Revel(TM) Marriages, Families, and Intimate Relationships A Practical Introduction offers a research-based overview of intimacy, family, and personal happiness that addresses the questions that matter most to today's students. Utilizing an accessible writing style with plenty of examples, colorful facts, and apt quotes, authors Brian Williams, Stacey Sawyer, and	Carl Wahlstrom show how to apply three important sociological perspectives -- structural-functional, conflict, and symbolic interaction -- to key topics such as gender, sexuality, marriage, parenting, and uncoupling. The 5th Edition includes fully updated research, as well as expanded coverage of gender identity and gender fluidity, to ensure an up-	to-date learning experience. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice,
--	---	---

and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

**Marriages, Families, and Relationship s: Making**

**Choices in a Diverse Society** John Wiley & Sons Although based on Melville's Marriage and Family Today, this book has been completely reorganized and rewritten by Gloria Bird to reflect the diversity of families. To reflect the extent of this revision and the nature of families today, we have retitled the book, Families and Intimate Relationships. The revision includes new chapters on power and

family violence, stress, interpersonal lifestyles, single-parent families and a new appendix on managing a financial partnership. Bird's expertise in the areas of dual career families and stress is evident in the exceptionally strong coverage of these critical topics. Also available with this new edition is an Assessment Manual designed to help students evaluate their own

interpersonal relationships. Marriages, Families, Intimate Relationships McGraw-Hill Humanities/Social Sciences/Languages This book provides timely, practical, and high-interest information about marriages, families, and intimate relationships, in an engaging format that is easy-to-use and learn from. Feature such as "Popular Culture and the Media,"

"Practical Action," and "Numbers that Matter" help grab and keep readers' attention. The new edition has been updated to include coverage of important issues, topics, and research from the past few years. Examples of new topics covered include: state abortion law updates, abstinence education controversy, adolescents, children and the effects of TV watching, foster children,

LGBT, living apart together (LAT) couples, post-adoption blues, safe-haven laws pro and con, Web 2.0, and more. **A Practical Introduction, Books a la Carte Plus Marriage & Family Supersite** Reading, MA : Addison-Wesley Publishing Company "In African-Australian Marriage Migration: An Ethnography of (Un)happiness", Henrike A. Hoogenraad follows journeys of

marriage migration among African-Australian couples. The study narrates these journeys as 'happiness projects', since for cross-border couples, happiness is connected to dreams for a life-long partnership that begins with the visa application. Yet, happiness is invoked as an aspired state rather than an achieved goal. The obstacles of government bureaucracy, institutional and everyday

racism, and unrealistic expectations of romance prevent the hoped-for happy endings. This monograph upsets a 'scam artist' narrative that generalises migrant men and their sponsoring partners, and which obscures the difficult process of crossing borders both physical and intimate. Hoogenraad's work is a welcome contribution to anthropological literature on marriage

migration"--  
Intimate Relationships Across Boundaries  
 Routledge  
 This text presents the study of marriage and family in a manner that enlarges both personal and intellectual understanding . It maintains the viewpoint throughout the text that families need to be cherished, honored, and supported. The book's approach is interdisciplinary, incorporating work from sociology,

psychology, history, economics, folklore, communications, and literature. Diversity and Change Routledge This book challenges readers to become involved in a direct way in examining their personal belief systems and societal views of the many diverse forms that marriages and families have taken in the past and their evolution in the present. The authors use a broad, inclusive

approach, focusing on the link between social structure and their personal experiences of marriages, families, and intimate relationships. Marriages and Families Over Time. Understanding Gender. Dating, Coupling, and Mate Selection. Sexuality and Intimate Relationships. Nonmarital Lifestyles. The Marriage Experience. Reproduction and Parenting. Violence and Abuse.

Divorce in the United States. Remarriage and Remarried Families. Families in Later Life. For anyone who is interested in exploring marriage and family issues. *The Marriage and Family Experience* McGraw-Hill Humanities, Social Sciences & World Languages THE MARRIAGE AND FAMILY EXPERIENCE is an engaging, student friendly, four-color Marriage and Family best seller. The text's up-

<p>to-date material, real-life cross-cultural examples, and balanced presentation make it an accessible and compelling read for the Marriage and Family student. It successfully bridges all elements of the course, including intimate relationships, family policy, and family issues. The combination of the strengths fosters consistent positive student reaction and</p>	<p>feedback. <i>Marriages and Families in the 21st Century</i> Cengage Learning This collection investigates intermarriage and related relationships around the world since the eighteenth century. The contributors explore how romantic relationships challenged boundary crossings of various kinds – social, geographic, religious, ethnic. To this end, the volume considers a range of related issues:</p>	<p>Who participated in these unions? How common were they, and in which circumstances were they practised (or banned)? Taking a global view, the book also questions some of the categories behind these relationships. For example, how did geographical boundaries – across national lines, distinctions between colonies and metropolises or metaphors of the ‘East’ and the ‘West’ – shape the</p>
--	--	--

