lessons. Use the Teacher Resource DVD to print out curriculum-aligned worksheets and rubrics, and administer quizzes. Reading Street: Grade 5 comes with two volumes that cover six units. Each unit spans six weeks, for a total of 12 weeks' worth of English and Language Arts content. By the time you and your child complete Reading Street: Grade 5, he or she should be able to: Read

several types of literature, including poetry, drama and prose. Use direct text examples to support ideas about the reading. Recognize themes within a story. Develop an individual writing style. Include correct punctuation, capitalization and grammar in writing. Conduct course-related research using the text and outside sources. Adapt writing style to speak to a specific audience.

Each stage of the Reading Street series is increasingly more complex, giving your child the challenge they need to develop high levels of writing, reading and language skills. The lesson plans you design using this system will keep your student interested in learning. You can learn more about the materials included in the Reading Street: Grade 5 set by visiting the

school is over, Wesley needs a summer project. He's learned that each civilization needs a staple food crop, so he decides to sow a garden and start his own — civilization, that is. He turns over a plot of earth, and plants begin to grow. They soon tower above him and bear a curious-looking fruit. As Wesley experiments, he finds that the plant will provide food, clothing, shelter, and even

recreation. It isn't long before his neighbors and classmates develop more than an idle curiosity about Wesley — and exactly how he is spending his summer vacation.
