Newbery Honor Book National Book Award finalist Coretta Scott King Author Honor Book Boston Globe-Horn Book Award Flora Stieglitz Straus Award Beautiful verse explores agricultural scientist George Washington Carver's life and many achievements, from his work as a botanist and inventor to his unsung gifts as a painter, musician, and teacher. George Washington Carver was determined to help the people he loved. Born a slave in Missouri, he left home in search of an education, eventually earning his master's degree. When Booker T. Washington invited Carver to start the agricultural department at the all-black-staffed Tuskegee Institute, Carver truly found his calling. He spent the rest of his life seeking solutions to the poverty among landless Black farmers by developing new uses for soil-replenishing crops such as peanuts, cowpeas, and sweet potatoes. This STEAM biography reveals Carver's complex and profoundly devout life.

A powerful poem about Ona Judge's life and her self-emancipation from George Washington's household. Ona Judge was enslaved by the Washingtons, and served the President's wife, Martha. Ona was widely known for her excellent skills as a seamstress, and was raised alongside Washington's grandchildren. Indeed, she was frequently mistaken for his granddaughter. This poetic biography follows her childhood and adolescence until she decides to run away. Author Ray Anthony Shepard welcomes meaningful and necessary conversation among young readers about the horrors of slavery and the experience of house servants through call-and-response style lines. Illustrator Keith Mallett's rich paintings include fabric collage and add further feeling and majesty to Ona's daring escape. With extensive backmatter, this poem may serve as a new introduction to American slavery and Ona Judge's legacy.

Poems on Various Subjects, Religious and Moral (1773) is the first book of poetry published by an African American author. Written while Wheatley was a slave in Boston, the collection was published in England. Regarded for her mastery of classical poetic form, Phillis Wheatley earned praise from Voltaire and George Washington. Poems on Various Subjects, Religious and Moral has long been the subject of scholarly work on the history of African American literature, with some critics arguing that Wheatley's poems proved detrimental to the struggle of enslaved African Americans. Whether Wheatley made excuses for slavery or, as some have argued, included subtle critiques of the institution in her writing, her talent and importance to the history of African American literature remain undisputed. Despite her status as a slave, Phillis Wheatley seems to have viewed herself as a blessed individual, a woman for whom life itself was a sign of God's grace, and in whom talent arose in the form of a foreign language. Many of her poems—elegies, odes, and monologues—are aimed at others. Whether in mourning, in praise, or in warning, Wheatley frequently offers her own voice to university students, royalty, God, the muses, and deceased infants. When she does offer glimpses of herself, for instance, in her poem "On Being Brought from Africa to America," she provides a complex perspective on her status as a slave: "'Twas mercy brought me from my Pagan land, / Taught my benighted soul to understand / That there's a God, that there's a Saviour too." While her words may seem strange to our modern view of the American institution of slavery, they provide an important historical lens onto the adoption of Christianity by African American slaves, who

developed a faith grounded in resistance, hope, and redemption. With a beautifully designed cover and professionally typeset manuscript, this edition of Phillis Wheatley's Poems on Various Subjects, Religious and Moral is a classic of African American literature reimagined for modern readers.

George Washington Cable, compared in his lifetime to Dickens and Daudet and praised in Moscow as a disciple of Turgenev, was more than a local colorist of Creole days in New Orleans. He was a crusader as well -- and a crusader for a dangerously unpopular cause. Originally published in 1956 by Duke University Press, this biography won the Charles S. Sydnor Award given by the Southern Historical Association for the best book in Southern History over a two-year period.
