CAITLYN BECKER

[The Soul of Tone](#) Voyageur Press
 (Book). From the author of Amps! comes an essential survival guide for every guitar player and amp owner. Packed with concise, clearly written tips on troubleshooting and repairs, this guide teaches the secrets of maintenance and fixing it yourself, with straightforward, step-by-step instructions using simple, affordable, readily available tools. The book focuses on the most commonly performed procedures, and contains over 150 photos and insider information from technicians, engineers, and roadies.
[The Official Vintage Guitar Magazine Price Guide](#) Quarto Publishing Group USA
 Rock Hard is a gentle thriller James Armstrong writes a feel-good thriller that is difficult to put down. I found myself begrudging every minute I couldn't spend reading the book. There are a few novels I reread every few years; Rock Hard is one of those. Connie Murphy, The Chronicle-Express

_____ Someone has been trying to kill Fuzzy Grebbs since the day he was born. Yet, this drummer for a super-star rock band is so loved by the devoted fans in his hometown that they're willing to lay down their lives to thwart a diabolical serial killer and quell the terror. This nostalgic rock-it ride through the 20th Century explores the rock-and-roll business from the inside out, from barrooms to world tours, from family love to ruthless killers. As the village unites, and as Fuzzy blasts to world fame, the residents learn to overcome prejudice and find lasting peace.

_____ James Armstrong is the author of two published novels, *The Asexuals* and *Subsect*. He also teaches and tutors for Finger Lakes Community College in Upstate New York.
[Three Steps to Heaven](#) Hal Leonard Corporation
 This visual celebration and musical analysis of Jimi Hendrix, the genius who created modern guitar, includes 300 color and b&w photos--many never before published.
Consumers Digest Guide to Discount Buying Chronicle Books

Don't fret! The music historian and guitar sleuth brings you more astounding stories of rare guitar finds and the legends who owned them. Do you dream of finding a 1954 Stratocaster or 1952 Gibson Les Paul online, at a garage sale, or in the local penny saver? How about virtually rubbing elbows with one of your favorite rock legends? Following up his first-of-its-kind *The Strat in the Attic*, musician, journalist, and "guitararchaeologist" Deke Dickerson shares the stories behind dozens of more astounding finds including: A rarer-than-hens-teeth 1966 Hallmark Swept-Wing that originally belonged to Robbie Krieger of the Doors, stashed away in an attic in Alaska for forty years! A crazy-valuable 1958 Gibson Flying V belonging to a Chicago bluesman—who, it turns out, also happens to have an equally rare 1958 Gibson Explorer! An out-of-the-blue, a "to whom it may concern" email leads the author to a trailer park in Salem, Oregon, where one of Bob Wills and the Texas Playboys' original 1940s Epiphone Emperor archtops is waiting to be purchased for a song! Luthier R.C. Allen relates the tales of buying Nat "King" Cole Trio guitarist Oscar Moore's Stromberg Master 400 archtop and of being gifted a 1953 Stadel amp from Merle Travis! Buddy Merrill, the amazingly talented guitarist from the Lawrence Welk show, gives his 1970 Micro-Frets

Huntington to the author, but only if he “promises to PRACTICE.” Photos of the guitars and other exciting memorabilia round out a package that no vintage-guitar aficionado will want to be without! “The man knows how to tell a great story.” —Jonathan Kellerman, #1 New York Times–bestselling author

100 Great Guitarists and the Gear That Made Them Famous Bloomsbury Publishing USA

Released when ELP and Elton John were plodding from one packed stadium to the next, Radio City was a radical album influenced by records that were already deemed oldies and yet sounding like a lean electrical jolt from the future. Here, Bruce Eaton examines the key ingredients of Radio City's lasting appeal- and through extensive interviews with all of those involved, gets to the heart of the cult of Big Star.

