Sustainable strategies have always ensured the success of the Vorwerk family business. Our products stand for innovation and quality and have been inspiring our customers for generations.Home - VorwerkThe

Thermomix was derived from a mixer series from Vorwerk originally called "VKM5", in 1961. It had seven functions: stirring, kneading, chopping, grating, mixing, milling and juicing. The justification for the development of the heating element comes from the managing director of Vorwerk France, who around 1970 came up with the idea of designing a machine that could simultaneously blend and ...
