HUDSON LAYLAH

Babylong 5 Dilgar Imperium Random House Digital, Inc.
Provides descriptions of the weapons, spaceships, technology, organizations, and alien races encountered in the popular science fiction television series

Making Faces, Playing God e-artnow sro

A novel based on the television science-fiction series, Babylon 5, set aboard a massive space station in the year 2257. Positioned in a key sector of the galaxy and under the jurisdiction of the Earth Alliance, Babylon 5 serves as a space-borne port of call, open to travellers from anywhere.

Clark's Law Del Rey

The stand-alone plot of this novel brings a critical new piece to the "Babylon 5" story line. Haunted by the explosive fate of Babylons 1 through 4, the inhabitants of Babylon 5 work together to make the station "our last, best hope for peace".

Groundbreaking! Does for TV shows what Leonard Maltin's guides do for movies! Forget movies! Sales of TV DVDs are outpacing all other categories, according to Video Store magazine. The Simpsons, 24, Lost, Desperate Housewives, Alias, even old chestnuts like Columbo and Home Improvement are blowing out of the stores as fans and collectors rush to buy their favorite shows, compact and complete. How do buyers know which shows are the best, which season contains that favorite moment, which

episode features that guest star? They don't—not without their trusty copy of 5,000 Episodes No Commercials which gives full information on every sitcom and drama released on DVD, whether in season-by-season sets, individual episodes, best-of compilations, specials, or made-for-TV movies. Almost 500 pages of listings include year of original airing, information on audio and video quality, extras, Easter eggs, and more. Every couch potato is sure to heave up off the sofa just long enough to buy 5,000 Episodes No Commercials!

Providing geophysicists with an in-depth understanding of the theoretical and applied background for the seismic diffraction method, "Classical and Modern Diffraction Theory" covers the history and foundations of the classical theory and the key elements of the modern diffraction theory. Chapters include an overview and a historical review of classical theory, a summary of the experimental results illustrating this theory, and key principles of the modern theory of diffraction; the early cornerstones of classical diffraction theory, starting from its inception in the 17th century and an extensive introduction to reprinted works of Grimaldi, Huygens, and Young; details of the classical theory of diffractions as developed in the 19th century and reprinted works of Fresnel, Green, Helmholtz, Kirchhoff, and Rayleigh; and the cornerstones of the modern theory including Keller's geometrical theory of diffraction, boundary-layer theory, and super-resolution. Appendices on the Cornu spiral and Babinet's principle are also included.

A Call to Arms Random House Digital, Inc.

The Earth Alliance fleet is a mighty beast, with even small vessels such as the Tethys proving to be frighteningly effective. The larger warships, such as the Nova and famed Omega-class Destroyer are a match for almost any race in the galaxy and rumours abound of yet more advanced designs being planned in the spacedocks of Earth. Earth Alliance Fleet comes packed with everything a budding Admiral needs to begin waging war in space. With ships carefully selected for use within A Call to Arms, this box set includes the following; 2 Omega destroyers, 1 Nova dreadnought, 4 Hyperion heavy cruisers, 2 Artemis heavy frigate, 2 Tethys cutters and 48 Starfury fighters. Also included is a booklet containing new rules and variant ships for Earth Alliance players in A Call to Arms.

Fleet Lists McFarland

This book analyzes the mythological content of five television franchises within the genre of science fiction, fantasy and horror: The X-Files & Millennium, Babylon 5 & Crusade, Buffy the Vampire Slayer & Angel, Stargate and Star Trek. The central themes are errand into the wilderness, emancipation from larger powers, individual responsibility, prophecy, apocalyptic scenarios, fundamentalism, artificial intelligence, as well as hybridity, gender roles, psychotic narration, and others. The theoretical basis for this work are both a conventional cultural studies perspective as well as memetics, an evolutionary perspective of culture and literature that is utilized in this volume as an approach to studying genre at the example of the five case studies.

A Call to Arms is the award-winning game of space combat in the universe of Babylon 5. From skirmishes involving single cruisers hunting down raiders to the clashing of allied fleets against the forces of ancient beings eons old, A Call to Arms is your ticket to exciting battles that take place in the depths of space. This rules supplement provides the fleet lists for the Dilgar - the Earth Alliance's first enemy.

Bester Ascendant University of Texas Press

The Rim Beyond known space, there lies the Rim. There are a million stories about what lies out there - dead worlds, alien civilisations, impossible spacecraft, unimaginable treasures - but there is only one thing that all the tales agree on, and that's the danger. Far from the well-travelled jump routes and civilised planets of the core systems, the Rim is lawless, mysterious and deadly. As the Earth Alliance pushes out towards the Rim, in search of new colony worlds, new resources and new technologies, they risk awakening the ancient powers that slumber in this dark region of space. This is a not a safe place to be. This is the Rim... the Edge of the Abyss. The Rim Sourcebook for Babylon 5 opens up a whole new section of the galaxy for

adventure and exploration. From the EarthForce Explorer Corps and the corporations who are funding Humanity's expansion into this region, to many new worlds and strange new races, the Rim expands the setting of the Babylon 5 rpg into worlds only briefly glimpsed during the series.

