MICHAELA NELSON

A Critical Examination of Socialism

Nicholson

In the heat of the city, a man is out of time: speeding in a beat-up Ford Tempo, blasting easy-listening music. Reporter Steve Everett drinks too much, makes love to his boss's wife, and has just stumbled upon a shocking truth: a convicted killer is about to be executed for a crime he didn't commit. In the cold

confines of Death Row, Frank Beachum is also out of time. Ready to say good-bye to the wife and child he loves and hello to the God he still believes in, Beachum knows he did not kill a convenience store clerk six years ago. But in a few hours—if Steve Everett can't find the evidence to stop it—a needle is going to pierce Frank Beachum's skin. The killing machine is primed. The executioner is waiting. And so is the priest. Now the clock is ticking down and the race is on—between the reporter and his demons, between the system and its

lethal flaws, between the last innocent man and society's ultimate crime. . . .

Big Ideas for Little Kids The Floating Press

This volume on Andhra Pradesh covers the period 1324 to 1724, which witnessed the rise of large regional state powers such as the Vijayanagara kingdom, the Bahmanis, Gajapatis, Musunuris, Recherlas, Reddis, and Later Gangas. The political formations of the period were military-centered as witnessed by the well-organized nayamkara system, which revolved around the creation of nayamkaras or military chiefs, and was the mainstay of the Vijayanagara rulers. There was large-scale expansion of agriculture with the introduction of new crops like tobacco, tomato, potato and chillies, and

phenomenal growth of trade in commodities like cotton and indigo. The trading and artisanal communities were organized in powerful guilds. The constant flux of peoples of different languages, faiths, cultural modes, and professions led to a liberal spirit of tolerance. Telugu literature flourished, and new genres were introduced in which outstanding works were created. A significant feature of the times was the evolution of a composite Dakhni (Deccani) culture. Rulers, Hindu and Muslim alike, patronized religious institutions but did not allow religion to interfere in matters relating to administration. Sri Vaishnavism, which won royal support during the reign of Saluva Narasimha, was established in the royal house and court during

Krishnadeva Raya's rule. Numerous royal grants were given to Vaishnava temples and mathas. During Aravidu rule, the Tirumala temple occupied a premier position. Ahobalam was another centre in western Andhra that wielded great influence. The patronage of ruling chiefs of Shudra varna to Sri Vaishnava acharyas and temples fundamentally influenced their social and ritual ranking. The sixteenth-century temple was an organized complex of sanctuaries and mandapas. Tadipatri, Lepakshi and Ahobalam deserve mention as examples. Placing a chariot in stone in the temple complex was a contribution of the Vijayanagara period. The Aravidu period contributed the gopura as a dominant feature of the temple complex. The detached gopura of Govindarajaswami

Temple, Tirupati, is a fine example. The rulers of medieval Andhra seldom violated established norms of dharma, thereby ensuring the security and stability of their kingdoms.

Master the art of writing beautiful and

powerful Python by using all of the

features that Python 3.5 offers About

This Book Become familiar with the most important and advanced parts of the

Python code style Learn the trickier aspects of Python and put it in a structured context for deeper understanding of the language Offers an expert's-eye overview of how these advanced tasks fit together in Python as a whole along with practical examples Who This Book Is For Almost anyone can learn to write working script and create high quality code but they might lack a structured understanding of what it means to be 'Pythonic'. If you are a Python programmer who wants to code efficiently by getting the syntax and usage of a few intricate Python techniques exactly right, this book is for you. What You Will Learn Create a virtualenv and start a new project Understand how and when to use the functional programming paradigm Get

familiar with the different ways the decorators can be written in Understand the power of generators and coroutines without digressing into lambda calculus Create metaclasses and how it makes working with Python far easier Generate HTML documentation out of documents and code using Sphinx Learn how to track and optimize application performance, both memory and cpu Use the multiprocessing library, not just locally but also across multiple machines Get a basic understanding of packaging and creating your own libraries/applications In Detail Python is a dynamic programming language. It is known for its high readability and hence it is often the first language learned by new programmers. Python being multi-paradigm, it can be used to achieve the

same thing in different ways and it is compatible across different platforms. Even if you find writing Python code easy, writing code that is efficient, easy to maintain, and reuse is not so straightforward. This book is an authoritative guide that will help you learn new advanced methods in a clear and contextualised way. It starts off by creating a project-specific environment using venv, introducing you to different Pythonic syntax and common pitfalls before moving on to cover the functional features in Python. It covers how to create different decorators, generators, and metaclasses. It also introduces you to functools.wraps and coroutines and how they work. Later on you will learn to use asyncio module for asynchronous clients and servers. You will also get

familiar with different testing systems such as py.test, doctest, and unittest, and debugging tools such as Python debugger and faulthandler. You will learn to optimize application performance so that it works efficiently across multiple machines and Python versions. Finally, it will teach you how to access C functions with a simple Python call. By the end of the book, you will be able to write more advanced scripts and take on bigger challenges. Style and Approach This book is a comprehensive guide that covers advanced features of the Python language, and communicate them with an authoritative understanding of the underlying rationale for how, when, and why to use them.

