Lambs Simon and

Schuster
Ed Gein's gruesome
and horrifying murders,
the basis of the motion
picture "Psycho,"
caused bad publicity
for a small Wisconsin
town and outrage over
the treatment of his
female victims

**Limited Edition
Paperback St.**

Martin's Griffin
For decades now, serial
killers have taken
center stage in the
news and
entertainment media.
The coverage of real-
life murderers such as
Ted Bundy and Jeffrey
Dahmer has
transformed them into
ghoulish celebrities.
Similarly, the
popularity of fictional
characters such as
Hannibal "The
Cannibal" Lecter or
Dexter demonstrates
just how eager the
public is to be

frightened by these
human predators. But
why is this so? Could it
be that some of us
have a gruesome
fascination with serial
killers for the same
reasons we might
morbidly stare at a
catastrophic
automobile accident?
Or it is something
more? In *Why We Love
Serial Killers*,
criminology professor
Dr. Scott Bonn explores
our powerful appetite
for the macabre, while
also providing new and
unique insights into the
world of the serial
killer, including those
he has gained from his
correspondence with
two of the world's most
notorious examples,
David Berkowitz ("Son
of Sam") and Dennis
Rader ("Bind, Torture,
Kill"). In addition, Bonn
examines the criminal
profiling techniques

used by law enforcement professionals to identify and apprehend serial predators, he discusses the various behaviors—such as the charisma of the sociopath— that manifest themselves in serial killers, and he explains how and why these killers often become popular cultural figures. Groundbreaking in its approach, *Why We Love Serial Killers* is a compelling look at how the media, law enforcement agencies, and public perception itself shapes and feeds the “monsters” in our midst.

Monster Tyndale House Publishers, Inc.

A medical thriller from Pulitzer Prize-winning author James B. Stewart about serial killer doctor Michael

Swango and the medical community that chose to turn a blind eye on his criminal activities. No one could believe that the handsome young doctor might be a serial killer. Wherever he was hired—in Ohio, Illinois, New York, South Dakota—Michael Swango at first seemed the model physician. Then his patients began dying under suspicious circumstances. At once a gripping read and a hard-hitting look at the inner workings of the American medical system, *Blind Eye* describes a professional hierarchy where doctors repeatedly accept the word of fellow physicians over that of nurses, hospital employees, and patients—even as

horrible truths begin to emerge. With the prodigious investigative reporting that has defined his Pulitzer Prize-winning career, James B. Stewart has tracked down survivors, relatives of victims, and shaken coworkers to unearth the evidence that may finally lead to Swango's conviction. Combining meticulous research with spellbinding prose, Stewart has written a shocking chronicle of a psychopathic doctor and of the medical establishment that chose to turn a blind eye on his criminal activities.

Crimson Stain Simon and Schuster

Aileen Wuornos was executed in Florida, on the 9th of October, 2002 at the age of 46.

She was the 10th woman to be sentenced to death in the USA since the death penalty resumed in 1976. Convicted for the murder of six men, in a two month period, Aileen claimed she acted in self defence however the investigation into these claims was poor and she later retracted her statement announcing to the Supreme Court, "I'm one who seriously hates human life and would kill again." All-too-often female prostitutes have been the victims of male serial killers - the killings of Aileen 'Lee' Wuornos were the inverse of this. She was a child prostitute, fleeing an abusive childhood at the hands of her grandparents, which led straight into a disastrous adulthood

of difficult affairs with both men and women. Her metamorphosis from victim to attacker had brutal consequences: a stream of dead men. Following a renewed interest in this woman after the film "Monster", this is her story in her own words. Ripped from the Headlines! Macmillan DeviantSimon and Schuster
America's Most Bizarre Murderer Ballantine Books
 For thirty-one years, a monster terrorized the residents of Wichita, Kansas. A bloodthirsty serial killer, self-named "BTK"—for "bind them, torture them, kill them"—he slaughtered men, women, and children alike, eluding the police for decades while bragging of his grisly exploits to the

media. The nation was shocked when the fiend who was finally apprehended turned out to be Dennis Rader—a friendly neighbor . . . a devoted husband . . . a helpful Boy Scout dad . . . the respected president of his church. Written by four award-winning crime reporters who covered the story for more than twenty years, *Bind, Torture, Kill* is the most intimate and complete account of the BTK nightmare told by the people who were there from the beginning. With newly released documents, evidence, and information—and with the full cooperation, for the very first time, of the Wichita Police Department's BTK Task Force—the authors have put all the pieces of the grisly puzzle into

place, thanks to their unparalleled access to the families of the killer and his victims.