treatment of intermarriage? What role have social and symbolic boundaries, such as presumed racial, religious or socio-economic divides, played? To what extent and how were those boundaries blurred in the eyes of contemporaries? Not least, how have bureaucracies and law contributed to the creation of boundaries preventing romantic unions? Romantic

relationships, the contributors suggest, brought into sharp relief assumptions not only about community and culture, but also about the sanctity of the intimate sphere of love and family. The chapters in this book were originally published as a special issue of *The History of the Family*. *Compassionate Love in Intimate Relationships* Prentice Hall This multidisciplinary volume provides a unique and

truly global collection of research on the nature of dating, mating, and coupling, as they occur across a variety of cultures in dynamically shifting societies. Families and Intimate Relationships Charles C Thomas Publisher *Marriages and Families in the 21st Century* puts contemporary relationships and family structures in context for today's students. Using a

bioecological framework, the book reveals how families are shaped by multiple influences, from biological to cultural, that interact with one another. Chapters cover topics from parenting to gender issues within an interdisciplinary context, weaving in stories, visuals, and examples of diverse families to dispel longstanding myths. The book creates a personalized

learning experience with frequent self-assessments and strengths exercises, while ensuring that students come to understand the research and build scientific analysis and critical thinking skills along the way. Robust digital tools and resources including SAGE edge and an interactive eBook with SAGE Premium Video help readers develop a multi-layered

understanding of today's modern families while challenging them to re-evaluate their own assumptions and experiences. SAGE Premium Video included in the Interactive eBook! Families Today videos boost comprehension and bolster analysis—easily accessible via the interactive eBook. Your students save when you bundle the interactive eBook with

the new edition. Use bundle ISBN 978-1-5063-9879-2. Learn more. SAGE coursepacks: Our Content Tailored to Your LMS! SAGE coursepacks makes it easy to import our quality instructor and student resource content into your school's learning management system (LMS). Student-Centered Approach to Learning  
"Marriages, Families, and Intimate Relationships: A Practical Introduction," Second Edition, provides a research-based introduction to the study of marriage and family, along with practical advice that readers can put to use in

their own lives. With its accessible writing style and a unique set of features to promote active learning, this text engages readers with useful information about fundamental concepts and current issues. "Marriages, Families, and Intimate Relationships, " Second Edition, is a text that invites success. *Marriage, Family, and Intimate Relationships* Houghton Mifflin

Harcourt (HMH) Couples and families worldwide have a constant electronic connection to others, a fact that is influencing the concerns and issues they bring to therapy. The authors of this resource help mental health practitioners to better deal with concerns such as online infidelity, online dating, internet addictions, cyber bullying, and many more by introducing the Couple

and Family Technology (CFT) framework, a multi-theoretical approach that doesn't require clinicians to change their preferred clinical approach. The CFT framework acknowledges the ways in which couples navigate their relationship with technology and a partner simultaneously, and it attends to, and in some cases incorporates the role of technology in

therapeutic ways. Included in the authors' discussion of how different technologies affect relationships is • a survey of what individuals' motivations of usage are • an examination of the specific issues that emerge in treatment • a study of the risks particularly relevant to intimate relationships, and • an introduction of the first-ever technology-based genogram. They also

examine technological usage across different developmental points in a couple's lifespan, with attention given throughout to people from various cultural backgrounds. Along with the CFT framework, the authors also introduce a new discipline of family research: Couple and Family Technology. This discipline integrates three broad perspectives in family

science and helps therapists maintain a systemic focus in assessing and treating couples where issues of the Internet and new media are problematic. Online resources can be accessed by purchasers of the book and include videos, additional case studies, glossary, and forms. Marriage and the Family SAGE Publications Great Myths of Intimate Relationships provides a

captivating, pithy introduction to the subject that challenges and demystifies the many fabrications and stereotypes surrounding relationships, attraction, sex, love, internet dating, and heartbreak. The book thoroughly interrogates the current research on topics such as attraction, sex, love, internet dating, and heartbreak. Takes an argument

driven approach to the study of intimate relationships, encouraging critical engagement with the subject. Part of The Great Myths series, it's written in a style that is compelling and succinct, making it ideal for general readers and undergraduates. Intimate Relationships in a Changing Society Emerald Group Publishing THE MARRIAGE & FAMILY EXPERIENCE:

INTIMATE RELATIONSHIPS IN A CHANGING SOCIETY, International Edition brings together all elements of the course—including intimate relationships, family policy, and family issues. Striking just the right balance between an academic and more functional approach, the Twelfth Edition features an inviting new design that makes the text more engaging and

student-friendly than ever. The authors draw from research in sociology, family studies, and related fields, presenting a sound sociological and family studies base enhanced by perspectives from anthropology, history, psychology, journalism, literature, economics, and gender studies. The book presents a positive, multicultural approach to today's relationships as it explores

recent research on topics such as adoptive parenting, childbearing patterns, gay and lesbian families, the meaning of virginity, communication and conflict resolution, the influence of popular culture, the rights and benefits of marriage, and working families. Real-life examples, a balanced presentation, and a focus on self-assessment and reflection make the book especially

accessible and encourage students to think and act for themselves. The Twelfth Edition's progressive approach to diversity remains rooted in a positive, pro-family perspective. **Public Sociology**  
Stipes Pub Llc  
This comprehensive introduction to marriage and the family combines the most current research base with an emphasis on family background and diversity.

