Gracefully Losing My Religion Farrar, Straus and Giroux

When the challenges you've faced threaten to destroy your life, how do you find your way back to the truths you thought you believed? I Am Restored tells the untold story of how Lecrae's past nearly ruined his future--until he learned that the wounds we carry can have the potential to be unlikely guides to healing and freedom for ourselves and others. Throughout I Am Restored, Lecrae documents the shattering yet hopeful story of how he faced the scars of his past--sexual abuse, physical trauma, addiction, and depression--and emerged more fully human than ever before. With remarkable transparency and vulnerability, Lecrae reveals that at the height of his professional success, his life was spinning out of control, driven by a past that he had never confronted and a religious perspective that was incapable of meeting the challenge. I Am Restored takes an unflinching look at the personal and public spaces that are too often at the societal core of our pain and heartache--culture, politics, family, church, and more--and teaches us that forgiveness can be the birthplace of the life that God has created for us. Throughout this powerful, deeply personal account, Lecrae shares the life lessons he's learned about: Confronting the pain and trauma that has shaped your story Breaking the cycle of sin and shame and embracing joy and authenticity Finding hope and healing in the midst of chaos The simple practices that can change your mental, emotional, and spiritual health Leading a life that's bursting with creativity and true freedom I Am Restored is a hopeful, inspiring charge to start your journey to lasting healing today. No matter what your past has held, God is near you, he hears you, and he's not done writing your story.

"Readers will be captivated by this beautifully written novel about young people who must use their instincts and grit to survive. Padma infuses her story with hope and bravery that will inspire readers."--Aisha Saeed, author of the New York Times Bestseller Amal Unbound Four determined homeless children make a life for themselves in Padma Venkatraman's stirring middle-grade debut. Life is harsh on the teeming streets of Chennai, India, so when runaway sisters Viji and Rukku arrive, their prospects look grim. Very quickly, eleven-year-old Viji discovers how vulnerable they are in this uncaring, dangerous world. Fortunately, the girls find shelter--and friendship--on an abandoned bridge that's also the hideout of Muthi and Arul, two homeless boys, and the four of them soon form a family of sorts. And while making their living scavenging the city's trash heaps is the pits, the kids find plenty to take pride in, too. After all, they are now the bosses of themselves and no longer dependent on untrustworthy adults. But when illness strikes, Viji must decide whether to risk seeking help from strangers or to keep holding on to their fragile, hard-fought freedom.

The New York Times--bestselling author's Whitbread Prize--winning debut--"Winterson has mastered both comedy and tragedy in this rich little novel" (The Washington Post Book World). When it first

appeared, Jeanette Winterson's extraordinary debut novel received unanimous international praise, including the prestigious Whitbread Prize for best first fiction. Winterson went on to fulfill that promise, producing some of the most dazzling fiction and nonfiction of the past decade, including her celebrated memoir *Why Be Happy When You Can Be Normal?*. Now required reading in contemporary literature, *Oranges Are Not the Only Fruit* is a funny, poignant exploration of a young girl's adolescence. Jeanette is a bright and rebellious orphan who is adopted into an evangelical household in the dour, industrial North of England and finds herself embroidering grim religious mottoes and shaking her little tambourine for Jesus. But as this budding missionary comes of age, and comes to terms with her unorthodox sexuality, the peculiar balance of her God-fearing household dissolves. Jeanette's insistence on listening to truths of her own heart and mind--and on reporting them with wit and passion--makes for an unforgettable chronicle of an eccentric, moving passage into adulthood. "If Flannery O'Connor and Rita Mae Brown had collaborated on the coming-out story of a young British girl in the 1960s, maybe they would have approached the quirky and subtle hilarity of Jeanette Winterson's autobiographical first novel. . . . Winterson's voice, with its idiosyncratic wit and sensitivity, is one you've never heard before." --Ms. Magazine

Race, Religion & Racism: A bold encounter with division in the church Paulist Press

In this lively, challenging book, Brett Hoover says that the typical young-adult loss of faith is a necessary part of maturing spirituality: faith can grow only when religion is doubted, lost, and found again in a new light. Using the metaphor of a road trip, Hoover describes the lifelong process of discovering both God and self. "Losing your religion" is just one necessary obstacle on the road to a

holistic spirituality.

