Hachette+OR M

In this student-friendly text, Jones and Singh explore the phenomenon of language change, with a particular focus on the social contexts of its occurrence

and possible motivations, including speakers' intentions and attitudes. Presenting new or little-known data, the authors draw a distinction between "unconscious" and "deliberate" change. The discussion on "unconscious" change considers phenomena such as the emergence and obsolescence of individual languages, whilst the sections on "deliberate" change focus

on issues of language planning, including the strategies of language revival and revitalization movements. There is also a detailed exploration of what is arguably the most extreme instance of "deliberate" change; language invention for real-world use. Examining an extensive range of language situations, Exploring Language Change makes a clear, but often ignored

distinction between concepts such as language policy and planning, and language revival and revitalization. Also featured are a number of case studies which demonstrate that real-life language use is often much more complex than theoretical abstractions might suggest. This is a key text for students on a variety of courses, including sociolinguistics, historical linguistics and language

policy and planning. *Breaking Limits* Kodansha America LLC An indispensable introduction to the darker side of life, revealing the often strange and grisly stories behind the world's most infamous murderers, swindlers and crooks. 100 Most Infamous Criminals is an astounding compendium of crimes and their perpetrators. How to distinguish Mr. Right from Mr. Right Now—tips from the marriage-minded priest featured on the Today show and in the New York Times. Father Pat Connor knows marriages. Having presided over more than two hundred weddings and conducted pre-marriage and marriage counseling for more than forty years,

he's something of an expert. And now he is sharing his wealth of experience with women everywhere on the subject of Whom Not to Marry. Father Pat's philosophy is simple: A love affair may lead to marriage but love itself cannot make a marriage work. In the early stages of romance, when infatuation trumps judgment, it can be difficult to see the flaws in your mate and to

think rationally about your future. That's where this book comes in. A heavenly how-not-to, Whom Not to Marry offers timely and time-honored advice such as: Never marry a man who has no friends, for he won't be capable of the intimacy that marriage demands. Never marry a man who isn't responsible with cash. Most marriages that flounder do so because of money. Never marry a man

who lets you walk all over him. It's good to have a doormat in the house, but not if it's your husband. Life may seem random, but there are many things you can do to make sure your life partner is the right one. It all starts with being honest with yourself. Use your good judgment, Father Pat counsels. Know what you want. Know who is worth loving and who is worth marrying. Once you can

do that, you'll stand a much better chance of living happily ever after. PENGAJARAN BAHASA INGGRIS Adam Publishers "Teaching English as World Language" is a book that is deeply rooted in the principle that English teachers or teachers of other languages should reassess their perceptions towards the language they teach. They must be aware that the unintentional

recycling of some common terms associated with English teaching, such as "foreign" as in "foreign language" or "secondary" as in "second language" may lead to the isolation of learners from the very language they try to learn. It is this principle that inspires this book to emerge as a new breed among its kinds. Its uniqueness lies in its author's deep understanding of how languages are

learned and acquired. There no doubt, this book should be the right choice for teachers who seek to prepare their students for the whole new world within which they can easily navigate. *Touch, second edition* Harpercollins College Division Multilingual has played an important role in globalization era as a tool to drive competitiveness among people or countries over the world, such in economic, trade, policy, culture, and also education. It was defined ordinarily as the ability to speak or to communicate using three or more languages (McArthur, 1992: 673; Edwards, 1994: 33; Vildomec, 1963: 28; Kemp, 2009: 11). The benefits of being multilingual exhibit over monolinguals and not restricted to linguistic knowledge only but extend outside the area of language. The substantial long-lived cognitive, social, personal, academic, and professional benefits of enrichment multilingual context have been well documented (Cummins, 1981: 3; Cook, 2001; Diaz R, Klingler, 1991: 167; Lam, Wan Shun Eva and Rosario-Ramos, Enid, 2009: 171). Times bestselling author of *Lessons from Madame Chic* and *At Home with Madame Chic* revives the timeless quality of poise and shows how to cultivate it as a daily practice and a life-long endeavor. Just step out your door today and you will notice that poise is a rarity in our wired, fast-paced, and unmannerly world. As uncivil behaviors like flip-flops at Broadway shows and

digital oversharing proliferate, this timely book reminds us of the quiet power of behaving with dignity, kindness, and grace. Jennifer Scott's Parisian mentor, Madame Chic, embodied poise, and not just with the good posture, stylish attire, and natural manners that made her extraordinarily elegant. She also demonstrated steady assuredness and graceful calm in everything

she did—from interacting with her family and receiving guests at home to presenting herself in public. Jennifer L. Scott passes on the lessons she learned as well as some of her own hard-won wisdom, addressing topics such as proper attire at social events, good grooming, communication skills, hospitality and being a good guest, our interactions with neighbors and strangers,

role models, self-discipline, and self-image. This charmingly illustrated, practical, and inspiring book, full of tips, lists, and ideas, is certain to start a new conversation about the timeless art of poise. *Whom Not to Marry* Deepublish For years, Class Comics has been creating and publishing amazing gay erotic comics that touch readers on many levels. While procreation is ubiquitous, attention to the ethical issues involved in creating children is relatively rare. In *Debating Procreation*, David Benatar and David Wasserman take opposing views on this important question. David Benatar argues for the anti-natalist view that it is always wrong to bring new people into existence. He argues that coming into

existence is always a serious harm and that even if it were not always so, the risk of serious harm is sufficiently great to make procreation wrong. In addition to these "philanthropic" arguments, he advances the "misanthropic" one that because humans are so defective and cause vast amounts of harm, it is wrong to create more of them. David Wasserman defends procreation

against the anti-natalist challenge. He outlines a variety of moderate pro-natalist positions, which all see procreation as often permissible but never required. After criticizing the main anti-natalist arguments, he reviews those pronatalist positions. He argues that constraints on procreation are best understood in terms of the role morality of prospective parents, considers different views

of that role morality, and argues for one that imposes only limited constraints based on the well-being of the future child. He then argues that the expected good of a future child and of the parent-child relationship can provide a strong justification for procreation in the face of expected adversities without giving individuals any moral reason to procreate At Home with Madame Chic

Dian Arief Wahyudi "Bare Men" portrays the male nude as a human and a work of art, not simply a utilitarian device. It celebrates men who are comfortable in their skin, relaxed, powerful, erect, vulnerable. The images share moments of joy, the power of release, physical angst and ease of masculinity. "Bare Men" offers glimpses into their private moments. The viewer is privy

to two relationships: the man and the photographer and the man and himself while in some instances is invited to join in.