The Beach Boys FAQ Hal Leonard Corporation

(Book). A half-century after their first single release, "Surfin'," the Beach Boys continue to define California popular culture and the sunshine-infused sound that will forever be its living soundtrack. But beyond innocent harmonies touting the delights of catching waves and cruising to the drive-in, the Beach Boys are responsible for some of the most sophisticated pop/rock music ever made. Brian Wilson's acclaimed production, the 1966 LP *Pet Sounds*, was both a creative triumph that inspired The Beatles' best work, and a commercial disappointment that was widely misunderstood by the band's U.S. fans. The Beach Boys followed that with perhaps the greatest three-minute rock single ever, "Good Vibrations," which wowed the critics, was a worldwide number one hit, and ushered Brian Wilson down the path of substance abuse and mental illness. Brian then leapt into the abstract madness of *Smile*, his epic psychedelic masterpiece that was ultimately scrapped in a 1967 sea of paranoia that nearly drowned the Beach Boys as an act. As the 1970s dawned, the endless summer of nostalgia designated the Beach Boys as its favorite sons. They recorded a critically lauded string of albums even while coping with the knowledge that their creative leader, Brian Wilson, had become a semipermanent recluse and a casualty of his own excess. Still, the Beach Boys continued through controversy, conflict, and death, rising again and again to find more popularity and more commercial peaks into the 1980s and beyond. As the new millennium unfolds, the Beach Boys are still here and continue to be a popular concert attraction and one of rock's most compelling and important stories. In *The Beach Boys FAQ*, Jon Stebbins explains how the band impacted music and pop culture. This entertaining, fast-moving tome is accompanied by dozens of rare images, making this volume a must-have for fans.

The Amp Book Backbeat Books

Doyle Dykes is one of the premier fingerstyle guitarists in the world. When guitar great Chet Atkins was asked a few years ago who he'd pay money to go see, his answer was, "People like Doyle Dykes, who is just an amazing fingerpicker, I think." He has thrilled secular and church audiences all over the world, from the Grand Ole Opry to Knebworth House in Hertfordshire, England (home of the some of the most famous rock concerts in history) to Shanghai, China; James' Burton's International Guitar Festival, Saddleback Community Church, and Harvest Christian Fellowship. But this book isn't just about his life as a guitar player. Infused into stories like how he was invited to be part of the Stamps Quartet (Elvis' backup band), why a white rose is on the headstock of his signature-model guitar, and how his worst night at the Opry turned out to be anything but, are accounts of the remarkable ways God has shown up in Doyle's life. His warm, engaging style will draw you into each chapter--and you'll finish the book having been inspired, feeling like Doyle is a new friend, and never viewing God the same way again. Includes DVD with music & interviews. [2013 Dodge Challenger Owner Manual Compatible with OEM Owners Manual, Factory Glovebox Book](#) Xlibris Corporation

"If you know what you want, I'll get it for you. If you don't know what you want, I'll do it for you." Todd Rundgren. Few record producers possess the musical facility to back up such a bold promise, but in over forty-plus years behind the glass, Todd Rundgren has willed himself into becoming a not only a rock guitar virtuoso, an accomplished lead vocalist, and a serviceable drummer, vocal arranger and keyboard player, but also a master of perhaps his greatest instrument of all, the recording studio. Throughout his career, Rundgren has ping-ponged between the worlds of producer and recording artist with varying degrees of critical and commercial success. After learning his craft as a songwriter and arranger, with Nazzy, Rundgren gained attention for engineering recordings by The Band. His reputation was cemented by a string of noteworthy productions beginning in 1971 with Sparks, and continuing with classic albums for Grand Funk, The New York Dolls, Badfinger, Hall & Oates, Meat Loaf, Patti Smith Group, Psychedelic Furs and XTC. All of this alongside his own solo albums – such as, *Something/Anything*, *A Wizard A True Star* and

Hermit Of Mink Hollow – on which he played and sang virtually everything, and a series of albums by his band, *Utopia*. Researched and written with the participation and cooperation of Rundgren himself, *Todd Rundgren: Sounds Of The Studio* is a fascinating and authoritative trip through the land of flickering red lights inhabited by a studio wizard – and true star – who has rarely enjoyed a proper victory lap along the many trails that he has blazed. Draws upon exclusive new interviews with Robbie Robertson, Patti Smith, XTC, Sparks, Daryl Hall & John Oates, Meat Loaf, Jim Steinman, Cheap Trick, Grand Funk, The Psychedelic Furs, The Tubes, Steve Hillage, all members of Rundgren's legendary band, *Utopia*, and many other key Rundgren associates.

