. It will also be frustrating and very depressing if you are not financially aware of your future. Time seems to go faster the older you get and it's never too late to get started. But getting started might be one of your problems. There is too much information available and too many scammers are trying to get you to invest in shady companies. You also don't have the time to figure everything out by yourself, because it might seem too hard and complicated. However, getting the investing part of your life handled will improve your life tremendously. You will have peace of mind when you think about your future and you will also have the confidence to make sound investing decisions. You'll also have the knowledge to talk intelligently with your peers and financial advisors, making it easy to spot when someone is giving you wrong information. I begin with the basics, like what are stocks and how the stock market works. I then transition into how you can make money in the stock market, give you some stocks you should have on your watch list and some of the lies and mistakes you will have to deal with as an investor. So, don't wait and get this book now. It's on sale at this moment, but the price will go up!

"In *Trading Mentors*, Philip Teo, a long-time associate, interviews a number of highly successful traders; not searching for the magic bullet, but for insight, wisdom and practical guidance." - PETER L. BRANDT, CEO of Factor Trading and Author of *Diary of a Professional Commodity Trader* "Trading Mentors is full of practical advice. The book covers methods that range from the discretionary, to the systematic, to the algorithmic trading approach. There was also a wealth of information on how to manage your trading risks and acquire a winning mind-set. In summary, this is the book that deserves a place on your bookshelf." - RAY BARROS, Founder of BarroMetrics Trading School and Author of *The Nature of Trends* "Trading Mentors by Philip is now one of the books I would recommend to anyone who wants to learn trading. The light-hearted conversational

style of the book will keep the pages turning. A delightful read!" - NITHIN KAMATH, Founder and CEO of Zerodha Take A Sneak Peek Into The World Of Trading! Are you a new trader looking to learn essential trading knowledge so that you can start your journey towards profitable trading on the right footing? Or have you been trading for a while now but are still struggling because you don't know who you can trust to learn your trading skills from? In the world of trading, it is vital that you learn from the pioneers who are already playing at the top level of this competitive arena. How can you become a profitable independent trader regardless of your knowledge and experience level? This book serves as a positive first step for embarking on your journey toward trading proficiency on a strong foundation. After working hard and accumulating some savings, you contemplate whether to allow your bank deposits to be devalued by inflation-or you can find a way to trade your way to financial freedom. If you decide to take control of your financial destiny, the ten trading mentors profiled in this book will help shorten your learning curve to profitability by guiding you through their own trading styles and revealing their strategies to you. Trading Mentors is one of the few books on the market that introduces you to the experiences of 10 successful independent traders who have dug through the trenches and emerged on the other side. Each of them explains their unique trading methodologies and best practices so that you can implement what fits you the best and grow into the ultimate trader you can possibly become. Say yes to a new challenge and upgrade your trading game today! "Trading Mentors is a book that can significantly increase your odds of success in the market by viewing it from different perspectives and using it as a guide to developing your own approach." - EDWARD K. LEE, Founder and Chairman of COL Financial Group "I found Trading Mentors to be an excellent read and exceptionally helpful for the novice or struggling traders. The book appropriately stresses risk management, which is the most important aspect of prudent and successful trading. Overall, I highly recommend this book." - JAMES CHEN, CMT, CFTe, Director of Trading & Investing at Investopedia "Mentorship is the secret sauce to rapid success! Well done to Philip for assembling a stellar line-up of mentors to share their secrets. Trading Mentors will add massive value to the entire global trading community!" - MARIO SINGH, Founder and CEO of Fullerton Markets

*How to Multiply Your Child's Intelligence* ARMOUR PUBLISHING PTE LTD

A common denominator among most new traders is that, within six months of launching their new pursuit, they are out of money and out of trading. High-Probability Trading softens the impact of this "trader's tuition," detailing a comprehensive program for weathering those perilous first months and becoming a profitable trader. This no-nonsense book takes a uniquely blunt look at the realities of trading. Filled with real-life examples and intended for use by both short- and long-term traders, it explores each aspect of successful trading.

