**1999 North American Coins & Prices** OUP USA

A timely examination of the effects of the Great Recession on Americans and the resulting federal reforms to healthcare, employment, and housing policies as a means to alleviate poverty. The Great Recession (2007 to 2009) brought the United States—routinely touted as the richest country in the world—to historical levels of poverty. Rising unemployment, government budget crises, and the collapse of the housing market had devastating effects on the poor and middle class. This is one of the first books to focus on the impact of the Great Recession on poverty in America, examining governmental and cultural responses to the economic downturn; the demographics of poverty by gender, age, occupation, education, geographical area, and ethnic identity; and federal and state efforts toward reform and relief. Essays from more than 20 contributing writers explore the history of poverty in America and provide a vision of what lies ahead for the American economy.

**Collectible American Coins** Penguin

Three Countries, One Price Guide Up-to-date prices and new coin prices make the 2012 North American Coins & Prices the must-have price guide for collectors of coins from the United States, Canada and Mexico. This one volume contains nearly 47,000 individual coin listings that are organized by country, denomination and date of issue. The United States section begins with early Colonial coins and tokens of the 17th and 18th centuries. Mexico's listings begin with 1701 and Canada's begin with its earliest unified coinage in 1858. Basic information about coin collecting helps those new to coin collecting obtain a better understanding of the hobby. Featured in the 21st edition are: • Price updates reflecting the volatile changes in the prices of gold and silver bullion coins • Extensive additions to listings for Canadian coins • Market prices for collector coins from all three countries Three books in one! The 2012 North American Coins & Prices is the best coin price guide value on the market. About the Author David C. Harper is editor of Numismatic News, executive editor of World Coin News and editor of U.S. Coin Digest.

#### **2006 Us Coins-History Grading and Coin V** Whitman Publishing

The sixth edition of American National Security has been extensively rewritten to take into account the significant changes in national security policy in the past decade. Thorough revisions reflect a new strategic context and the challenges and opportunities faced by the United States in the early twenty-first century. Highlights include: • An examination of the current international environment and new factors affecting U.S. national security policy making • A discussion of the Department of Homeland Security and changes in the intelligence community • A survey of intelligence and national security, with special focus on security needs post-9/11 • A review of economic security, diplomacy, terrorism, conventional warfare, counterinsurgency, military intervention, and nuclear deterrence in the changed international setting • An update of security issues in East Asia, South and Southeast Asia, the Middle East, Sub-Saharan Africa, Russia and Central Asia, and Latin America and the Caribbean • New material on globalization, transnational actors, and human security Previous editions have been widely used in undergraduate and graduate courses. -- James Schlesinger, former Secretary of Defense, from the foreword

#### **2007 North American Coins & Prices** Penguin
