ANDREWS ROTH

What We See W. W. Norton & Company

Sixteen-year-old Hector is the hope of his family, but when he seeks revenge after his brother's gang-related death and is sent to a San Antonio reform school, it takes an odd assortment of characters to help him see that hope is still alive.

[The Eyes of a King](#) New York ; Toronto : Van Nostrand Reinhold
The second edition of *The Urban Design Reader* draws together the very best of classic and contemporary writings to illuminate and expand the theory and practice of urban design. Nearly 50 generous selections include seminal contributions from Howard,

Le Corbusier, Lynch, and Jacobs to more recent writings by Waldheim, Koolhaas, and Sorkin. Following the widespread success of the first edition of *The Urban Design Reader*, this updated edition continues to provide the most important historical material of the urban design field, but also introduces new topics and selections that address the myriad challenges facing designers today. The six part structure of the second edition guides the reader through the history, theory and practice of urban design. The reader is initially introduced to those classic writings that provide the historical precedents for city-making into the twentieth century. Part Two introduces the voices and ideas that were instrumental in establishing the foundations of the urban design field from the late 1950s up to the mid-1990s. These authors present a critical reading of the design professions

and offer an alternative urban design agenda focused on vital and lively places. The authors in Part Three provide a range of urban design rationales and strategies for reinforcing local physical identity and the creation of memorable places. These selections are largely describing the outcomes of mid-century urban design and voicing concerns over the placeless quality of contemporary urbanism. The fourth part of the Reader explores key issues in urban design and development. Ideas about sprawl, density, community health, public space and everyday life are the primary focus here. Several new selections in this part of the book also highlight important international development trends in the Middle East and China. Part Five presents environmental challenges faced by the built environment professions today, including recent material on landscape urbanism, sustainability, and urban resiliency. The final part examines professional practice and current debates in the field: where urban designers work, what they do, their roles, their fields of knowledge and their educational development. The section concludes with several position pieces and debates on the future of urban design practice. This book provides an essential resource for students and practitioners of urban design, drawing together important but widely dispersed writings. Part and section introductions are provided to assist readers in understanding the context of the material, summary messages, impacts of the writing, and how they fit into the larger picture of the urban design field.

Eyes That Kiss in the Corners Random House

WITH A NEW INTRODUCTION FROM NEW YORK TIMES BEST-SELLING AUTHOR TAYARI JONES "How can a novel's social criticism be so unflinching and clear, yet its plot moves like a

house on fire? I am tempted to describe Petry as a magician for the many ways that *The Street* amazes, but this description cheapens her talent . . . Petry is a gifted artist." — Tayari Jones, from the Introduction *The Street* follows the spirited Lutie Johnson, a newly single mother whose efforts to claim a share of the American Dream for herself and her young son meet frustration at every turn in 1940s Harlem. Opening a fresh perspective on the realities and challenges of black, female, working-class life, *The Street* became the first novel by an African American woman to sell more than a million copies.

Whose 'Eyes on the Street' Control Crime? Harbinger Books
Artist Brittany Wright was stuck in a job she didn't love and needed a new creative project to stay happy -- so she learned to cook. Inspired by the effortless beauty of her ingredients -- fresh fruits, vegetables, and more -- she created the hugely popular Instagram hashtag #foodgradients to showcase the splendor of nature's edible rainbows. The vivid photographs in this book capture the diversity and beauty of the foods we love to eat, from heirloom tomatoes and hot peppers to ripe strawberries and frosted cupcakes. Inside, revel in the vivid neons of your favorite candies, the rich color of freshly picked greens, and the gorgeous shades you can even find in a single cup of coffee. Each exquisite, neatly ordered photograph is a pleasure to get lost in. With a sleek, minimalist design and more than a hundred high-quality photographs, *Feast Your Eyes* is a celebration of the earth's bounty, a breath of fresh air for the busy mind, and an inspiration for everyone looking for joy in the simple things. "The year's most satisfying new book."-GrubStreet

Gang Leader for a Day HarperCollins

Unlucky people die around Jaz Archer. Like her sister, killed in an illegal street race two years ago. That's how the press told it. But Jaz knows the truth. Able to manipulate luck, Jaz took too much, and killed her sister to save herself. Haunted by her sister's screams, Jaz abandoned Davin Carino and his street-racing crew, and made a new life for herself managing a casino far away from the buzz of fast cars and the enigmatic Davin. But you can't outrun luck, and when a freak accident at the casino claims another life, Jaz is to blame once again. Reeling from guilt and more alone than ever, the timely arrival of a mysterious woman throws Jaz's world into chaos. The woman tells Jaz magic is real, and it can bring back her sister. All Jaz has to do is win an ancient relic disguised as a superbike in a street-race. The offer seems too good to be true, but if there's a catch, Jaz doesn't care. She'll do anything to get her sister back. Including returning to Davin Carino and the crew she walked away from. If there's a magical bike ripping up the street-racing scene, Davin will know. It's time to go back to the street, time to race. Time to win. No matter the cost... The Fast & The Furious with magic, Snake Eyes is a heart-pounding, street racing urban fantasy. Previously published as Run of Luck, Snake Eyes has been substantially extended, improved and updated, including new characters, emerging battle couple, more heat, and an entirely new ending. So buckle up, hold on tight, and enjoy the ride into the magically enhanced LA street-racing scene.