*Studies in Tape Reading* Independently Published

Options trading has become an appealing option for many investors today, particularly as trading volume continues to rise and investors have decided to try new types of investments. If you want to make the most of this type of investment and are interested in trying options in lieu of or in addition to other types of investments, you'll benefit from gaining a full understanding of options and how they work.

*Winning the 21st Century Game* Simon and Schuster

A detailed look at the common characteristics found in most successful traders While there are a variety of approaches to trading in the financial markets, profitable traders tend to share similar underlying characteristics. Most have a methodology that they believe will prove profitable over the long run and are willing to endure short-term setbacks. If you're looking to make the most of your time in today's markets, you need to understand what separates the best from the rest. And with Trade Like a Casino, you'll gain the knowledge needed to excel at this challenging endeavor. Engaging and informative, this reliable guide identifies and explains the key techniques and mental processes characteristic of successful traders. It reveals that successful traders operate very much like a casino in that they develop a method that gives them "positive expectancy" and they unflappably implement the method in the face of changing, and oftentimes volatile, market conditions. Page by page, the book explores the intricacies of methodology, mental control, and flexibility that allow traders to develop and maintain the casino-like edge. Reveals how many successful traders tend to follow the same general principles, even if their approach to trading may differ Explores how to account for the risk of being wrong and the market moving against you Discusses how to develop an approach that combines trade selection with sound risk management, avoids emotional attachment to positions, exploits volatility cycles, and focuses on market action Regardless of how you approach markets, the insights found here will help improve the way you trade by putting you in a better position to distinguish the differences between successful and unsuccessful traders.

From the winner of MasterChef season 6, sixty-five recipes inspired by her Mexican roots, featuring her favorite dishes plus on-the-spot creations from the show. Claudia's Cocina: A Taste of Mexico celebrates the food of MasterChef Season 6 winner, Claudia Sandoval. Claudia brought with her a cooking background strongly influenced by her family's Mexican roots, as well as the seafood restaurant her grandparents owned when she was a child. Throughout the show she demonstrated a bright, versatile range of flavors and always made family the center of her dishes. Simple by design, the book offers sixty-five mouthwatering recipes straight from Claudia's kitchen to yours. It showcases a mix of Claudia's favorite dishes, as well as some of the on-the-spot creations that propelled her to victory: · Hibiscus Poached Pears · Grilled Swordfish · Head-On Garlic Shrimp · Achiote Rubbed Pork Chops · Cilantro Lime Grilled Chicken · Tres Leches Cake The book also shares

her favorites from her family's town of Mazatlán, as well as creams, sauces, and salsas, plus step-by-step directions for complex dishes that will help readers master some of the staples of Mexican cuisine. Readers will also learn about Claudia's life and childhood and find insights into how she became the extraordinary winner of MasterChef Season 6. With a foreword by Graham Elliot

*Insignificant Events in the Life of a Cactus* Marshall Cavendish International (Asia)

Trading for a Living Successful trading is based on three M's: Mind, Method, and Money. Trading for a Living helps you master all of those three areas: \* How to become a cool, calm, and collected trader \* How to profit from reading the behavior of the market crowd \* How to use a computer to find good trades \* How to develop a powerful trading system \* How to find the trades with the best odds of success \* How to find entry and exit points, set stops, and take profits Trading for a Living helps you discipline your Mind, shows you the Methods for trading the markets, and shows you how to manage Money in your trading accounts so that no string of losses can kick you out of the game. To help you profit even more from the ideas in Trading for a Living, look for the companion volume--Study Guide for Trading for a Living. It asks over 200 multiple-choice questions, with answers and 11 rating scales for sharpening your trading skills. For example: Question Markets rise when \* there are more buyers than sellers \* buyers are more aggressive than sellers \* sellers are afraid and demand a premium \* more shares or contracts are bought than sold \* I and II \* II and III \* II and IV \* III and IV Answer B. II and III. Every change in price reflects what happens in the battle between bulls and bears. Markets rise when bulls feel more strongly than bears. They rally when buyers are confident and sellers demand a premium for participating in the game that is going against them. There is a buyer and a seller behind every transaction. The number of stocks or futures bought and sold is equal by definition.
