Real Estate Principles and Practices Loren Keim

"Washington Real Estate Fundamentals provides an overview of the theoretical and practical aspects of real estate. A product of 32 years' experience in real estate education, Washington Real Estate Fundamentals is widely acclaimed as the foremost prelicense text in Washington. Rockwell's Fundamentals incorporates the latest in real estate law, regulations, and business practices. It uses a range of proven study aids such as illustrations, graphs, outlines, vocabulary reviews, and chapter quizzes. The text covers all key concepts necessary to a thorough understanding of real estate transactions."--Amazon.com viewed July 24, 2023.

*The Appraisal of Real Estate* Dearborn Real Estate Education

This book provides not only the theories of basic law, but also the topics and techniques that readers need to apply the law in actual situations. It offers in-depth coverage of the four areas faced most often in practice -- leases, deposit receipts, listing agreements and deeds of trust -- featuring an up-to-date list of actual, relevant case profiles that bring the law to life. Reflected throughout the book are many recent changes in law -- such as the elimination of justice courts, dollar amount changes of many statutes, etc. -- as well as topics of interest to today's legal professional -- such as alternate dispute resolution (including arbitration and mediation), toxic waste, environmental control and more.

Real Estate Law, 5e tells the "story" of real estate from its basic spatial and conceptual form through all the most important private and public law transactions and processes that govern real estate in the United States today. It approaches the study of real estate law using the past to explain the present as well as presenting discussion of its future. It has been updated to include many new cases and concepts, and adds innovative material on the legal aspects of e-commerce and the probable impact it is having on real estate law today and tomorrow. The book is presented in a very clear, concise, and readable style. With its transactional approach, the book is especially practical and useful to both real estate majors and non-majors. Newly rewritten, adding the expertise from a new co-author, Robert Aalberts, enhancing both teaching and learning, this text is valuable for both class and reference use.