The Green Dress Little Brown

In the pantheon of serial killers, Belle Gunness stands alone. She was the rarest of female psychopaths, a woman who engaged in wholesale slaughter, partly out of greed but mostly for the sheer joy of it. Between 1902 and 1908, she lured a succession of unsuspecting victims to her Indiana "murder farm." Some were hired hands. Others were well-to-do bachelors. All of them vanished without a trace. When their bodies were dug up, they hadn't merely been poisoned, like victims of other female killers. They'd been butchered. Hell's

Princess is a riveting account of one of the most sensational killing sprees in the annals of American crime: the shocking series of murders committed by the woman who came to be known as Lady Bluebeard. The only definitive book on this notorious case and the first to reveal previously unknown information about its subject, Harold Schechter's gripping, suspenseful narrative has all the elements of a classic mystery--and all the gruesome twists of a nightmare.

The Inside Story of BTK, the Serial Killer Next Door Authorlink

The shocking true account of one of the most sickening murders in the annals of American crime. On a drab, humid day in June 1928, a frail

looking old man called at the Manhattan apartment of Albert and Delia Budd and persuaded them to allow their ten-year-old daughter to accompany him to a children's party. What followed was one of the most sensational murder cases in American history, a crime that shocked, disgusted and enthralled an entire nation. Follow the paths of a horrendously depraved killer and the relentless detective who dedicated six years of his life to tracking him down. Get inside the courtroom for one of the trials of the century. Revisit the crime scenes and hear from the psychiatrists who examined this human monster. And finally, read the barely

believable confessions of one of the most perverted individuals ever to walk this earth. **WARNING:** Confessions Of A Cannibal will shock you to the core. This no holds barred account is not for the faint-hearted. Scroll up to grab a copy of Confessions Of A Cannibal: The Shocking True Story Of Depraved Child Killer Albert Fish. *Bestial* Mango Media Inc. When reporter Paul Novak investigates a series of brutal murders, he didn't plan to pry into the legend of Ed Gein, the butcher of Plainfield, Wisconsin. But when local lore leads him to the ramshackle home of a bizarre young man and his mother, Paul realizes he's stumbled across Ed Gein's best

kept secret. And he's about to discover that a killer's instincts never die.

The Deviant's War

Skyhorse

Ed Gein one of the most notorious serial killers of all time. This book is factual and has actual crime scene photos. His crimes were horrific and has inspired multiple horror films. The two best known films based on Ed Gein is "Texas Chainsaw Massacre" and "Psycho". Ed Gein was the real life Leatherface and Norman Bates. This is a must have for anyone interested in serial killers, horror movies, and more.

The Who, What, Where, How, and Why of the World's Most Terrifying Murderers
Big Earth Publishing
Ah, Wisconsin. . . land

of beer, cows, and the Green Bay Packers. And also the home of Ed Gein, Jeffery Dahmer, and a host of other bloodthirsty maniacs. This book goes behind the bucolic Dairy State image to reveal shocking acts of mayhem in the dark corners of Wisconsin history, and asks the troubling question: Is it something in the cheese?

Edward Gein Gallery Books

"The Only Living Witness" towers over the rest of the Ted Bundy bookshelf . . . (as) a monument to book-length journalism" (Jack Olsen, author of "The Misbegotten Son"). "A shining example of excellent reporting, fine writing, and a story of enduring

value."--Carlton Stowers, author of "Careless Whispers." The Stranger Beside Me Simon and Schuster In the 1950s, a young Indianapolis minister named Jim Jones preached a curious blend of the gospel and Marxism. His congregation was racially integrated, and he was a much-lauded leader in the contemporary civil rights movement. In this riveting narrative, Jeff Guinn examines Jones's life, from his extramarital affairs, drug use, and fraudulent faith healing to the fraught decision to move almost a thousand of his followers to a settlement in the jungles of Guyana in South America. Guinn provides stunning new details of the events

leading to the fatal day in November, 1978 when more than nine hundred people died--including almost three hundred infants and children--after being ordered to swallow a cyanide-laced drink. Guinn examined thousands of pages of FBI files on the case, including material released during the course of his research. He traveled to Jones's Indiana hometown, where he uncovered fresh information from Jonestown survivors. Outcry Gallery Books Relates how respected local farmer and school board treasurer Andrew P. Kehoe blew up the new primary school in Bath, Michigan in 1927, an act of vengeance that killed thirty-eight children and six adults in one of the first and

worst mass murders in
American history.