Essays on Jane Jacobs Doubleday Canada

Leading thinkers offer fresh insight into the workings of vibrant, ecological, equitable communities and their economies.

Vital Little Plans Hatje Cantz

The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.

The Street of the Eye powerHouse Books

A New York Times Bestseller "A rich portrait of the urban poor, drawn not from statistics but from vivid tales of their lives and his, and how they intertwined." —The Economist "A sensitive, sympathetic, unpatronizing portrayal of lives that are usually ignored or lumped into ill-defined stereotype." —Financial Times Foreword by Stephen J. Dubner, coauthor of Freakonomics When first-year graduate student Sudhir Venkatesh walked into an abandoned building in one of Chicago's most notorious housing projects, he hoped to find a few people willing to take a multiple-choice survey on urban poverty--and impress his professors with his boldness. He never imagined that as a result of this assignment he would befriend a gang leader named JT and spend the better part of a decade embedded inside the projects under JT's protection. From a privileged position of unprecedented access, Venkatesh observed JT and the rest of his gang as they operated their crack-selling business, made peace with their neighbors, evaded the law, and rose up or fell within the ranks of the gang's complex hierarchical structure. Examining the morally

ambiguous, highly intricate, and often corrupt struggle to survive in an urban war zone, *Gang Leader for a Day* also tells the story of the complicated friendship that develops between Venkatesh and JT--two young and ambitious men a universe apart. Sudhir Venkatesh's latest book *Floating City: A Rogue Sociologist Lost and Found in New York's Underground Economy*—a memoir of sociological investigation revealing the true face of America's most diverse city—is also published by Penguin Press.

The Image of the City Strategic Book Publishing

Discover the essential thinking tools you've been missing with The Great Mental Models series by Shane Parrish, New York Times bestselling author and the mind behind the acclaimed Farnam Street blog and "The Knowledge Project" podcast. This first book in the series is your guide to learning the crucial thinking tools nobody ever taught you. Time and time again, great thinkers such as Charlie Munger and Warren Buffett have credited their success to mental models—representations of how something works that can scale onto other fields. Mastering a small number of mental models enables you to rapidly grasp new information, identify patterns others miss, and avoid the common mistakes that hold people back. The Great Mental Models: Volume 1, General Thinking Concepts shows you how making a few tiny changes in the way you think can deliver big results. Drawing on examples from history, business, art, and science, this book details nine of the most versatile, all-purpose mental models you can use right away to improve your decision making and productivity. This book will teach you how to: Avoid blind spots when looking at problems. Find non-obvious solutions. Anticipate and achieve desired outcomes. Play to your strengths,

avoid your weaknesses, ... and more. The Great Mental Models series demystifies once elusive concepts and illuminates rich knowledge that traditional education overlooks. This series is the most comprehensive and accessible guide on using mental models to better understand our world, solve problems, and gain an advantage.

FIFTEEN-YEAR-OLD LEO NORTH'S prospects in life are limited. He attends military school, lives with his fearful grandmother, and looks after his brother Stirling. He resists his innate powers, because those who demonstrate any sort of magical ability are considered enemies of the state. But when he finds a blank book in the snow, his typical indifference melts away. From the first

moment he touches the book, he senses its strange power. Passages start to appear on the pages—revealing family secrets, telling the history of Malonia, and uncovering the story of Ryan and Anna, two teens from a parallel universe. When Leo's seemingly narrow path takes an unexpected tragic turn, he finds himself on a journey from which he can never really return. And, as he slowly begins to lose touch with reality, Ryan and Anna's story comes to the forefront. Their idyllic summer romance—seemingly worlds away from Leo—has everything to do with Malonia.

With the Eyes Shut Penguin

Unsparring and important. . . . An informative, clearheaded and sobering book.—Jonathan Yardley, Washington Post (1999 Critic's Choice) Inner-city black America is often stereotyped as a place of random violence, but in fact, violence in the inner city is regulated through an informal but well-known code of the street. This unwritten set of rules—based largely on an individual's ability to command respect—is a powerful and pervasive form of etiquette, governing the way in which people learn to negotiate public spaces. Elijah Anderson's incisive book delineates the code and examines it as a response to the lack of jobs that pay a living wage, to the stigma of race, to rampant drug use, to alienation and lack of hope.

The Eyes of the City One World

Thomas Kilbride is a map-obsessed schizophrenic so affected that he rarely leaves the self-imposed bastion of his bedroom. But with a computer program called Whirl360.com, he travels the world while never so much as stepping out the door. He pores over and memorizes the streets of the world. He examines every

address, as well as the people who are frozen in time on his computer screen. Then he sees something that anyone else might have stumbled upon—but has not—in a street view of downtown New York City: an image in a window. An image that looks like a woman being murdered. Thomas's brother, Ray, takes care of him, cooking for him, dealing with the outside world on his behalf, and listening to his intricate and increasingly paranoid theories. When Thomas tells Ray what he has seen, Ray humors him with a half-hearted investigation. But Ray soon realizes he and his brother have stumbled onto a deadly conspiracy. And now they are in the crosshairs.

