This report provides practical guidance to tax authorities on the design and implementation of a variety

of solutions for digital platforms, including e-commerce marketplaces, in the effective and efficient collection of VAT/GST on the digital trade of goods, services and intangibles. In particular, it includes new measures to make digital platforms liable for the VAT/GST on sales made by online traders through these platforms, along with other measures including data sharing and

enhanced co-operation between tax authorities and digital platforms. It builds on the solutions for the effective collection of VAT/GST on digital sales included in the International VAT/GST Guidelines and the 2015 BEPS Action 1 Final Report “Addressing the Tax Challenges of the Digital Economy.” It is of particular relevance recognising the growing importance of the platform economy and notably the	potential of digital platforms to significantly enhance the effectiveness of VAT/GST collection given their important role in generating, facilitating and/or executing online sales. <u>SSC/UPSC/RAI</u> <u>LWAY/CDS/ND</u> <u>A/TEACHING/N</u> <u>ET JRF/OTHER</u> <u>EXAMS</u> Oswaal Books and Learning Private Limited Lucent General Knowledge for all Competitve Exams SSC UPSC RAILWAY CDS TET PSC ARMY	NAVY AIRFORCE AFCAT EXAMS CGL CPO CHSL MTS JE GK GENERAL AWARENESS UPSC IAS CDS NDA AFCAT ASSISTAN COMMANDAN T GK GENERAL AWARENESS NAVY SSR MR SAILOR ARMY CLERK GD GK GENERAL AWARENESS AIRFORCE GROUP OBJECTIVE GK LUCENT MANOHAR PANDEY GK GENERAL STUDIES MANUAL <i>Oswaal ISC Question Bank Class 11 (Set of 4 Books) Account,</i>

Economic, Business Study, Mathematics (For 2022 Exam) Notion Press
 Inspired by American studies of the impact of government programs on clients' political activity, Take a Number breaks new ground by investigating the lessons that people draw from their experiences with government bureaucracies, reaching very different conclusions about the effects of program participation in Canada. People's experiences with service providers matter. Far from being de-politicizing, negative experiences can be empowering, stimulating greater political interest and more political activity. In contrast to the findings of some American studies, there is no evidence that these encounters leave claimants in Canada with the sense that they are neither legitimate nor effective actors in the public sphere. Rather than discouraging participation in politics, being a recipient of means-tested benefits likewise seems to be politically mobilizing. Based on extensive survey data, Take a Number casts new light on the problem of non-take-up of social benefits. Elisabeth Gidengil reveals that

those who are most likely to benefit are often unaware of government programs. The more demanding and intrusive the claiming process, the more likely claimants are to find it difficult to access the program. These experiences with government programs prove to have larger implications for users' confidence in institutions and their satisfaction with democracy. A

wide-ranging study of the politicizing effects of social program participation, Take a Number introduces a compelling new dimension to our understanding of why some citizens are politically active while others remain quiescent.