The Stratocaster Manual Hal Leonard Corporation

The definitive biography of Chuck Berry, legendary performer and inventor of rock and roll Best known as the groundbreaking artist behind classics like “Johnny B. Goode,” “Maybellene,” “You Never Can Tell” and “Roll Over Beethoven,” Chuck Berry was a man of wild contradictions, whose motives and motivations were often shrouded in mystery. After all, how did a teenage delinquent come to write so many songs that transformed American culture? And, once he achieved fame and recognition, why did he put his career in danger with a lifetime’s worth of reckless personal behavior? Throughout his life, Berry refused to shed light on either the mastery or the missteps, leaving the complexity that encapsulated his life and underscored his music largely unexplored—until now. In *Chuck Berry*, biographer RJ Smith crafts a comprehensive portrait of one of the great American entertainers, guitarists, and lyricists of the 20th century, bringing Chuck Berry to life in vivid detail. Based on interviews, archival research, legal documents, and a deep understanding of Berry’s St. Louis (his birthplace, and the place where he died in March 2017), Smith sheds new light on a man few have ever really understood. By placing his life within the context of the American culture he made and eventually withdrew from, we understand how Berry became such a groundbreaking figure in music, erasing racial boundaries, crafting subtle political commentary, and paying a great price for his success. While celebrating his accomplishments, the book also does not shy away from troubling aspects of his public and private life, asking profound questions about how and why we separate the art from the artist. Berry declined to call himself an artist, shrugging that he was good at what he did. But the man's achievement was the rarest kind, the kind that had social and political resonance, the kind that made America want to get up and dance. At long last, Chuck Berry brings the man and the music together.

Bass Player Presents The Fretless Bass Jawbone Press

"Gruhn's Guide to Vintage Guitars" is the most extensive and detailed list of specifications ever published for identifying, dating, and establishing the authenticity of an instrument. This new edition is enlarged and updated, making it once again the essential guide enabling collectors, dealers, players, and fans to determine the authenticity, rarity, and relative value of vintage acoustic and electric guitars, basses, mandolins, banjos, and amps. "Gruhn's Guide"'s thoroughness, detail, and clear organization have made it without peer, the must-have tool for discerning an instrument's manufacturer, model, and date - and most importantly, whether it is in original condition. Quote: 'you will not find a better guide, nor one that is so easy to use' - "Vintage Guitar" magazine.

Where The Action Was Hal Leonard Corporation

To summarize this story, it tells a story of an individual who started out in 1960 in rock 'n' roll and took it all the way in his field, to the top, and became the most famous road manager in the United States of the time. I was in trade magazines, on TV shows and received fan mail. It got to the point where I had to deal with my fans and their mania wherever I went, like the rock stars I worked with. The only other road manager at the time that was in this category was Malcolm Evans, who worked for the Beatles. Paul Revere had told me I was even like a sixth Raider. Here I was, a kid from Olympia, and now in Hollywood living the fast lane with the after burner on, and the G forces pushing my skin back on my face. The jet pilots are not the only ones that do that. I lived it. From band boy, to roadie, to road manager, tour manger, and body guard. It tells the true-life story of groups starting out, and the excitement of making it all the way to the top. And I was the only one that went everywhere the band did, having the same experiences. The changes in the way we tour on the ground and in the air, changes in sound equipment, show productions, TV shows, touring, recording, business and instruments. It tells of the fun, the hard work, the excitement, the danger and the responsibility of touring. I would go up against anybody in history that thinks they saw a lot of rock 'n' roll bands in that time. I literally saw thousands and thousands. No one else alive can tell this story but me, because of the unique position I was in at the time. After 18 years on the road working with top American and top British groups, and having the business almost kill me a

few times, I definitely have a very unique one of a kind story to tell. I have played Madison Square Garden's, Yankee Stadium, Dick Clark Caravan Star Tours, USO Tours, College tours, promotional tours, and other Country tours. I have done it all. Keep in mind that out of the entire population of the United States, 25% are baby boomers. And they were teenyboppers at that time. Looking back, I have no regrets except for one: THE ROCK 'N' ROLL EVOLUTION WILL NEVER HAPPEN AGAIN. I was right in the middle of it! There were no set standards or proven ways until we blazed a trail into the new world of Rock “n” Roll. EBook coming soon in February 23, 2011

