*The Beginning After  
The End* Cambridge  
University Press  
This is a collection of  
short stories in  
Intermediate English  
for EFL and other  
English learning  
contexts. Each story is  
accompanied by a  
vocabulary guide, a  
student worksheet and  
notes for teachers.  
Though specially  
written with language  
learners in mind, and  
aimed at teenage  
readers, these short  
stories use perfectly  
normal English, and  
avoid any kind of  
artificial simplified  
language. For this  
reason, they may also  
be appreciated by  
native English readers  
in years or grades 8 to

10. The stories in this  
book are graded by  
difficulty, varying from  
CEFR Level B1  
(threshold) to CEFR  
level C1 (proficiency).  
Each story, or in the  
case of two-part  
stories, each part of a  
story, is accompanied  
by a worksheet and by  
teaching notes with  
suggestions for getting  
the most out of each  
story in class or for  
home assignments.  
The stories are full of  
everyday expressions,  
idioms, and daily  
vocabulary, and most  
of them include plenty  
of dialogue. Where  
"difficult" vocabulary is  
needed or used, it is  
used as required, and  
the words and  
expressions are  
explained in the short  
accompanying  
vocabulary guides, or  
else developed in the  
worksheet or teaching

ideas sections.

Cambridge O Level English Student Book  
Don't simply show your data—tell a story with it! Storytelling with Data teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded in

theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter

clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—Storytelling with Data will give you the skills and power to tell it!

A NATIONAL BESTSELLER A beloved pastor and a New York Times bestselling author examine scripture and share inspiring personal stories to help show the important role that Jesus' resurrection plays in our everyday lives. The Son of God was crucified, died and buried, and He lay in the tomb for three days—until He walked out shining like the sun. In a culture in which history is erased or rewritten at will, the existence of an empty tomb matters. Why? Because if the tomb is empty—then anything is possible. In his first book, Joby Martin, Lead Pastor of The Church of Eleven22, dives deep into scripture and traces the story of salvation by highlighting the seven

mountains throughout scripture where God manifests himself. As he describes each encounter with God, Martin shows us how the interaction on each mountain laid the groundwork for the sacrifice of Christ on Calvary, and shows what God revealed about Himself in the process. He illuminates seven familiar passages, unveiling how God's plan for Christ's sacrifice is threaded throughout scripture, and shows why Christ's resurrection—impossible, unbelievable—means that nothing is too hard for our God. Ultimately, he asks readers, Do you live every day of your life as if the tomb is empty—or as though Jesus is still hanging on that cross? Written

with New York Times bestselling author Charles Martin, *If the Tomb is Empty* is an insightful and spiritually rich examination of what the miracle of Christ's resurrection means for all of us.

In a diverse society, the ability to cross communication barriers is critical to the success of any individual personally, professionally, and academically. With the constant acceleration of course programs and technology, educators are continually being challenged to develop and implement creative methods for engaging English-speaking and non-English-speaking learners. Computer-Assisted Language

Learning: Concepts, Methodologies, Tools, and Applications is a vital reference source that examines the relationship between language education and technology and the potential for curriculum enhancements through the use of mobile technologies, flipped instruction, and language-learning software. This multi-volume book is geared toward educators, researchers, academics, linguists, and upper-level students seeking relevant research on the improvement of language education through the use of technology.

This definitive collection gathers the most significant speeches of the modern era, from Theodore Roosevelt and Martin Luther King Jr. to Ronald Reagan and Michelle Obama. Defined by waves of idealism and doubt, progress and destruction, the twentieth century and the first decades of the twenty-first have seen the best and worst of humanity in measures previously unimaginable.

Underpinning the rise of radio, television, and the internet, the spoken word has proven ever more crucial in stirring the hearts and minds of millions around the

world. In these pages, Emmeline Pankhurst agitates for the right to vote; Adolf Hitler rises to power; Fidel Castro sparks a revolution; John F. Kennedy calls Americans to action; Betty Friedan rallies for equality; and Barack Obama contemplates the meaning of America. The speeches contained in *The Penguin Book of Modern Speeches*, some of the most extraordinary and memorable of the modern age, have established and shaped how we understand ourselves and our place in the world around us.