Life of Pi Sweet Home Publications
Big Ideas for Little Kids includes

everything a teacher, a parent, or a college student needs to teach philosophy to elementary school children from picture books. Written in a clear and accessible style, the book explains why it is important to allow young children access to philosophy during primary-school education. Wartenberg also gives advice on how to construct a "learner-centered" classroom, in which children discuss philosophical issues with one another as they respond to open-ended questions by saying whether they agree or disagree with what others have said.

Chandamama's Ramayana Motilal Banarsidass Publishe

As the title indicates, this book is a critical study of an Indian epic, ãThe Ramayanaí. It proceeds in the same

order as that of Sanskrit original consisting of : Bala kanda, Ayodhya kanda, Aranya kanda, Kishkindha kanda, Sundara kanda, Yuddha kanda and Uttara kanda. While Valmikiís Ramayana is composed of about 24,000 slokas (verses), ãRamayana the Poisonous Treeí consists of 16 stories, long and short, accompanied by 11 ãlinksí (narratives that ãlinkí the stories) and 504 foot-notes that show evidence from the Sanskrit original in support of the critique. Besides the main components of the text, this book has a long ãPrefaceí discussing the social essence of the epic in the context of history of evolution of human society from the ancient times to the modern times. The book also offers a critical review of the works of ãsome earlier critics of

Ramayana. The authoress describes Ramayana as a Poisonous Tree because it defends the autocratic rule of the kings against the people, their imperial expansion by invading other weak kingdoms, exploitation of the poor by the rich, oppression of lower castes by upper castes, aggression of the civilized non-tribal communities against primitive tribal communities, male chauvinism against women, superstitious beliefs against the rational thinking, fathers' domination over sons, elder brothers' superiority over younger brothers and so on. She substantiated her arguments by providing hundreds of foot notes from the Sanskrit original. She characterizes the culture of Ramayana as predominantly feudal in nature with an admixture of remnants of primitive

tribal culture. The book, it is hoped, will be of interest to both academic and non-academic circles. It is relevant to the students, teachers and researchers who are connected with such disciplines as South Asian Studies, Cultural Studies, Comparative Literature, Comparative Religions, Indology, Literary Criticism and so on. It is also relevant to the social and political activists who would like to disseminate progressive ideas among the people who are subjected to various forms of inequality: Class, Caste, Gender, Race, Ethnicity.

Ranganayakamma (born 1939) is a writer of novels, stories and essays in Telugu. She has published about 60 books.

Soy & Bee Asian Educational Services
The triumphant return of one of comics'

greatest talents, with an engrossing story of one man's search for love, meaning, sanity, and perfect architectural proportions. An epic story long awaited, and well worth the wait. Meet Asterios Polyp: middle-aged, meagerly successful architect and teacher, aesthete and womanizer, whose life is wholly upended when his New York City apartment goes up in flames. In a tenacious daze, he leaves the city and relocates to a small town in the American heartland. But what is this "escape" really about? As the story unfolds, moving between the present and the past, we begin to understand this confounding yet fascinating character, and how he's gotten to where he is. And isn't. And we meet Hana: a sweet, smart, first-generation Japanese

American artist with whom he had made a blissful life. But now she's gone. Did Asterios do something to drive her away? What has happened to her? Is she even alive? All the questions will be answered, eventually. In the meantime, we are enthralled by Mazzucchelli's extraordinarily imagined world of brilliantly conceived eccentrics, sharply observed social mores, and deftly depicted asides on everything from design theory to the nature of human perception. Asterios Polyp is David Mazzucchelli's masterpiece: a great American graphic novel. Celebrating Love Penguin Random House India Private Limited Moogavani Pillanagrovi (1993) is woven around the near-suicidal death of a farmer who loses his land. While the

period of the plot is around the 1950s, the story revolves around the farmer's ties with his land and his inability to visualize a life without it-an issue relevant even today. The farmer's death could have been forgotten by the village, except for several puzzling incidents that crop up. Myth and reality intertwine to create a folklore around the land and the farmer. This Telugu novella was first published in 1993, during a period when Andhra Pradesh's farmers had begun committing suicide in droves. Many surprising parallels can be drawn to the pressures in agriculture and the farmer in real life and in the novel. This novella introduced what is called (in Telugu literary criticism) as magic realism-mirroring real life and yet making wide departures into the world of lore, mythic

