With Dwight attending Tippett Academy this semester, the kids of McQuarrie Middle School are on their own—no Origami Yoda to give advice and help them navigate the treacherous waters of middle school. Then Sara gets a gift she says is from Dwight—a paper fortune-teller in the form of Chewbacca. It's a Fortune Wookiee, and it seems to give advice that's just as good as Yoda's—even if, in the hands of the girls, it seems too preoccupied with romance. In the meantime, Dwight is fitting in a little too well at Tippett. Has the unimaginable happened? Has Dwight become normal?

It's up to his old friends at McQuarrie to remind their kooky friend that it's in his weirdness that his greatness lies. This is the third case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in "a satisfying tale of friendship and just resistance to authority" (Kirkus Reviews, starred review). Praise for The Secret of the Fortune Wookiee has crafted a worthy follow-up to his break STARRED REVIEW "Angleberger's third in the series continues the fun. A chorus of spot-on middle school voices and plenty of laughs are wrapped around this tale of friendship and seasoned with Star Wars references." —Kirkus Reviews, starred review "Tom Angleberger offers a hilarious third book in his best-selling series starring origami Star Wars characters. Angleberger's grasp of middle-school emotions, humor and behavior is spot-on, and parents who want to get a sense of what it's like be a preteen these days might consider reading this book. But you'll likely have to pry it

out of your young reader's hands first."

Star Wars: The Life Day Cookbook p i kids
An exciting new era of Star Wars history is about to begin--as fantasy and science fiction's most acclaimed authors propel the legendary epic into the next millennium, introducing us to a rich cast of characters that features old favorites-- Luke Skywalker, Han Solo, and Leia Organa Solo--along with the next generation of Jedi and never-before seen creatures, droids, and deadly agents of darkness. In Vector Prime, the launch novel for this thrilling new saga, New York Times bestselling author R. A. Salvatore takes the Star Wars universe to previously unscaled heights of action and imagination, expanding the beloved story of a galaxy far, far away . . . Twenty-one years have passed since the heroes of the Rebel Alliance destroyed the Death Star, breaking the power of the Emperor. Since then, the New Republic has valiantly struggled to maintain peace and prosperity among the peoples of the galaxy. But unrest has begun to spread; tensions erupt in outbreaks of rebellion

that, if unchecked, threaten to destroy the Republic's tenuous reign. Into this volatile atmosphere comes Nom Anor, a charismatic firebrand who heats passions to the boiling point, sowing seeds of dissent for his own dark motives. In an effort to avert a catastrophic civil war, Leia travels with her daughter Jaina, her sister-in-law Mara Jade Skywalker, and the loyal protocol droid C-3PO, to conduct face-to-face diplomatic negotiations with Nom Anor. But he proves resistant to Leia's entreaties--and, far more inexplicably, within the Force, where a being should be, was . . . blank space. Meanwhile, Luke is plagued by reports of rogue Jedi Knights who are taking the law into their own hands. And so he wrestles with a dilemma: Should he attempt, in this climate of mistrust, to reestablish the legendary Jedi Council? As the Jedi and the Republic focus on internal struggles, a new threat surfaces, unnoticed, beyond the farthest reaches of the Outer Rim. An enemy appears from outside known space, bearing weapons and technology unlike anything New Republic scientists have ever seen. Suddenly Luke, Mara, Leia, Han Solo, and Chewbacca--along with the Solo

children--are thrust again into battle, to defend the freedom so many have fought and died for. But this time, all their courage, sacrifice, and even the power of the Force itself may not be enough. . . . Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!