<p>It presents a positive perspective on families and focuses on the importance of public and social policy in the lives of families. Each chapter concludes with a section on public policy and critical thinking questions. The text makes research and statistics easy for students to follow and understand, and it integrates cultural diversity throughout. <i>Diversity and Change</i> Pearson</p>	<p>College Division Drawing on interviews conducted with Black couples in the US, this book explores relational resilience and identifies unique adaptation strategies that enable couples to overcome the multigenerational effects of violence and sexual mass trauma from slavery and activates compassionate love in flourishing relationships. By applying Appreciative Inquiry (AI)</p>	<p>methodology and family systems theory, the book captures the spiritual, emotional, and sexual dimensions in black couple systems that gives meaning to their resilient relationships in the context of contemporary America. Within the framework of compassionate love, the book highlights the need for researchers and clinicians to include the broader cultural contexts in</p>
---	---	---

their sexual trauma-informed studies and interventions. Using genetic studies and empirical evidence, the volume contributes significantly to discussion around Black relationships and historical trauma, and to the broader challenges within race relations in the United States. This book will benefit researchers, academicians, and clinicians with an interest in sexual trauma,

marriage and family therapy, and couples counseling more broadly. Readers will also find this book useful when designing research in Black studies, intergenerational issues, or sexual intimacy. Intimate Relationships Wadsworth Publishing Company Offering a positive view of the family, Cox's HUMAN INTIMACY: MARRIAGE, THE FAMILY, AND ITS MEANING, Eleventh

Edition discusses the characteristics of successful intimate relationships, and teaches the decision-making skills that lead to strong marriages and families. You'll find coverage of such topics as diversity within the American family (including rural and military families), gay marriage, singles, cohabitation, gender roles, theories of love, date rape and courtship violence, and

parenting and life stages. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Understanding Marriage, Family, and Intimate Relationships**

SAGE

Publications

" "A candid and scholarly conversation about families and family life." "This text combines the personal touch and scholarly expertise of

an outstanding teacher to explore the ways that family members and intimate partners interact, and how families adapt to stresses, changes and everyday challenges. "We are all a product of our families of origin. How that influences who we are and who we become is a central theme woven throughout "Family Life Now." This book follows the "Family

Life Education" framework to examine marriages, families, and intimate relationships. Throughout the text, theories from the fields of sociology, family studies, psychology, lifespan human development, and other social sciences are integrated so that they can be applied to real life situations. The text also presents enough biological science to explain some

of the physical realities of who we are and why we behave as we do.""  
McGraw-Hill Humanities, Social Sciences & World Languages  
From the future of work to the nature of our closest relationships, how do we understand the links between our personal troubles and wider public issues in society today? Now into its fourth edition, Public Sociology continues to highlight the

relevance of a grounded sociological perspective to Australian social life, as well as encouraging students to apply a sociological gaze to their own lives and the communities in which they live. Public Sociology presents a wide range of topics in a user-friendly and accessible way, introducing key theories and research methods, and exploring core themes, including youth, families

and intimate relationships, class and inequality and race and ethnic relations. All chapters have been extensively revised to bring them up to date in a fast-changing social world, reflecting the latest sociological debates in response to changing lifestyles and evolving political landscapes. In addition to updated statistics and research findings, an expanded glossary and

the latest citations to the scholarly literature, the text features a completely new chapter on gender and sexualities with expanded discussion of LGBTIQ+. This new edition also explores contemporary issues ranging from the #MeToo movement to marriage equality, fake news and 'alt facts'. This is the essential sociological reference to help students make sense of a complex and challenging world. NEW TO THE

FOURTH EDITION: \* A new chapter on gender and sexualities and expanded discussion of intersectionality \* Exploration of the latest social issues including #MeToo, rising inequality, and the 'post-truth' age \* All chapters thoroughly revised and updated with the latest research \* Updated book website with extra readings, YouTube clips, and case studies \* A new feature,

Visual Sociology, helps the reader analyse the power of visual messaging 'With a firm base in the richest traditions of the discipline and with a remarkably approachable format, this book offers an excellent introduction to a wide array of sociology's concerns, making it suitable for all Australian social science undergraduates.'