representation, and strongly rooted cultural beliefs. Kesava Reddy writes with a strong inflection of his native Rayalaseema dialect. Breaking the tradition of writing in the standard Telugu form as it is spoken and written by people from the coastal districts of Krishna and Guntur, Kesava Reddy along with several other writers began writing in his native dialect-a bold step at that time. The detail in the novel is striking. Kesava Reddy also broke with Telugu literature (which was didactic at that time) to build on detail and cut down on dialogue. His dialogues are sparse and never interfere with the tempo built up in the story.

The Art of Drawing Poses for Beginners combines step-by-step pencil lessons and additional graphite portrait examples to demonstrate how to accurately render the human form in a variety of realistic poses.

True Crime Short Stories for Students

The classical tradition in Telugu, the mellifluous language of Andhra Pradesh in southern India, is one of the richest yet least explored of all South Asian literatures. In this volume, Velcheru Narayana Rao and David Shulman have brought together mythological, religious, and secular texts by twenty major poets who wrote between the eleventh and nineteenth centuries, providing an authoritative volume overview of one of

the world's most creative poetic traditions. An informative, engaging introduction fleshes out the history of Telugu literature, situating its poets in relation to significant literary themes and historical developments and discussing the relationship between Telugu and the classical literature and poetry of Sanskrit.

The Vicar of Wakefield HarperFestival
The Kularnava is perhaps the foremost Tantra of the Kaula School and is constantly cited as an authority in Tantric literature. It is worthy of close study by those who would understand the tenets and practice of the tradition of which it is a Sastra. The Introduction by Arthur Avalon gives a concise outline of the work. Sri M.P. Pandit who is a keen student of the Tantras and Vedas has

rendered the work in English in eleven chapters. The readings are free translations, with annotations where necessary, omitting technical details but preserving the spirit and essential import of the original in his characteristically lucid style. The Kularnava prescribes the modes of preparation for the high quest; it draws upon ethics, religion, philosophy, yoga to elevate human life gradually to the level of godly life. It comprehends the multiple personality of man and provides for the healthy growth of his mental faculties, purification of his physical faculties through ritual, japa, mantra and upasana. Who is fit for the path of Tantra? Who is competent to guide the novice on the double - edged razor path? What is the responsibility of a Guru to a disciple? These and other

relevant questions are raised and answered in a satisfying manner.

Ha Ha Hu Hu Comprehensive History and Cult

The autobiography of Paramahansa Yogananda (1893 - 1952) details his search for a guru, during which he encountered many spiritual leaders and world-renowned scientists. When it was published in 1946 it was the first introduction of many westerners to yoga and meditation. The famous opera singer Amelita Galli-Curci said about the book: "Amazing, true stories of saints and masters of India, blended with priceless superphysical information-much needed to balance the Western material efficiency with Eastern spiritual efficiency-come from the vigorous pen of Paramhansa Yogananda, whose

teachings my husband and myself have had the pleasure of studying for twenty years."

BHRIGU SANGHITA Aslan Business Solutions

The Panchatantra is a collection of folktales and fables claimed to have been authored in Sanskrit over 2500 years ago by the famous Hindu Scholar Pandit Vishnu Sharma. It provides insight into human behaviour despite the fact that all the characters are from the animal realm. The precise date of the composition of the Panchatantra is unknown and ranges between 1200 BCE and 300 CE. Some researchers date him to the third century BCE.

Girls for Sale Oxford Novellas

Kasie West delivers nail-biting suspense and heart-pounding romance in the thrilling sequel to *Pivot Point*. Addie has always been able to see the future when faced with a choice, but that doesn't make her present any easier. Her boyfriend used her. Her best friend betrayed her. So when Addie's dad invites her to spend her winter break with him in the Norm world, she jumps at the chance. There she meets the handsome and achingly familiar Trevor. He's a virtual stranger to her, so why does her heart do a funny flip every time she sees him? But after witnessing secrets that were supposed to stay hidden, Trevor quickly seems more

suspicious of Addie than interested in her. She wants to change that. Laila, her best friend, has a secret of her own: she can restore Addie's memories . . . once she learns how. But there are powerful people who don't want this to happen. Desperate, Laila tries to manipulate Connor, a brooding bad boy from school—but he seems to be the only boy in the Compound immune to her charms. And the only one who can help her.