The Serial Killer Files

Little a

She was a fugitive, lost
in a storm. That was
when she saw the sign:
MOTEL - VACANCY. She
switched off the engine
and sat thinking, alone
and frightened. The
stolen money wouldn't
help her, and Sam
couldn't either,
because she had taken
the wrong turning.
There was nothing she
could do now - she had
made her grave and
she'd have to lie in it.
She froze. Where had
THAT come from? It
was BED, not GRAVE.
She shivered in the
cold car, surrounded by
shadows. Then, without
a sound, a dark shape
emerged from the
blackness and the car
door opened...

Unhinged Deviant
FROM SOCIAL

OUTCAST TO
NECROPHILE AND
MURDERER -- HIS
APPALLING CRIMES
STUNNED AN ERA. San
Francisco, the 1920s.
In an age when
nightmares were
relegated to the fiction
of Edgar Allan Poe and
distant tales of the
Whitechapel murders,
a real-life monster
terrorized America. His
acts of butchery have
proved him one of
history's fiercest
madmen. As an infant,
Earle Leonard Nelson
possessed the power
to unsettle his elders.
As a child he was
unnaturally obsessed
with the Bible; before
he reached puberty, he
had an insatiable,
aberrant sex drive. By
his teens, even Earle's
own family had reason
to fear him. But no one
in the bone-chilling
winter of 1926 could

have predicted that his degeneracy would erupt in a sixteen-month frenzy of savage rape, barbaric murder, and unimaginable defilement -- deeds that would become the hallmarks of one of the most notorious fiends of the twentieth century, whose blood-lust would not be equaled until the likes of Henry Lee Lucas, John Wayne Gacy, and Jeffrey Dahmer. Drawing on the "gruesome, awesome, compelling reporting" (Ann Rule) that is his trademark, Harold Schechter takes a dark journey into the mind of an unrepentant sadist -- and brilliantly lays bare the myth of innocence that shrouded a bygone era.

The True Story of a Ladykiller Kings Road

Publishing

A portrait of serial killer Albert Fish describes how his grandfatherly appearance enabled him to get close to his more than fifteen child victims and outlines the case of Grace Budd, whose disappearance exposed Fish and his crimes. Reprint.

The Curious Appeal of the World's Most Savage Murderers

Simon and Schuster
The "chilling" story of America's most notorious serial killer by the man who helped catch him—now updated with the latest DNA findings (Nashville Banner). He was a model citizen. A hospital volunteer. And one of the most sadistic serial killers of all time. But few people could see the cruel monster beneath

the colorful clown makeup that John Gacy wore to entertain children in his Chicago suburb. Few could imagine what lay buried beneath his house of horrors—until a teenaged boy disappeared before Christmas in 1978, leading prosecutor Terry Sullivan on the greatest manhunt of his career. Reconstructing the investigation—from records of violence in Gacy's past, to the gruesome discovery of twenty-nine corpses of abused boys in Gacy's crawspace and four others found in the nearby river—Sullivan's shocking eyewitness account takes you where few true crime books ever go: inside the heart of a serial murder investigation and trial. This updated

edition features new revelations that have emerged using DNA evidence to confirm the identities of additional victims—and sixteen pages of dramatic photos. “An unnerving true crime story of murder, terror, and justice.” —Dallas Morning News “As with a good mystery story, to the very end of Killer Clown we find ourselves still rooting for good to triumph over evil, yet fearing that the dice may be loaded the other way.” —Chicago Tribune “Gripping study . . . for true crime addicts” —Publishers Weekly “You will learn more in this book about the daily activities of a police department than you will from any number of Ed McBain novels or episodes of Hill Street Blues.”

—The Charleston News & Courier

Confessions of a Cannibal Open Road Media

So much to read, so little time? This brief overview of *Deviant: The Shocking True Story of Ed Gein, the Original "Psycho"* tells you what you need to know—before or after you read Harold Schechter's book.

Crafted and edited with care, Worth Books set the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of *Deviant* includes: Historical context Chapter-by-chapter overviews Profiles of the main characters Detailed timeline of key events Important quotes and analysis Fascinating trivia Glossary of terms

Supporting material to enhance your understanding of the original work About *Deviant: The Shocking True Story of Ed Gein, the Original "Psycho"* by Harold Schechter: This true-crime classic profiles Ed Gein, the murderer and grave robber whose crimes inspired the films *Psycho*, *The Silence of the Lambs*, and *The Texas Chainsaw Massacre*. Ed Gein was a mildmannered midwestern farmhand—until his horrific crimes were uncovered. After a failed attempt to dig up the grave of his dead mother, Gein became a grave robber and then a murderer. What he did with the bodies of his victims was disturbing and gory beyond all imagination, and it leaves no doubt

about what Ed Gein really was: the original psycho. The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction.