American Urbanist Bokforlaget Stolpe AB

Ordinary people are natural experts on safety in their own communities. The key to creating a city where people feel safe is to give citizens input into developing safer environments for themselves. This book offers a set of easy-to-follow guidelines - well illustrated with photos - that can be used to improve urban safety. It also includes success stories on the ways that ordinary people, working in partnership with local governments and agencies have taken the initiative to fight back against violent crime in public housing, transit, parks and open places, underground parking, schools, houses and neighbourhoods.

The Little Book of a Thousand Eyes Lindhardt og Ringhof

In this groundbreaking urban fantasy series from New York Times bestseller Joseph Nassise, a grieving father makes a desperate bargain with forces beyond his control, revealing the supernatural world he'll need to survive in order to rescue the daughter who vanished into its dark depths several years before. "Gritty, grim, yet surprisingly personal and poetic, *Eyes to See* is like nothing

else in its field. Make time for this one." —Seanan McGuire, New York Times bestselling author of the October Daye and InCryptid series "Brings urban fantasy to a new level. Heartbreaking, deeply insightful, powerful, and genuinely thrilling. Joe Nassise has just raised the bar for the whole genre." —Jonathan Maberry, New York Times bestselling author of the Joe Ledger series "I gave up my eyes to see more clearly." Harvard professor Jeremiah Hunt's life fell apart in the wake of his daughter's disappearance. His obsessive search for her cost him his wife, his job, and his reputation. And now, thanks to a Faustian bargain he makes with the empty-eyed and enigmatic Preacher, it takes his sight as well. In return, he's granted the gift of seeing what others cannot; ghosts and other supernatural creatures of the night. With the help of his ghostly companions – Whisper and Scream – he embarks on a new career banishing malevolent spirits that torment the living while continuing his search for clues to Elizabeth's fate. What begins as a search for his daughter turns deadly when a particularly cunning foe lays a trap that ends with Hunt accused of a series of brutal murders. Now Hunt must fight not only to save his daughter's life but his own as well, against a dark and ageless foe that would use a father's love to set itself free.

Jon Rafman Turtleback Books

Jane Jacobs is an icon in urban planning. She became world-famous with her book 'The Death and Life of Great American Cities'. Through her book and her street-level activism in 1960s New York, she became a key figure in urban planning issues, and her efforts following her breakthrough have been continuously interpreted and discussed. In this anthology, thirteen writers

consider unique aspects of the burning questions she raises concerning what fundamentally makes a society sustainable. Together the contributors provide a sweeping portrait of Jacobs activities from the 1930s to the 2000s and situate her work in contemporary contexts.

The Urban Design Reader Island Press

In this historical novel, a young orphan boy and street thief, Motorius, is captured by a criminal ring that offers him the chance for a new life, but at a price. Motorius is trained as an assassin and thrown into a deadly game of murder, political intrigue, sex, and revenge. As Motorius trains, he meets a stranger who claims to be a friend. Can Motorius trust this man? As the intrigue grows, the criminal group challenges the King for rule of the land. A final battle ensues. Who will lead the people? Is Motorius destined for a new role in his life? Follow the intriguing action in the fast-paced, suspenseful *Eyes in the Night: Book 1 of the Street King*.

In Your Eyes Ballantine Books

A penetrating analysis of the construction of Latina/o stardom in U.S. film, television, and celebrity culture since the 1920s
Latina/o Stars in U.S. Eyes Routledge

'With the Eyes Shut' (1898) is a short story by the American author, journalist and political activist, Edward Bellamy, most famous for his socialist, utopian novel 'Looking Backward: 2000-1887' (1888). This prophetic tale tells the story of a man who takes a long train ride to meet some friends. Unable to idle away the hours by reading, he is offered the chance to try out a futuristic phonograph to listen to a book instead, but this new technology has unexpected consequences. A fast read and an

everlasting classic, 'With the Eyes Shut' is perfect for fans of Franz Kafka and Albert Camus. Edward Bellamy (1850 - 1898) was an American author, journalist and political activist, most famous for his socialist utopian novel 'Looking Backward: 2000-1887' (1888). It was one of the most successful books published in the United States in the 19th century and influenced a generation of intellectuals. Referenced in many Marxist publications of the time, the book inspired the formation of

Nationalist Clubs dedicated to spreading his political ideas. Bellamy's other works include the novels 'Six to One' (1878), 'Dr. Heidenhoff's Process' (1880), 'Miss Ludington's Sister' (1885), 'Equality' (1897) and 'The Duke of Stockbridge; a Romance of Shays' Rebellion (1900)', as well as several short stories, such as 'The Blindman's World', 'To Whom This May Come', and 'With the Eyes Shut'.
