## ROMAN EUGENE

The Harry Potter Generation Laura Bliss  
 NATIONAL BESTSELLER The true story of two African-American brothers who were kidnapped and displayed as circus freaks, and whose mother endured a 28-year struggle to get them back. The year was 1899 and the place a sweltering tobacco farm in the Jim Crow South town of Truevine, Virginia. George and Willie Muse were two little boys born to a sharecropper family. One day a white man offered them a piece of candy, setting off events that would take them around the world and change their lives forever. Captured into the circus, the Muse brothers performed for royalty at Buckingham Palace and headlined over a dozen sold-out shows at New York's Madison Square Garden. They

were global superstars in a pre-broadcast era. But the very root of their success was in the color of their skin and in the outrageous caricatures they were forced to assume: supposed cannibals, sheep-headed freaks, even "Ambassadors from Mars." Back home, their mother never accepted that they were "gone" and spent 28 years trying to get them back. Through hundreds of interviews and decades of research, Beth Macy expertly explores a central and difficult question: Where were the brothers better off? On the world stage as stars or in poverty at home? TRUEVINE is a compelling narrative rich in historical detail and rife with implications to race relations today.

The generation of readers most heavily impacted by J.K. Rowling's Harry Potter series--those who grew up alongside "the boy who lived"--have come of age. They

are poised to become teachers, parents, critics and writers, and many of their views and choices will be influenced by the literary revolution in which they were immersed. This collection of new essays explores the many different ways in which Harry Potter has shaped this generation's views on everything from politics to identity to pedagogical spaces online. It seeks to determine how the books have affected fans' understanding of their place in the world and their capacity to create it anew.