Focus On: 100 Most Popular English People of Welsh Descent Routledge

How did he do it? So many years later, it's still the question guitar aficionados ask about Jimi Hendrix, whose music was like nobody else's. Song by song, album by album, concert by concert, this book analyzes how Hendrix achieved that sound--and so, shows you how to achieve it, too. The book examines all of Hendrix's equipment, providing a nuts-and-bolts analysis of each of his guitars (including serial number, history, and provenance), his amps choices, and his singular use of revolutionary effects from wah-wahs to overdrives to bizarre-o pedals like the Fuzzface. A practical reference book like no other, this volume gives the proper guidance and tools to any guitarist who wants to take a stab at emulating one of the greatest players of all time.

Gruhn's Guide to Vintage Guitars Voyageur Press (MN)

Biography of the rock musician's life from his boyhood to his tragic life.

Jimi Hendrix Hal Leonard Corporation

(Book). The sound of rock, blues, country and jazz is not just the sound of electric guitars. It's the sound of electric guitars through amplifiers. For the first time, *Guitar Rigs* examines the great guitar/amp combinations that have created more than 50 years of fantastic music. Each section includes a full history of guitar and amps and details the construction, components, performance, qualities and drawbacks of each combination. *Guitar Rigs* is not just a celebration of the collectable treasures of the guitar and amp world. Along the way it evaluates many more instruments, amps and effects, offering alternatives for those trying to conjure great sounds from less-exalted equipment. And it comes with a CD that demonstrates these and many more combinations so you hear them for yourself.

Guitar World Presents the 100 Greatest Guitarists of All Time! Backbeat Books

This in-depth, photo-packed look at the history and culture of surfers is “meticulously researched, smartly written . . . required reading” (*Outside Magazine*). Matt Warshaw knows more about surfing than any other person on the planet. After five years of research and writing, Warshaw, a former professional surfer and editor of *Surfing* magazine, has crafted an unprecedented, definitive history of the sport and the culture it has spawned. With more than 250 rare photographs, *The History of Surfing* reveals and defines this sport with a voice that is authoritative, funny, and wholly original. The obsessive nature of Warshaw’s endeavor is matched only by the obsessive nature of surfers, who are brought to life in this book in many tales of daring, innovation, athletic achievement, and the offbeat personalities who have made surfing history happen. “The world’s most comprehensive chronicler of the surfing scene.” —Andy Martin, *The Independent*

Jimi Hendrix Hal Leonard Corporation

(Book). Outrageously talented, remarkably handsome, internationally renowned, and dead at the age of 21. More than 40 years after the tragic car crash that killed him, Eddie Cochran remains one of rock and roll's most lamented "What Ifs." A trailblazing guitarist, gifted vocalist, hit-making composer and arranger, and budding whiz-kid producer, Cochran quickly ascended from Midwestern obscurity in the late '50s to become one of nascent rock and roll's leading lights. He penned or recorded many of the most recognized songs in rock history "Summertime Blues," "Nervous Breakdown," "Somethin' Else," "C'mon Everybody," "Twenty Flight Rock," "Sittin' in the Balcony" songs whose distinctive sound and defiant, often wryly humorous lyrics have been eagerly digested, analyzed and lovingly reinterpreted by generations of rockers after him, from The Beatles to the Sex Pistols, The Who to U2. *Three Steps to Heaven: The Eddie Cochran Story* co-authored by Cochran's nephew, also a gifted musician is the first American biography of this uniquely American rock legend, who was among the first to be inducted into the Rock and Roll Hall of Fame. The book is a detailed portrait of Cochran's personal and professional triumphs and travails, with fascinating insight into the rock pioneer's life that only a family member can provide. 33 B/W photographs; Hardcover.