Accompanying the brand new second edition of the award-winning A Call to Arms Babylon 5 space combat miniatures game, the B5 ACTA 2nd Ed. Fleet Book contains the comprehensive data necessary to play any of the major and iconic racial fleets of the Babylon 5 universe. The Earth Alliance, Minbari Federation, Centauri Republic, Narn Regime and League of Non-Aligned Worlds have all their ship types and fleets described, along with their game statistics. Also included are fleet lists for the ancient races Shadow, the Vorlons and the Drakh, as well as expanded information on the fleets of specific League races, such as the Brakiri, the Vree, the Abbai, the Pak'ma'ra and the Gaim. There are even specific notes for older fleets (Dilgar), specialised fleets (Psi Corps) and generic Raider fleets.

The greatest science fiction adventure ever comes to roleplaying as it has never been seen before! Featuring the space station that changed the destiny of an entire galaxy, the Babylon 5 RPG from Mongoose Publishing allows play to take on the role of characters from the award-winning TV series.

(*****Additional

Text*****) Featuring the space station that changed the destiny of an entire galaxy, the Babylon 5 RPG from Mongoose Publishing allows players to take on the role of characters from the award-winning TV series. This all new edition revisits one of the most successful Sci-Fi roleplaying games of recent years, bringing the game to an all new group of fans! Existing fans will not be disappointed, the rules have been tweaked so that the game is even better than before, and most

importantly, is a stand-alone rulebook in it's own right with no requirement for the use of another rulebook! The Babylon 5 universe is filled with action-packed adventures that wash the galaxy in tales of heroes, villains and epic schemes. Not all plots and schemes involve a starship firing console or powered-up PPG, some play-out without a single shot fired - battles fought with credits and politics, boycotts and embargoes.

Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 35. Chapters: Civilizations in Babylon 5, Narn, Vorlon, Minbari, Centauri, Shadow, Earth Alliance, Drakh, Technomage, Human, First One, Pak'ma'ra, League of Non-Aligned Worlds. Excerpt: This article discusses fictional civilizations on the science-fiction television show Babylon 5. As the Babylon station was conceived as a political and cultural meeting place one of the show's many themes is the cultural and social interaction between civilizations. There are five dominant civilizations represented on Babylon 5: humans, the Narn, the Centauri, the Minbari, and the Vorlons; and several dozen less powerful ones. A number of the less powerful races make up the League of Non-Aligned Worlds, which assembled as a result of the Dilgar War, which occurs 30 years before the start of the series. The Abbai are a race from the fictional Babylon 5 universe. Their Homeworld is Abbai 4 called SsumsshaA, which orbits the Star Beta Pictoris in Sector 16. A peaceful, matriarchal society, the Abbai were the central force behind the formation of the League of Non-Aligned Worlds. The Abbai have had Interstellar Flight since the Earth year 1461. The Brakiri feature heavily in the episode "Day of the

Dead," which deals with a mysterious Brakiri religious celebration. The Brakiri have had interstellar flight since the Earth year 2111. Brakiri are primarily night dwellers, and have a reputation amongst the other races as being pack rats and scavengers. The Brakiri were among the first that Shadows attacked openly in Earth year 2260. They were also among those that were under attack by the Centauri in Earth year 2262. The Centauri Republic was once a mighty empire which has grown decadent and is in a slow decline. The Centauri, a humanoid race similar in appearance to humans, are a proud and aristocratic people governed by an emperor and a...

Exposing the social and political landscape of homelessness in Fresno, *Dispatches from the War Zone* offers the reader a rare opportunity to understand this issue from the perspective of the homeless, their allies and an investigative journalist who closely followed this story for more than 10 years. What at first appeared to be builders and developers working with Fresno City Hall and the police to move the homeless to more remote areas of town turns into something else entirely. We find government corruption, a class action lawsuit against the city for its unconstitutional attacks against the homeless and the suspicious death of Pamela Kincaid, the lead plaintiff in the legal action. Originally, it was the federal government's de-funding of affordable housing in the early 1980s that led to today's homeless crisis. The book examines those structural reasons for homelessness but also looks at what grassroots groups in Fresno, working on alternatives, have accomplished. Although the end to homelessness has been elusive for those groups doing business as usual, the paradigm shifts this book suggests give new hope that a better world is possible. There is a pathway to ending homelessness and treating all people with the dignity and respect they deserve.