I Am Restored Darton Longman and Todd

To the dismay of religious leaders, study after study has shown a steady decline in affiliation and identification with traditional religions in America. By 2014, more than twenty percent of adults identified as unaffiliated--up more than seven percent just since 2007. Even more startling, more than thirty percent of those under the age of thirty now identify as "Nones"--answering "none" when queried about their religious affiliation. Is America losing its religion? Or, as more and more Americans choose different spiritual paths, are they changing what it means to be religious in the United States today? In *Choosing Our Religion*, Elizabeth Drescher explores the diverse, complex spiritual lives of Nones across generations and across categories of self-identification such as "Spiritual-But-Not-Religious," "Atheist," "Agnostic," "Humanist," "just Spiritual," and more. Drawing on more than one hundred interviews conducted across the United States, Drescher opens a window into the lives of a broad cross-section of Nones, diverse with respect to age, gender, race, sexual orientation, and prior religious background. She allows Nones to speak eloquently for themselves, illuminating the processes by which they became None, the sources of information and inspiration that enrich their spiritual lives, the practices they find spiritually meaningful, how prayer functions in spiritual lives not centered on doctrinal belief, how morals and values are shaped outside of institutional religions, and how Nones approach the spiritual development of their own children. These compelling stories are deeply revealing about how religion is changing in America--both for Nones and for the religiously affiliated family, friends, and neighbors with whom their lives remain intertwined.

What is religion? Who is controlling it and the direction it is taking the world?" In *Gracefully Losing My Religion*, Pastor Stephanie E. Page challenges readers to examine their understanding of religion and how it aligns with The Creator's plan for mankind: love. Despite your religious identity, are you able to truly love someone who: -believes in a different deity? -has a different skin color? -supports a different political candidate? -has a different sexual orientation? -does not belong to your denomination? -doesn't treat you fairly? Christianity, Buddhism, Judaism, Islam, Agnostic, Atheism, Hedonism ... the world is full of religious associations and groups. Many of these religions promote general good will towards others, but if so many people have subscribed to a religious identity, why is there so much calamity and evil in the world? Many of these religions have been in practice for thousands of years, so why haven't we presently learned how to co-exist and practice being "good" to one another? The answer must be deeper. Everyone who desires to align with the will of the The Creator will appreciate this convicting charge to love without limits.

For curious readers young and old, a rich and colorful history of religion from humanity's earliest days to our own contentious times In an era of hardening religious attitudes and explosive religious violence, this book offers a welcome antidote. Richard Holloway retells the entire history of religion—from the dawn of religious belief to the twenty-first century—with deepest respect and a keen commitment to accuracy. Writing for those with faith and those without, and especially for young readers, he encourages curiosity and tolerance, accentuates nuance and mystery, and calmly restores a sense of the value of faith. Ranging far beyond the major world religions of Judaism, Islam, Christianity, Buddhism, and Hinduism, Holloway also examines where religious belief comes from, the search for meaning throughout history, today's fascinations with Scientology and creationism, religiously motivated violence, hostilities between religious people and secularists, and more. Holloway proves an empathic yet discerning guide to the enduring significance of faith and its power from ancient times to our own.

This book arises from twenty five years of study and a passion to see God's people grasp the extent and significance of the Kingdom of God and to apply it in their own lives. This message is not an addendum to the gospel but is in fact the gospel. Christianity is not a religion to be followed but is about seeing the rule of God extended to the earth in every aspect of life: 'Let Your kingdom come; let Your will be done on earth as it is in heaven'. It is not about adopting a philosophy but about renewing the world through the transformation of lives, beliefs, values and behaviours. This renewal extends to all poverty, injustice and the effects of the Fall in the social, political and economic environment of the World. As we grasp this we will see the gospel as the means through which the healing of our lives becomes the basis for the healing of the nations. Richard Bradbury is based in

Beverley in East Yorkshire and leads Beverley Community Church, part of the Groundlevel Network of churches. Married with four children, his prime gifting is as a teacher to the Body of Christ.
