ALICIA AUGUSTUS**My Autobiography** Haylee Thorne

This beautifully illustrated edition of the New York Times bestselling classic celebrates the 42nd anniversary of the original publication—with all-new art by award-winning illustrator Chris Riddell. SOON TO BE A HULU SERIES • “An astonishing comic writer.”—Neil Gaiman Nominated as one of America’s best-loved novels by PBS’s The Great American Read It’s an ordinary Thursday morning for Arthur Dent . . . until his house gets demolished. The Earth follows shortly after to make way for a new hyperspace express route, and Arthur’s best friend has just announced that he’s an alien. After that, things get much, much worse. With just a towel, a small yellow fish, and a book, Arthur has to navigate through a very hostile universe in the company of a gang of unreliable aliens. Luckily the fish is quite good at languages. And the book is *The Hitchhiker’s Guide to the Galaxy* . . . which helpfully has the words DON’T PANIC inscribed in large, friendly letters on its cover. Douglas Adams’s mega-selling pop-culture classic sends logic into orbit, plays havoc with both time and physics, offers up pithy commentary on such things as ballpoint pens, potted plants, and digital watches . . . and, most important, reveals the ultimate answer to life, the universe, and everything. Now, if you could only figure out the question. . . .

How To Disappear Completely is a caustically humorous take on love and loss in our new century. Set against the gilded world of men’s lifestyle magazines in London and the incestuous ex-pat oil industry of Israel, it tells the story of identical twin brothers Ben and Martin. Ben is struggling to come to terms with the pivotal and unexplained disappearance of his wife Ruth, a shattering event that has removed all direction from his life. As he begins to piece his professional and personal life back together, his story is paralleled with the unravelling world and marriage of his twin. With Ruth - the novel’s central, but absent, character - haunting both of them, Ben and Martin are inevitably destined to collide.

You’ve been lifting for a few years. When you take your shirt off, do you look like a professional athlete? Do you even look like you

work out? Many fitness “experts” defend weights and cardio like they are infallible, but where are the results? Why does almost nobody look even marginally athletic? Fitness may be the most failed human endeavor, and you are about to see how exercise science has missed some obvious principles that when enacted will turn you into the superhuman you always wanted to be. In *Weight Lifting is a Waste of Time*, Dr. John Jaquish and Henry Alkire explore the science that supports this argument and lay out a superior strength training approach that has been seen to put 20 pounds of muscle on drug-free, experienced lifters (i.e., not beginners) in six months.

Radio City claimed Kathy Barham early. In the 1970s it provided the soundtrack to her adolescence, inspiring a devotion to music, disc jockeys and request writing. It took a shock telephone call in 2002 to send Kathy back to those days. *194 Radio City - The Heart of Liverpool* is the story of her journey to understand how those lost times, voices and songs influenced and shaped not only her life, but the lives of many. Amusing, insightful and full of fresh stories from the people who made Radio City great, this book will strike a chord in anyone who cares about the magic of radio. If you listened to Radio City in the early years, or are simply nostalgic for the 1970s, 1980s and the music of that time, this is the book for you.

Indian Country is a sweeping, brave and compassionate story from one of our most acclaimed chroniclers of the Vietnam experience. Christian Starkmann follows his boyhood friend, an Ojibwa Indian called Bonny George, from the wilderness of Michigan's Upper Peninsula, where they roamed, hunted and fished in their youths, to the wilderness of Vietnam, where they serve as soldiers in the same platoon. After returning home from the war, his friend buried on the battlefield he left behind, Christian begins to make a life for himself. Yet years later, although he is happily married to June, a good-hearted social worker, and has two daughters, Christian is still fighting--with the searing memories of combat, with the paranoid visions that are clouding his marriage and threatening his career, and most of all with the ghost of Bonny George, who haunts his dreams and presses him to come to terms with a secret so powerful it could destroy everything he has built.

Blue Moon traces a season in the life of Manchester City. Not just any season, but 1998-99, when the once-proud club, with two League Championships and four FA Cup wins to its name - not to mention a phenomenal fan base - was forced to battle the likes of Macclesfield Town, Colchester United and Wigan Athletic in English football's third flight. Mark Hodgkinson was involved in every aspect of the club through a long, stirring season, one which culminated in the euphoria of promotion: mingling with players, ex-players, directors, office staff and fans, he was constantly on the look-out for the unusual, the offbeat, the hopeful and the heartbreaking. Through it all, he remained impartial, steadfastly resisting the temptation to become a mere pawn for the club's PR operation. Originally commissioned as a series of weekly articles for The Times newspaper, Hodgkinson's column soon acquired cult status among fans. Now, in Blue Moon, the author has brought these articles together and, along with a considerable number of further anecdotes, both comical and moving, provides an unprecedented insight into the passionate community that is Manchester City FC.

The unprecedented success of Nottingham Forest under master manager Brian Clough is one of the greatest stories in football folklore. Winning the European Cup in 1979 and 1980 were the remarkable highlights of that era in the club's history. And the player at the heart of those Forest glories was winger John

Robertson, who fashioned the goal that conquered Europe a first time and then scored the match-winner as Clough's side retained the trophy. His unkempt and unshaven appearance made him the most unlikely of footballers but his artistry and vision made him the creative on-the-field force behind a Forest side that swept all before them. After retiring from playing, Robertson went on to strike up a wonderfully successful managerial partnership with Martin O'Neill at Leicester, Celtic and Aston Villa. Yet, amid his

years of football fame, Robertson has known moments of deep personal tragedy, with the death of his daughter, who had cerebral palsy, at the age of 13 and the loss of his elder brother in a car crash. In *John Robertson: Super Tramp*, the footballing legend reveals all in a humorous and touching memoir that switches engagingly between footballing glory and personal heartache.
