This title provides a group portrait of some of the greatest musicians of the 20th century, including Bruce Springsteen, Patti Smith, Grandmaster Flash and Bob Dylan.

Universal Tonality Mel Bay Publications

Since ascending onto the world stage in the 1990s as one of the premier bassists and composers of his generation, William Parker has perpetually toured around the world and released over forty albums as a leader. He is one of the most influential jazz artists alive today. In *Universal Tonality* historian and critic Cisco Bradley tells the story of Parker's life and music. Drawing on interviews with Parker and his collaborators, Bradley traces Parker's ancestral roots in West Africa via the Carolinas to his childhood in the South Bronx, and illustrates his rise from the 1970s jazz lofts and extended work with pianist Cecil Taylor to the present day. He outlines how Parker's early influences—Ornette Coleman, John Coltrane, Albert Ayler, and writers of the Black Arts Movement—grounded Parker's aesthetic and musical practice in a commitment to community and the struggle for justice and freedom. Throughout, Bradley foregrounds Parker's understanding of music, the role of the artist, and the relationship between art, politics, and social transformation. Intimate and capacious, *Universal Tonality* is the definitive work on Parker's life and music.

Billboard Hal Leonard Publishing Corporation

In the cold, dark summer of 1981, crowds gathering in Britain's streets could mean a royal wedding - or a riot. Margaret Thatcher's government, taking power on a promise of renewal, seemed in catastrophic decline. Britain remained troubled, inward-looking, run down by recession, transfixed by the threat of nuclear war. Yet, within this bleak landscape, something was stirring. *Promised You A Miracle* is the extraordinary untold story of Britain's revolution in the head- a shift in mass consciousness in which an old, self-doubting nation was transformed into something else- outward-looking, materialistic, colourful, lonely and cruel. In the early eighties, a new world was messily brought into being- a miner's son transformed the rubble-strewn flatness of London's docklands into a new city centre of high rise and high finance; austere post-punk bands abandoned their leftwing politics and grey overcoats for glossy transatlantic careers; a loose-tongued, PR-savvy young socialist seized London's city hall; and a small start-up in west Yorkshire, in the middle of the Falklands war, made a gadget the size of a gold bar that stopped the British task force from being blown apart. Leading us into these years of brittle optimism and upheaval, Andy Beckett asks why Britain changed so rapidly and fundamentally; what it felt like to be part of this convulsive change - or to be left behind; and how people were swept up in it, sometimes without realising. Yet the effects of this revolution would ripple outwards, across the world - and we are still living with the consequences, happily or otherwise. *Promised You a Miracle* Springer Good Press presents to you this meticulously edited SF collection, jam-packed with the dystopian worlds,
